NOTICE OF DRAFT RESOLUTIONS
(Pursuant to PU Code § 311(g))

Draft Resolution Authorizing Vessel Common Carriers To Temporarily Adjust Fares And Rates Available For Public Review And Comment

A draft resolution (TL-19042) of the Consumer Protection and Safety Division that gives vessel common carriers (VCCs) temporary authority to adjust their passenger fares and freight rates without specific Commission authorization will be on the June 9, 2004, Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote until later. When the Commission votes on Resolution TL-19042, it may adopt all or part of it as written, amend or modify it, or set it aside and prepare a different resolution.

The resolution was drafted in response to a request made on behalf of Blue & Gold Fleet, L.P., Angel Island-Tiburon Ferry, Inc., and Catalina Freight Line for the Commission to authorize VCCs to assess a surcharge to offset significant increases in fuel prices. The resolution would authorize VCCs for a 180-day period to raise their fares and rates as much as 15% above their currently authorized fares and rates.

The draft resolution is available for review and comment. A copy may be obtained from, and any subsequent written comments should be submitted to:

CPSD – Transportation Enforcement Branch
California Public Utilities Commission
505 Van Ness Avenue, 2nd Floor
San Francisco, CA 94102
Telephone: (415) 703-2183

An original and two copies of comments must be received by the Consumer Protection and Safety Division by May 27, 2004. Comments shall be limited to five pages in length and shall focus on factual, legal, or technical errors in the proposed resolution.

5/6/04 R01-10-024 Order Instituting Rulemaking to Establish Policies and Cost Recovery Mechanisms for Generation Procurement and Renewable Resource Development.

Summary: On May 3, 2004, Mark Huffman, Attorney, Pacific Gas and Electric Company (PG&E), participated in an all-party meeting with Cmmrs. Wood and Brown in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, and Steven Weissman, advisor to Cmmr. Wood. Huffman stated PG&E's opposition to a reallocation of the Sunrise contract from San Diego Gas & Electric Company to PG&E. Huffman also stated that PG&E supports language in the proposed decision and alternate proposed decision that defers consideration of the Sunrise reallocation issue until a decision is issued in the Department of Water Resources cost allocation proceeding.

Summary: On May 3, 2004, Joseph E. Ronan, Senior Vice President of Government and Regulatory Affairs of Calpine Corporation (Calpine), attended an all-party meeting with Cmmrs. Brown and Wood in San Francisco. Also present were Steven S. Schleimer, Director of Market and Regulatory Affairs, Curt Hildebrand, Vice President of Sales and Marketing, David Lewis, Vice President of Marketing and Sales, Richard Thomas, Vice President of Finance/Project Development, Mitchell Weinberg, Director of Project Development, and Jeffrey Gray, outside counsel, for Calpine, and other attendees listed on the attachment to the notice. Schleimer discussed the significant reliability and economic benefits that the Otay Mesa power purchase agreement (PPA) would provide to San Diego Gas & Electric Company (SDG&E) and its ratepayers. With respect to new transmission facilities proposed by SDG&E in A04-03-008, Schleimer stated that, as both the proposed decision and alternate decision correctly find, new facilities are not needed for Otay Mesa to provide local reliability nor to be eligible to qualify for RFP. Schleimer explained that these proposed new transmission facilities are needed to maximize RMR cost reduction benefits that SDG&E gets from the Otay Mesa PPA and provide additional system wide benefits to SDG&E. Gray explained that the hearing process provided parties opposing the PPA a full and fair opportunity to show that each has a viable project that is capable of meeting the RFP criteria and offered terms that were better than the Otay Mesa PPA. Gray stated that none of these parties made any such showing. Gray further stated that the failure to timely approve the Otay Mesa PPA would jeopardize

SDG&E's ratepayers realization of significant economic benefits under the PPA.

At the meeting with Pres. Peevey also present was Lester Wong, advisor to Pres. Peevey. Summary: On May 4, 2004, Michelle Robinson, Vice President of Regulatory Affairs - California, Verizon California Inc. (Verizon), met with Timothy Sullivan, advisor to Cmmr. Kennedy, and Pres. Ting-Mason stated that PG&E was concerned about the capacity

value as well as the additional demand reduction issues that the recent draft AMI Workshop report suggested. Tomcala highlighted the fact that the process going forward needs to be very focused so that the Commission can make a timely decision.
