

DRAFT**PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA****Telecommunications Division
Market Structure Branch****RESOLUTION T-17066
November 30, 2006****R E S O L U T I O N**

Resolution T-17066 Citizens Telecommunications Company of California, Inc. (U-1024-C). Request for Approval of One Interconnection Agreement Between Citizens Telecommunications Company of California, Inc. dba Frontier Communications of California and Frontier Communications of America, Inc. dba Citizens Long Distance (U-5429-C), Pursuant to Section 252 of the Telecommunications Act of 1996 and Public Utilities Code Section 311(g)(2).

By Advice Letter No. 953 Filed on October 11, 2006.

Summary

This Resolution approves one Interconnection Agreement submitted under provisions of Resolution ALJ-181 and G.O. 96-A. This Agreement involves Citizens Telecommunications Company of California, Inc. dba Frontier Communications of California (Frontier) and Frontier Communications of America, Inc. dba Citizens Long Distance (Citizens). The Agreement becomes effective upon Commission approval, and will remain in effect for one year.

Background

The United States Congress passed and the President signed into law the Telecommunications Act of 1996 (Pub. L. No.104-104, 110 Stat. 56 (1996)) (1996 Act). Among other things, the new law declared that each incumbent local exchange carrier has a duty to provide interconnection with the local network for any requesting telecommunications carrier. The new law also set forth the general nature and quality of the interconnection that the incumbent local exchange carrier (ILEC) must agree to provide.¹ The 1996 Act established an obligation for the ILECs to enter into good faith negotiations with each competing carrier to set the terms of interconnection. Any

¹ An incumbent local exchange carrier is defined in Section §251(h) of the 1996 Act.

DRAFT

interconnection agreement adopted by negotiation must be submitted to the appropriate state commission for approval.

Section 252 of the 1996 Act sets forth our responsibility to review and approve interconnection agreements. On July 17, 1996, we adopted Resolution ALJ-167 that provides interim rules for the implementation of §252. On September 26, 1996, we adopted Resolution ALJ-168 that modified those interim rules. On June 25, 1997, we approved ALJ-174, which modified ALJ-168, but did not change the rules for reviewing agreements achieved through voluntary negotiation. On November 18, 1999, we adopted ALJ-178, which added pick-and-choose provisions to the rules established in ALJ-174, but again did not change the rules for reviewing agreements achieved through voluntary negotiation. On October 5, 2000, we approved Resolution ALJ-181 to require any potential Competitive Local Carrier which intends to make use of our rules to have a Certificate of Public Convenience and Necessity (CPCN), or at least have filed an application for CPCN, prior to applying for approval of an agreement.

Frontier filed Advice Letter No. 953 on October 11, 2006. This Advice Letter requests Commission approval of a negotiated Interconnection Agreement between Frontier and Frontier Communications of America, Inc. (Citizens) under Section 252.

In ALJ-181 we noted that the 1996 Act requires the Commission to act to approve or reject agreements. We established an approach that uses the advice letter process as the preferred mechanism for consideration of negotiated agreements. Under Rule 4.3.3, if we fail to approve or reject an agreement within 90 days after the advice letter is filed, then the agreement will be deemed approved.

The Interconnection Agreement pertaining to this Advice Letter sets the terms and charges for interconnection between Frontier and Citizens. The Agreement provides for the following:

- Interconnection in a technically and economically efficient manner;
- Exchange of local traffic on a reciprocal compensation basis
- Provision of Local Number Portability where technically feasible.

Notice/Protests

Frontier states that copies of the Advice Letter, and the Interconnection Agreement were mailed to all parties on the Service List of ALJ 174, R.93-04-003/I.93-04-002/R.95-04-043/I.95-04-044. Notice of the Advice Letter was published in the Commission Daily Calendar. Pursuant to Rule 4.3.2 of ALJ-174, protests shall be limited to the standards

DRAFT

for rejection provided in Rule 4.1.4.² No protests to this Advice Letter have been received.

Discussion

In November 1993, this Commission adopted a report entitled "Enhancing California's Competitive Strength: A Strategy for Telecommunications Infrastructure" (Infrastructure Report). In that report, the Commission stated its intention to open all telecommunications markets to competition by January 1, 1997. Subsequently, the California Legislature adopted Assembly Bill 3606 (Ch. 1260, Stats. 1994), similarly expressing legislative intent to open telecommunications markets to competition by January 1, 1997. In the Infrastructure Report, the Commission states that "...in order to foster a fully competitive local telephone market, the Commission must work with federal officials to provide consumers equal access to alternative providers of service." The 1996 Act provides us with a framework for undertaking such state-federal cooperation.

Sections 252(a)(1) and 252(e)(1) of the Act distinguish interconnection agreements arrived at through voluntary negotiation and those arrived at through compulsory arbitration. Section 252(a)(1) states that:

"An incumbent local exchange carrier may negotiate and enter into a binding agreement with the requesting telecommunications carrier or carriers without regard to the standards set forth in subsections (b) and (c) of section 251."

Section 252(e)(2) limits the state commission's grounds for rejection of voluntary agreements. Section 51.3 of the First Report and Order also concludes that the state commission can approve an interconnection agreement adopted by negotiation even if the terms of the agreement do not comply with the requirements of Part 51-- Interconnection.

Based on Section 252 of the 1996 Act, we have instituted Rule 4.3 in Resolution ALJ-181 for approval of agreements reached by negotiation. Rule 4.3.1 provides rules for the content of requests for approval. Consistent with Rule 4.3.1, each of the requests have met the following conditions:

1. Frontier has filed an Advice Letter as provided in General Order 96-A and stated that the Interconnection Agreement is an agreement being filed for approval under Section 252 of the 1996 Act.

² See below for conditions of Rule 4.1.4.

DRAFT

2. The request contains a copy of the Interconnection Agreement which, by its content, demonstrates that it meets the standards in Rule 2.18.
3. The Interconnection Agreement itemizes the charges for interconnection and each service or network element included in the Interconnection Agreement.

Rule 4.3.3 of ALJ-181 states that the Commission shall reject or approve the agreement based on the standards in Rule 4.1.4. Rule 4.1.4 states that the Commission shall reject an interconnection agreement (or portion thereof)³ if it finds that:

- A. the agreement discriminates against a telecommunications carrier not a party to the agreement; or
- B. the implementation of such agreement is not consistent with the public interest, convenience, and necessity; or
- C. the agreement violates other requirements of the Commission, including, but not limited to, quality of service standards adopted by the Commission.

We make no determination as to whether the rates in this Agreement meet the pricing standards of Section 252(d) of the 1996 Act. Our consideration of this Agreement is limited to the three issues in Rule 4.1.4 of ALJ-181.

The Agreement is consistent with the goal of avoiding discrimination against other telecommunications carriers. We see nothing in the terms of the proposed Agreement that would tend to restrict the access of a third-party carrier to the resources and services of Frontier.

Section 252(i) of the 1996 Act ensures that the provisions of this Agreement will be made available to all other similarly situated competitors. Specifically, the section states:

“A local exchange carrier shall make available any interconnection, service, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement.”

We previously concluded that competition in local exchange and exchange access markets is desirable. We find no provisions in the Agreement, which undermine this

³A Resale Agreement is a portion of an Interconnection Agreement.

DRAFT

goal or are inconsistent with any other identified public interests. Hence, we conclude that the Agreement is consistent with the public interest.

We also recognize that no party protested the Advice Letter alleging that it was discriminatory, inconsistent with the public interest, convenience, and necessity or in violation of Commission requirements.

Several who commented on previous interconnection agreements sought assurance that the Commission's treatment of those interconnection agreements would not impair their rights and opportunities in other proceedings.⁴ We wish to reiterate such assurances as clearly as possible. This Resolution stands solely for the proposition that Citizens and Frontier may proceed to interconnect under the terms set forward in this Agreement. We do not adopt any findings in this Resolution that should be carried forth to influence the determination of issues to be resolved elsewhere.

If the parties to this Agreement enter into any subsequent agreements affecting interconnection, those agreements must also be submitted to the Commission for approval. In addition, the approval of this Agreement is not intended to affect otherwise applicable deadlines. This Agreement and its approval have no binding effect on any other carrier. Nor do we intend to use this Resolution as a vehicle for setting future Commission policy. As a result of being approved, this Agreement does not become a standard against which any or all other agreements will be measured.

With these clarifications in mind, we will approve the proposed Agreement. In order to facilitate rapid introduction of competitive services, we will make this order effective today.

This is an uncontested matter in which the resolution grants the relief requested. Accordingly, pursuant to PU Code Section 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings

1. Frontier's request for approval of one Interconnection Agreement between Frontier and Citizens, pursuant to the Federal Telecommunications Act of 1996 meets the content requirements of Rule 4.3.1 of ALJ-181.
2. Citizens was granted a CPCN (U-5429-C) on May 21, 1997, to provide local exchange and long distance service in the State of California.

⁴A.96-07-035 and A.96-07-045.

DRAFT

3. The Interconnection Agreement, requested in Frontier's Advice Letter No. 953, is consistent with the goal of avoiding discrimination against other telecommunications carriers.
4. We conclude that the Agreement does not present terms that violate quality of service standards adopted by the Commission, as per Rule 4.1.4 of ALJ-181.

THEREFORE, IT IS ORDERED that:

1. Pursuant to the Federal Telecommunications Act of 1996, we approve the Interconnection Agreement between Frontier Telecommunications Company of California, Inc. and Frontier Communications of America, Inc. (U-5429-C), requested by Advice Letter No. 953.
2. This Resolution is limited to approval of the above-mentioned Interconnection Agreement and does not bind other parties or serve to alter Commission policy in any of the areas discussed in the Agreement or elsewhere.
3. Frontier Telecommunications Company of California, Inc. Advice Letter No. 953, which requests approval of one Interconnection Agreement between Frontier Telecommunications Company of California, Inc. and Frontier Communications of America, Inc. (U-5429-C), shall be marked to show that it was approved by Resolution T-17066.
