Regular Agenda

Regular Agenda - Energy Orders

40 **A06-11-005 - Pacific Gas and Electric Company (PG&E).**
[6604] PG&E has not met the Catastrophic Event Memorandum Account (CEMA) eligibility tests to recover any incremental costs for the hot weather impacts it experienced in July 2006. No competent state or federal authority, which the Commission has previously found to only include the Governor of California and the President of the United States, issued an emergency declaration. PG&E therefore fails to satisfy the threshold eligibility requirements of its own tariff and the Commission's Res E-3238. Further, Public Utilities Code Section 454.9 did not supersede the CEMA procedures and requirements adopted in Commission Res E-3238. Therefore the Commission denies the application to recover under the CEMA procedures the costs associated with the hot weather in July 2006. This proceeding remains open to consider PG&E's request to recover any incremental costs for the 2005-2006 new year's storms pursuant to its CEMA tariff. 40a **ALTERNATE TO ITEM 6604**
[6794] The alternate decision reviews the declared emergencies by counties, the Small Business Administration, and the United States Department of Agriculture and dismisses the request to recover costs related to the 2006 Heat Storm due to the absence of a direct link between the emergency declarations and damage to utility facilities. Therefore the Commission dismisses the application to recover under the Catastrophic Event Memorandum Account procedures the costs associated with the 2006 Heat Storm. The proceeding remains open to consider costs related to the 2005-2006 New Year's Storms. (Consideration of this item is being postponed due to Pub. Util. Code Section 311(e) requirements.)

For authority, among other things, to increase revenue requirements for electric and gas service and to increase rates and charges for gas service effective on January 1, 2003. I03-01-012; A02-09-005 - Related matters. The Commission orders PG&E to refund, at shareholder expense, approximately \$23 million for illegal backbill charges.
