**RESOLUTION**

RESOLUTION ST-120 GRANTING APPROVAL OF THE FINAL REPORT  
ON 2010 SAFETY REVIEW OF THE PORT OF LOS ANGELES  
WATERFRONT RED CAR LINE.

**Summary**

This resolution approves the California Public Utilities Commission (Commission) Consumer Protection and Safety Division (CPSD) final report titled, "2010 Safety Review of The Port of Los Angeles Waterfront Red Car Line" dated November 12, 2010. The report compiles the results of California Public Utilities Commission staff (Staff) review of the Port of Los Angeles Waterfront Red Car Line (POLA RCL) safety program. Background information, review procedures, safety review checklists, findings, and recommendations are included in the report.

**Background**

Commission General Order No. 164-D, "Rules and Regulations Governing State Safety Oversight of Rail Fixed Guideway Systems" requires Staff to conduct on-site safety reviews of transit agencies operating rail fixed guideway systems at least once every three years.

Staff conducted an on-site safety review of the POLA RCL safety program in August 2010.

A full description of the safety review, including the scope, results, and recommendations, is contained in the final safety review report identified in this resolution as Attachment A.

The safety review results show that POLA RCL is generally in compliance with its System Safety Program Plan; however, Staff identified some program areas of non-compliance during the review. These non-compliant items along with recommendations for corrective actions are described, where applicable, in the Findings/Comments/Recommendations sections of each checklist and in the body of the final report. A summary of recommendations requiring corrective action is contained in Appendix C of the report.

Staff sent POLA RCL a copy of the draft safety review report for a 30-day comment period on October 7, 2010. The POLA RCL General Manager accepted the recommendations on November 10, 2010.

### **Discussion**

The final report, "2010 Safety Review of The Port of Los Angeles Waterfront Red Car Line," dated November 12, 2010, included as Attachment A, identifies Staff findings and recommendations.

Staff recommends the Commission approve the final safety review report titled, "2010 Safety Review of The Port of Los Angeles Waterfront Red Car Line," dated November 12, 2010. Staff also recommends the Commission order POLA RCL to:

- Submit plan and schedule to Staff for implementing and completing the recommended corrective actions contained in the report;
