- 8/17/07 **A06-01-005** – California-American Water Company, for authority to increase rates charged for Water Service in its Los Angeles District by \$2,020,466 or 10.88% in the year 2007; by \$634,659 or 3.08% in the year 2008; and by \$666,422 or 3.14% in the year 2009.

Summary: On August 14, 2007 Kent Turner, President of California-American Water Company (California-American Water) met with Laura Krannawitter, advisor to Cmmr. Bohn in San Francisco. Also present were David Stephenson, Manager of Rate Regulation of California American Water, and Lori Anne Dolqueist of Steefel, Levitt & Weiss, counsel to California American Water. Dolqueist discussed the Comments of California-American Water Company on the Alternate Proposed Decision (AD) of Commissioner Peevey, filed August 13, 2007. California American Water explained that it supported the Alternate Decision's recommendation of a conservation loss adjustment mechanism (CLAM) because it would not necessitate an adjustment to California American Water's return on equity (ROE). California American Water suggested that some of the language in the AD's ROE analysis be eliminated so as not to foreclose the possibility of a risk factor adjustment in the future.

Summary: LATE FILED. On August 14, 2007, Robert Gnaizda, General Counsel of Greenlining Institute (Greenlining) had a telephone conversation with Nancy Ryan, advisor to Pres. Peevey. Greenlining stated that it sought full Commission review of the denial by ALJ Long in the general rate application of San Diego Gas and Electric Company (SDG&E) and Southern California Gas Company (SCG) as related to the exclusion of philanthropy as an issue. Greenlining submitted that ALJ Long incorrectly denied Greenlining's Motion to Compel SDG&E and SCG to designate an expert witness on the issue of philanthropy for the purpose of cross-examination and incorrectly overruled Commissioner Bohn's June 9, 2006 ruling regarding the inclusion of philanthropy. Greenlining stated that philanthropy is important and has been a part of many rate and merger proceedings, including the SBC/AT&T and the Verizon/MCI mergers. Greenlining also discussed the record in the 2006 PG&E GRC that philanthropic policies are often clear indicators that they are important corporate factors.
