Application of Globetel, Inc. for a Certificate of Public Convenience and Necessity To Provide Facilities-Based and Resale Competitive Local Exchange Services Within the California Service Areas of Pacific Bell and GTE California, Inc.

Application 06-12-003
(Filed December 1, 2006)

O P I N I O N**I. Summary**

Globetel, Inc. (Applicant) seeks a certificate of public convenience and necessity (CPCN) under Pub. Util. Code § 1001 for authority to provide limited facilities-based and resold local exchange telecommunications services as a competitive local carrier (CLC).¹ By this decision, we grant the requested authority subject to the terms and conditions set forth below.

II. Background

In prior decisions, we authorized the provision of competitive local exchange service within the service territories of Pacific Bell Telephone Company (Pacific), Verizon California Inc. (Verizon), SureWest Telephone (SureWest), and

¹ A CLC is a common carrier that is issued a CPCN to provide local exchange telecommunications service for a geographic area specified by such carrier.

Citizens Telecommunications Company of California, Inc. dba Frontier Communications of California (Frontier).²

Applicant, a Nevada corporation requests authority to operate as a limited facilities-based and resale provider of local exchange services within Pacific, Verizon, SureWest, and CTC's service territories.

Applicant's principal place of business is located at 690-2700 Production Way, Burnaby, British Columbia, Canada V5A4X1.

III. Financial Qualifications

To be granted a CPCN for authority to provide facilities-based and resold local exchange service, an applicant must demonstrate that it has \$100,000 cash or cash equivalent to meet the firm's start-up expenses. The applicant must also demonstrate that it has sufficient additional resources to cover all deposits required by other telecommunications carriers in order to provide service in California.³ Applicant provided a bank statement that demonstrates that it meets the financial requirements.

IV. Technical Qualifications

To be granted a CPCN for authority to provide local exchange service, an applicant must make a reasonable showing of technical expertise in telecommunications or a related business. Applicant supplied information on a consulting company, American CLEC, that is providing services and training to Applicant sufficient for Applicant to provide telecommunications services.

² SureWest was formerly known as Roseville Telephone Company.

³ The financial standards for certification to operate as a CLC are set forth in Decision (D.) 95-12-056, Appendix C, Rule 4.B.

Therefore, Applicant has sufficient expertise and training to operate as a telecommunications provider.

Applicant represents that no one associated with or employed by Applicant as an affiliate, officer, director, partner, or owner of more than 10% of Applicant was previously associated with a telecommunications carrier that filed for bankruptcy, or was sanctioned by the Federal Communications Commission or any state regulatory agency for failure to comply with any regulatory statute, rule, or order.

V. Tariffs

Commission staff reviewed Applicant's draft tariffs for compliance with Commission rules and regulations. The deficiencies are noted in Attachment A to this decision. In its compliance tariff filing, Applicant is directed to correct these deficiencies as a condition of our granting approval of its tariffs.

VI. California Environmental Quality Act (CEQA)

The CEQA requires the Commission as the designated lead agency to assess the potential environmental impact of a project in order that adverse effects are avoided, alternatives are investigated, and environmental quality is restored or enhanced to the fullest extent possible. Since Applicant states that it will not be constructing any facilities for the purpose of providing local exchange services, except for equipment to be installed in existing buildings or structures, it can be seen with certainty that there is no possibility that granting this application will have an adverse impact upon the environment. Applicant must file for additional authority, and submit to any necessary CEQA review, before it can construct facilities other than equipment to be installed in existing buildings or structures.

VII. Conclusion

We conclude that the application conforms to our rules for certification as a CLC. Accordingly, we shall grant Applicant a CPCN to provide local exchange service, subject to compliance with the terms and conditions set forth herein.

VIII. Categorization and Need for Hearings

In Resolution ALJ 176-3184 dated December 14, 2006, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. There is no apparent reason why the application should not be granted. Given these developments, a public hearing is not necessary, and it is not necessary to disturb the preliminary determinations.

IX. Comments on Proposed Decision

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Section 311(g)(2) of the Public Utilities Code and Rule 14.6(c)(2) of the Commission's Rules of Practice and Procedure, the otherwise applicable 30-day period for public review and comment is waived.

X. Assignment of Proceeding

Rachelle B. Chong is the assigned Commissioner and Jeffrey P. O'Donnell is the assigned Administrative Law Judge in this proceeding.

7. Applicant, through its consultant company, possesses sufficient experience and knowledge to provide local exchange services to the public.

9. Applicant does not propose to construct any facilities, except for equipment to be installed in existing buildings or structures, in order to provide the proposed service.

Conclusions of Law

1. Applicant has the financial ability to provide the proposed service.

2. Applicant has made a reasonable showing of technical expertise in, or related to, telecommunications.

3. Public convenience and necessity require the competitive local exchange services to be offered by Applicant, subject to the terms and conditions set forth herein.
