**Workshop Notice - Joint Natural Gas Market Workshop of California Public Utilities Commission and California Energy Commission**

December 9, 2003  
9am – 5pm

and

Hiram W. Johnson State Office Building  
455 Golden Gate Avenue, Auditorium  
San Francisco

December 10, 2003  
9am – 5pm

The California Public Utilities Commission (CPUC) and the California Energy Commission (CEC) will be hosting a Joint Workshop entitled “Natural Gas Market Outlook, 2006-2016” at the State Building Main Auditorium located at 455 Golden Gate Avenue in San Francisco. The workshop will address California’s future natural gas needs and we are seeking speakers from industry, consumer groups, staff of governmental agencies or other interested parties. The workshop is not intended to be a formal proceeding, but will be informative on very important issues to California. The staffs of the CPUC and the CEC have prepared an agenda for the topics to be discussed at this workshop. The agenda can be found on the CPUC and the CEC’s websites. The CPUC and CEC staff are currently soliciting speakers to participate on each of the panels and are hoping to have a cross-section of speakers representing various perspectives of the industry, consumer groups, government agencies and other interested parties. If your organization is interested in participating, please send an email to both of the following staff members of the CPUC and CEC by November 14, 2003:

Wendy Maria Phelps CPUC Energy Division Email: <a href="mailto:wmp@cpuc.ca.gov">wmp@cpuc.ca.gov</a> Telephone: (415) 703-2311	Jairam Gopal CEC Natural Gas and Special Projects Office Email: <a href="mailto:jgopal@energy.state.ca.us">jgopal@energy.state.ca.us</a> Telephone: (916) 654-4880
--	---

The workshop will be open to the public. Based upon what we learn at this workshop, the CPUC intends to issue an Order Instituting Rulemaking or an Order Instituting Investigation in early 2004, which would address some of the matters discussed at the workshop and would culminate by the end of the year with a decision affecting natural gas supply and infrastructure issues for California investor-owned energy utilities under the CPUC’s jurisdiction. The CEC staff will use this information to update their natural gas outlooks and provide a foundation for future energy policy recommendations to the CEC that can be considered in future updates to the Integrated Energy Policy Report. Both agencies are conducting this effort to help implement the previously adopted Energy Action Plan.

**Summary:** On November 4, 2003, Lee Schavrien, Vice President of Sempra Energy Utilities (SEU), met with Manuel Ramirez, advisor to Cmmr. Wood, and Julie Fitch, advisor to Pres. Peevey, in two separate meetings in San Francisco. Schavrien stated that the draft decision issued on November 3, 2003 contained some errors and appeared to be unclear on what SEU was seeking. Schavrien clarified that all that is needed is a memorandum account to track Cost of Service related revenues beginning January 1, 2004. Schavrien explained that this will allow the Commission to true up its final decision on SEU's 2004 cost

of service revenue requirements to revenues received at that point in time. Schavrien noted that this is consistent with what the Commission has approved for Southern California Edison Company and Southwest Gas.
