6/20/02	A00-11-038	Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs.
	A00-11-056	Pacific Gas and Electric Company, for emergency application to adopt a rate stabilization plan.
	A00-10-028	The Utility Reform Network, for modification of Resolution E-3527.

Summary: LATE FILED. On June 13, 2002, Robert Finkelstein, attorney for The Utility Reform Network (TURN), attended an all-party meeting with Cmmr. Duque in San Francisco. Also present were Lynne McGhee, advisor to Cmmr. Duque, Peter Hanson, advisor to Cmmr. Brown, Mike Florio for TURN, and Frank Cooley for Southern California Edison Company (Edison). Finkelstein explained that since the utilities' federal lawsuits sought to prevent the Commission from continuing to enforce

the decisions from the Post Transition Ratemaking proceeding and, if successful, would have rendered moot many of the issues raised in the Rate Stabilization Plan proceeding, there could be no serious doubt that the lawsuits sought judicial review of the Commission decisions. Finkelstein further explained that given the explicit legislative intent to encourage intervenor participation in ratemaking matters, and given the literally billions of dollars at stake in the utility lawsuits, TURN's participation in the lawsuit was entirely consistent with the general policy underlying the intervenor compensation statutes.

6/21/02 A02-05-004 Southern California Edison Company (U 338-E), for Authority to Increase, among other things, its Authorized Revenues for Electric Service in 2003, and to Reflect that Increase in Rates.

Summary: On June 18, 2002, Bruce Foster, Vice President of Southern California Edison Company (Edison), met with Cmmr. Wood in San Francisco. Also present were Steven Weissman, advisor to Cmmr. Wood, Paul Clanon of the Energy Division, and Michael Hoover, Director of Regulatory Affairs of Edison. Foster and Hoover stated that the four-month delay proposed by the Office of Ratepayer Advocates (ORA) would send the wrong signal to the financial community and would impede Edison's progress towards achieving creditworthiness. Foster and Hoover noted that neither the protest by ORA nor the briefing paper prepared by the Energy Division provide any good reason to delay the schedule. Foster and Hoover stated further that Edison needs a final decision by June 2003 in order to proceed with the required investments in infrastructure.
