Summary: On March 5, 2001, Rose Johnson, Government Affairs Vice President of AT&T Communications of California, Inc., had a telephone conversation with Lester Wong, advisor to Cmmr. Bilas. Darlene Clark, Senior Attorney, AT&T, also participated in the communication. Johnson and Clark urged the Commission to reject the March 2, 2001 motion filed by Pacific Bell because the motion is both procedurally inappropriate and represents an abrogation of a prior agreement made by Pacific Bell during the performance incentives workshops.

3/8/01	A00-01-012	Covad Communications Company, for arbitration of interconnection agreement with Roseville Telephone Company.
--------	------------	--

Summary: On March 5, 2001, Greg Gierczak, Executive Director-Regulatory,

Roseville Telephone Company (Roseville), met with Lester Wong, advisor to Cmmr. Bilas, in San Francisco. Gierczak explained that the order granting rehearing of D00-06-080 was flawed because it ordered the adoption of interim rates based on Pacific Bell's statewide average cost, not Roseville's company-specific costs, and that this was impermissible even if subject to a true-up following further proceedings. Gierczak explained that the rates adopted in D00-06-080 were based on Roseville's cost and are TELRIC based and do not include Roseville's retail, embedded or historical cost.

3/8/01 A99-03-025 Roseville Telephone Company, to review its New Regulatory Framework.

Summary: On March 5, 2001, Greg Gierczak, Executive Director-Regulatory, Roseville Telephone Company (Roseville), met with Lester Wong, advisor to Cmmr. Bilas, in San Francisco. Gierczak said that the proposed decision (PD) appropriately applies to Roseville the Commission's decisions with respect to New Regulatory Framework. Gierczak said that it is appropriate to suspend sharing. Gierczak explained that the Office of Ratepayer Advocates' (ORA) suggestion that the sharing must be in place should be rejected. Gierczak explained further that the finding in the PD that Roseville's earnings are above the sharing threshold is due to the impact of an accounting change pronouncement, SOP 98-1, and not a result of misallocations and cross-subsidization as ORA claims. Gierczak indicated that the three-factor formula is the appropriate method for allocating common costs between Roseville and its affiliates. Gierczak also described how the PD, in adopting ORA's proposal with respect to the method for calculating the general allocator, errs by adopting ORA's methodology.
