Workshop Notice –San Diego Gas and Electric A.08-12-021 Proposal on Proactive De-Energization Measures

April 8, 2009
1 pm – 4 pm

Harrah's Rincon Casino and Resort
777 Rincon Way

SDG&E submitted Application 08-12-021 on December 22, 2008, requesting approval from the Commission to shut-off power to certain distribution and/or tie lines in limited high risk fire areas under certain extreme weather conditions. The application and testimony are available at: <http://www.sdge.com/regulatory/A08-12-021.shtml> for public review.

The Commission has scheduled this Workshop to solicit comment from invited public safety agencies regarding the following issues: whether and how SDG&E's application affects public safety, and whether each decision by SDG&E to shut off power should be approved by a public agency, and if so which one and under what criteria, and whether use of backup generators when power is shut off should trigger fines from air quality entities, and finally whether a shut off of power under SDG&E's proposed program should constitute an emergency that permits reimbursement of school districts for average daily attendance.

Opportunity for elected officials and the public to comment will be made at the end of the public safety agency portion of the workshop.

Public Participation Hearings have been separately noticed in this Calendar.

Emailing of intention to attend this workshop to David Lee (dkl@cpuc.ca.gov) will assist planning; include name, title, and affiliation.

This location is wheelchair accessible. The workshop is open to the public. Questions and comments regarding the workshop should be directed to Brian Schumacher at bds@cpuc.ca.gov, or 415-703-1226.
