**NOTICE OF AVAILABILITY OF
SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M)
STATEWIDE AND LOCAL EX-POST LOAD IMPACT REPORTS**

Pursuant to Rule 1.9 of the Commission Rules of Practice and Procedure, San Diego Gas & Electric Company (“SDG&E”) provides notice to the service lists in R.07-01-041 and A.11-03-001 et.al., that the load impact reports reflecting program year 2011 and as described below have been posted on SDG&E’s website. The load impact reports are being posted in accordance with Load Impact Protocol 27 adopted in Decision 08-04-050 and modified by D 10-03-006 for review and comment by parties. Because the Commission did not issue a decision on the utilities’ 2012-2014 Demand Response Applications until April 30, 2012, the Executive Director of Energy Division has granted the utilities’ request to submit the ex post load impact reports for program year 2011 on April 2, 2012 and the respective ex ante forecasts on June 1, 2012. The final ex post reports have been made publicly available on April 2, 2012. The final ex ante reports will be posted and made available to the service list on June 1, 2012.
