THE CITY OF LOS ANGELES DEPARTMENT OF WATER AND POWER (LADWP)

Subject: Request for California Public Utilities Code Section 320 Exemption, Hines Spring Well 355 Project-4.8kv Power Line. The Hines Spring Well 355 mitigation project was initially designed to be powered by a small solar panel. Upon implementing the project, LADWP discovered that the proposed solar panel would be insufficient and revised the description to include installation of a new aboveground power line. However, this new 4.8kv line will cross a portion of Highway 395 that is designated as scenic under California's State Scenic Highway System. As a result, LADWP is requesting for an exemption.
