Summaries of Decisions and Resolutions for the Commission Meeting of July 20, 2006 are included in this calendar.

The Commission's policy is to schedule hearings (meetings, workshops, etc.) in locations that are accessible to people with disabilities.

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics.

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

NOTICE OF EX PARTE COMMUNICATIONS

Copies of tendered notices are available in the Central Files Office for review and/or reproduction under existing procedures. They are also available from the filing party who is under the obligation to provide copies of the notice without delay.

- 7/27/06 **A05-06-028** – Pacific Gas and Electric Company, for authority to increase revenue requirements to recover the costs to deploy an advanced metering infrastructure.

Summary: On July 25, 2006, Aaron Johnson of the Division of Ratepayer Advocates (“DRA”), met with Cmmr. Peevey in San Francisco. Also present was Rami Kahlon, advisor to Cmmr. Peevey, and Robert Kinoshian of the DRA. DRA stated that it supported the adoption of the advanced meter infrastructure for Pacific Gas and Electric Company (PG&E), and that DRA’s approach was to provide constructive criticism rather than opposition to PG&E’s plan. DRA stated that it negotiated stipulations with PG&E regarding some of the proposed improvements, but other DRA proposals were not agreed to. In particular, DRA explained that it did not stipulate that PG&E’s choice of electro-mechanical meters was the best choice. DRA further explained that all the issues that DRA had addressed in its prior ex parte contacts with Commissioners’ offices were issues that fell outside of the stipulations, and that the statements made in DRA’s ex parte meetings were entirely consistent with the positions taken by DRA in testimony, in briefs, and in comments on the proposed decision.

- 7/31/06 **A05-06-028** – Pacific Gas and Electric Company, for authority to increase revenue requirements to recover the costs to deploy an advanced metering infrastructure.

Summary: LATE FILED. On July 18, 2006, Robert Kinoshian of the Division of Ratepayer Advocates (“DRA”), met with Lynn Carew, advisor to Cmmr. Chong, in San Francisco. Also present were Andrew Campbell, advisor to Cmmr. Chong, and Christopher Danforth of and Karen Paull, staff counsel for, the DRA. Written material (attached to the notice) was used. Kinoshian explained that the DRA supports the proposed decision (PD), with the exception of the proposed critical peak pricing rate design and the proposal to use mechanical rather than electronic meters. Paull explained that unlike DRA’s proposed rate design, the CPP proposal supported by the PD is impermissible under the terms of AB 1X. Danforth explained that the CPP program approved in the PD does not result in revenue neutrality. DRA representatives explained that the PD errs in allowing Pacific Gas and Electric Company to continue to install old fashioned electro-mechanical meters. Kinoshian pointed out that if the Commission is considering implementing CPP tariffs on a default basis for all customers at some point, the proposed AMI system might need to be upgraded.
