9/5/00 A00-03-037 Application of Laguna Irrigation District for modification of Resolution E-3531 to revise Special Condition 2.e of Pacific Gas and Electric Company's Schedule E- Exempt to extend the eligibility period for an irrigation district actively engaged in the process of constructing or purchasing distribution facilities.

Summary: On August 30, 2000, Doug Rayner, General Manager of Laguna Irrigation District (Laguna), met with Cmmr. Neepner in San Francisco. Also present were David Gamson, advisor to Cmmr. Neepner, and Lynn Haug of Ellison, Schneider and Harris, attorney for Laguna. Written material (attached to the notice) was used. Rayner explained that there are very good reasons that Laguna is pursuing condemnation rather than its original plan of constructing duplicate service drop facilities close to customer load. Haug also explained that Pacific Gas and Electric Company's allegation that Laguna had executed a "bait and switch" by using its power of condemnation instead of pursuing the original "service drop" plan is unfounded.

Summary: On August 31, 2000, Michael Hoover, Director of Regulatory Affairs for Southern California Edison Company (Edison), met with Cmmr. Neeper in San Francisco. Also present was David Gamson, advisor to Cmmr. Neeper.
