8/18/05	A04-04-008	Southern California Edison Company, for approval of Economic Development Rates.
	A04-06-018	Pacific Gas and Electric Company, to Modify the Experimental Economic Development Rate (Schedule ED).

**Summary:** On August 17, 2005, Dan L. Carroll, attorney for the Merced Irrigation District and Modesto Irrigation District, had two separate telephone conversations: with Julie Fitch, advisor to Pres. Peevey, and David Gamson, advisor to Cmmr. Brown. Carroll stated that the Districts do not oppose economic development rate programs as long as they are fair and competitively neutral. Carroll noted that the proposed alternate decision (AD) of Cmmr. Kennedy with respect to economic development rates is vague in terms of the proposals to be adopted by the Commission. Carroll specified that most parties agree that the Commission should adopt the Joint Utility Proposal and revisions to the AD are necessary to reflect that. Carroll also explained that a number of issues were litigated in the proceeding which are not addressed in the AD, but should be.

**Summary:** On August 17, 2005, Lad Lorenz, Vice President of Regulatory Affairs for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E), met with Stephen St. Marie, advisor to Cmmr. Bohn, in San Francisco. Also present was Marzia Zafar, CPUC Relations Manager for SoCalGas/SDG&E. Lorenz summarized stated that SDG&E strongly supports the alternate with a few corrections. Zafar stated that overtime pay to employees for the fire relief effort (incremental wages) resulted in a higher base upon which these percentages were applied. Zafar noted that the incentive payment amounts recorded as incremental are directly caused by additional compensation paid to employees directly involved in the firestorm effort and that none of these required incentive amounts include incentive compensation paid to executives.
