BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of SOMLAL, dba Nor Cal Airport Shuttle & Limo for Authority to Operate as a Passenger Stage Corporation between points in the following Counties: San Francisco, Alameda, Contra Costa, Santa Clara, Solano, Marin, and San Mateo, and the following International Airports: San Francisco, Oakland and San Jose; and to establish a Zone of Rate Freedom.

Application 08-10-016
(Filed October 23, 2008)

D E C I S I O N

Summary

This decision grants the application of Som Lal¹ (Applicant), an individual, pursuant to Pub. Util. Code § 1031 et seq., for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226, and to establish a zone of rate freedom (ZORF) pursuant to Pub. Util. Code § 454.2.

Discussion

The application, as amended by letter dated December 28, 2008, requests authority to operate as an on-call PSC to transport passengers and their baggage between points in Alameda, Contra Costa, Marin, San Francisco, San Mateo,

¹ The application caption shows Applicant's name as Somlal, but Department of Motor Vehicles records show the name as Som Lal.

Santa Clara, and Solano Counties, on the one hand, and San Francisco (SFO), Oakland (OAK), and San Jose (SJC) International Airports, on the other hand. Applicant states that the demand for local airport transportation is increasing. Traffic congestion on the highways and at the airports, higher parking fees, and shortages of parking areas during peak travel periods have caused many people to seek and utilize door-to-door shuttle services. Applicant indicates that governmental agencies are encouraging the use of shared-ride services in an effort to reduce highway congestion and environmental problems caused by the large volumes of private vehicles moving to and from airports.

Applicant advises he has the knowledge and ability to operate the proposed service. He has been working for a local airport shuttle service for the past 1½ years. Operations will be conducted initially with one 7-passenger van. Attached to the application as Exhibit E is Applicant's financial statement that discloses assets of \$21,000 (including cash of \$15,000²) and no liabilities.

The proposed fares range between \$25 (Alameda - OAK) and \$160 (Vacaville - SJC). Applicant requests authority to establish a ZORF of \$15 above and below the proposed fares. Applicant will compete with other PSCs, taxicabs, charter sedans and limousines, public transit, and private automobiles in his service area. This highly competitive environment should result in Applicant pricing his services at a reasonable level. Many other PSCs have been granted ZORFs. The requested ZORF is generally consistent with the ZORFs held by other PSCs.

² Subsequent to filing the application, Applicant submitted a copy of his bank statement to verify the cash he holds.

Notice of filing of the application appeared in the Commission's Daily Calendar on October 29, 2008. Applicant requests a waiver from the provisions of Rule 3.3(b) of the Commission's Rules of Practice and Procedure which require service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant served a notice to the involved counties, 18 cities, the affected airports, and the public transit operators and transportation planning agency in the service area. Applicant states that all parties that have an interest in Commission proceedings have access to the Commission's Daily Calendar. We shall exercise the discretion accorded to us by Rule 1.2 and grant the waiver requested by Applicant because he will be providing on-call service, not scheduled service, and service on all cities in the service territory would be burdensome.

In Resolution ALJ 176-3224 dated November 6, 2008, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3224.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Assignment of Proceeding

Richard Clark is the assigned Examiner in this proceeding.

Findings of Fact

1. Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between points in Alameda, Contra Costa, Marin,

San Francisco, San Mateo, Santa Clara, and Solano Counties, on the one hand, and SFO, SJC, and OAK, on the other hand.

2. Public convenience and necessity requires the proposed service.
3. Applicant requests authority to establish a ZORF of \$15 above and below the proposed fares described in the application.
4. Applicant will compete with PSCs, taxicabs, charter sedans and limousines, public transit, and private automobiles in his operations. The ZORF is fair and reasonable.
5. Applicant requests a waiver of the notice requirements of Rule 3.3(b) of the Rules of Practice and Procedure as he has served notice to the involved counties, 18 cities, the affected airports, and the public transit operators and transportation planning agency in the service area.
6. A public hearing is not necessary.
7. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. Public convenience and necessity has been demonstrated and the application should be granted.
2. The request to waive the notice requirements of Rule 3.3(b) should be granted.
3. The request for a ZORF should be granted.
4. Before Applicant changes any fares under the ZORF authorized below, Applicant should give this Commission at least ten days' notice. The tariff should show the high and low ends of the ZORF and the then currently effective fare between each pair of service points.

5. Since the matter is uncontested, the decision should be effective on the date it is signed.
