Public Workshop Notice: IOU Workshop – Virtual Net Energy Metering - Public Workshop to Discuss Data to be Provided to Generation Account Owners to Verify Benefitting Account Holders are Properly Credited (R.10-05-004)

August 9, 2012
1 pm – 4 pm

California Public Utilities Commission
505 Van Ness Avenue, Golden Gate Room
(Corner of Van Ness Avenue and McAllister Street)
San Francisco

Call-in Number: 1-866-741-9705, Code: 6691236 #

Decision 11-07-031 issued on July 20, 2011, required Pacific Gas and Electric Company (PG&E), Southern California Edison Company (SCE) and San Diego Gas & Electric Company (SDG&E), (collectively, the Utilities), to each submit a new tariff for virtual net energy metering (VNM) to the California Public Utilities Commission (CPUC). On December 12, 2011, the CPUC held a Public Workshop to discuss the expansion of Virtual Net Metering. On April 25, 2012, the CPUC issued Resolution E-4481 based on comments received on tariffs filed and discussion at the workshop. Ordering Paragraph (OP) 8 of the resolution specifically requires the three Utilities to initiate discussions with the CPUC, VNM Generating Account Owners and the Joint Solar Parties to identify data that can be provided to the Generating Account Owners to enable them to verify that their VNM Benefitting Account holders are properly credited. These discussions should consider potentially relevant outcomes of the Smart Grid Rulemaking (R.08-12-009).

To address OP 8 and facilitate discussions, the Utilities are scheduling this joint workshop, although it was not explicitly directed by the Commission. We will discuss benefitting account data that can be provided to the Generating Account Owners to satisfy OP 8. In preparation for the workshop, the Utilities have identified the data fields below that can be provided to the Generating Account Owners without requiring Benefitting Account Owner authorization. To accommodate this, the Utilities would need to modify their billing systems to provide the specified data.

Data fields that would not require written authorization for release from a Benefitting Account Owner:

- Generator Account o Measured Generation (kWh)
- Benefitting Account o Service Address (normally not released, but in this case Generating Account Owner has the information and supplies it to Utility)
 - o Allocation Percentage
 - o Allocated kWh

In preparation for the workshop, Generation Account Owners and Joint Solar Parties can provide questions, topic suggestions, and RSVP for the workshop to Harold Hirsch email: HHH4@pge.com or to Gabe Petlin email: GPI@cpuc.ca.gov by July 16, 2012. After input is received an agenda will be circulated.

If you plan to attend in person or via phone, please RSVP, so that we can prepare to accommodate the number of attendees. Conference call information and an agenda will be made available closer to the August 3, 2012 workshop
