Application 07-02-034
(Filed February 27, 2007)

**OPINION GRANTING CERTIFICATE OF
PUBLIC CONVENIENCE AND NECESSITY****I. Summary**

TalkFreeToo, Inc. (Applicant) seeks a certificate of public convenience and necessity (CPCN) under Pub. Util. Code § 1001 for authority to provide limited facilities-based and resold competitive local exchange and interexchange telecommunications services. By this decision, we grant the requested authority subject to the terms and conditions set forth below.

II. Background

In prior decisions, we authorized the provision of competitive interexchange services by carriers meeting specified criteria. In addition, we authorized the provision of competitive local exchange service, by carriers meeting specified criteria, within the service territories of Pacific Bell Telephone Company (Pacific), Verizon California Inc. (Verizon), SureWest Telephone

(SureWest), and Citizens Telecommunications Company of California, Inc. dba Frontier Communications of California (CTC.)¹

Applicant, a Delaware corporation, seeks authority to provide limited facilities-based and resold interexchange services as a nondominant interexchange carrier (NDIEC), and limited facilities-based and resold local exchange services as a competitive local carrier (CLC) throughout Pacific, Verizon, SureWest and CTC service territories.

Applicant's principal place of business is located at 15466 Los Gatos Boulevard # 129, Los Gatos, California 95032.

III. Financial Qualifications

To be granted a CPCN, an applicant for authority to provide facilities-based and resold local exchange and/or interexchange services must demonstrate that it has a minimum of \$100,000 of cash or cash equivalent to meet the firm's start-up expenses.² An applicant must also demonstrate that it has sufficient additional resources to cover all deposits required by local exchange carriers (LECs) and/or interexchange carriers (IECs) in order to provide the proposed service.³ Applicant provided a bank statement that demonstrates that it has sufficient cash to satisfy the financial requirements.

¹ SureWest was formerly known as Roseville Telephone Company.

² The financial requirement for CLCs is contained in Decision (D.) 95-12-056, Appendix C. The financial requirement for NDIECs is contained in D.91-10-041.

³ The requirement for CLC applicants to demonstrate that they have additional financial resources to meet any deposits required by underlying LECs and/or IECs is set forth in D.95-12-056, Appendix C. For NDIECs, the requirement is found in D.93-05-010.

IV. Technical Qualifications

Applicants for NDIEC and CLC authority are required to make a reasonable showing of technical expertise in telecommunications or a related business. Applicant submitted biographical information on its officers that demonstrates that it possesses sufficient experience and knowledge to operate as a telecommunications provider.

Applicant represents that no one associated with or employed by Applicant as an affiliate, officer, director, partner, or owner of more than 10% of Applicant was previously associated with any telecommunications carrier that filed for bankruptcy, or was sanctioned by the Federal Communications Commission (FCC) or any state regulatory agency for failure to comply with any regulatory statute, rule, or order.

V. Tariffs

Commission staff reviewed Applicant's draft tariffs for compliance with Commission rules and regulations. The deficiencies are noted in Attachment A to this decision. Applicant shall correct these deficiencies in its tariff compliance filing as a condition of our approval of its tariffs.

VI. California Environmental Quality Act (CEQA)

CEQA requires the Commission as the designated lead agency to assess the potential environmental impact of a project in order that adverse effects are avoided, alternatives are investigated, and environmental quality is restored or enhanced to the fullest extent possible. Applicant will not be constructing any facilities. Therefore, it can be seen with certainty that there is no possibility that granting this application will have an adverse effect upon the environment. Applicant must file for additional authority, and submit to any required CEQA review, before it can construct facilities.

VII. Conclusion

We conclude that the application conforms to our rules for certification as a competitive local exchange carrier and interexchange carrier. Accordingly, we shall approve the application subject to the terms and conditions set forth herein.

VIII. Categorization and Need for Hearings

In Resolution ALJ 176-3189 dated March 15, 2007, the Commission preliminarily categorized this application as Ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. There is no apparent reason why the application should not be granted. Given these developments, a public hearing is not necessary, and it is not necessary to disturb the preliminary determinations.

IX. Comments on Proposed Decision

This is an uncontested matter, in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.
