A02-03-062 San Diego Gas & Electric Company (U 902-G), for Authority to Offer a New Service at Tariffed Rates, Terms, and Conditions allowing Carriers to Place Fiber Optic Cable in Gas Pipelines.

Summary: LATE FILED. On September 5, Michael Clover, President of Sempra Fiber Links (SFL), met with Pres. Peevey and Trina Horner, advisor to Cmmr. Lynch, in two separate meetings in San Francisco. At the meeting with Pres. Peevey also present was Julie Fitch, advisor to Pres. Peevey. Alvin S. Pak, Director of Regulatory Policy & Analysis for SFL, participated in both meetings. Written materials (attached to the notice) were used. At the meeting with Pres. Peevey, Clover and Pak described a technology permitting the insertion of conduit and fiber-optic cable into in-service gas distribution mains and service lines, and economic and environmental benefits offered by this new technology. Clover and Pak further discussed the fact that issues raised by parties had been settled, and that the environmental review was ending, making the application ripe for final action. At the meeting with Trina Horner, Clover and Pak stated that, due to the importance of receiving the earliest possible approval of the tariffs, SFL would be seeking the consent of all parties to shorten any period related to the filing of comments. Clover also described the nature of SFL technology and indicated that it had been employed by the City of Long Beach in its municipally owned gas system.
