

Decision 02-08-028 August 8, 2002

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of Everyday Communications Corp.,
for a Certificate of Public Convenience and
Necessity To Provide Resold Competitive Local
Exchange Services in California.

Application 02-03-014
(Filed March 6, 2002)

O P I N I O N

I. Summary

Everyday Communications Corp. (Applicant) seeks a certificate of public convenience and necessity (CPCN) under Pub. Util. Code § 1001 for authority to resell local exchange telecommunications services as a competitive local carrier (CLC).¹ By this decision, we grant the requested authority subject to the terms and conditions set forth below.

II. Background

In prior decisions, we authorized the provision of competitive local exchange service within the service territories of Pacific Bell Telephone Company (Pacific), Verizon California Inc. (Verizon), Roseville Telephone Company (RTC) and Citizens Telecommunications Company of California, Inc. (CTC).

¹ A CLC is a common carrier that is issued a CPCN to provide local exchange telecommunications service for a geographic area specified by such carrier.

Applicant, a California corporation requests authority to resell local exchange services within Pacific and Verizon's service territories.

Applicant's principal place of business is located at 7332 Binnacle Drive, Carlsbad, California 92009.

III. Financial Qualifications

To be granted a CPCN for authority to resell local exchange service, an applicant must demonstrate that it has \$25,000 cash or cash equivalent to meet the firm's start-up expenses. The applicant must also demonstrate that it has sufficient additional resources to cover all deposits required by other telecommunications carriers in order to provide service in California.² Applicant represented that it will not be required to provide deposits to other telecommunications carriers in order to provide the proposed service. Applicant provided a bank statement that demonstrates that it meets the financial requirements.

IV. Technical Qualifications

To be granted a CPCN for authority to provide local exchange service, an applicant must make a reasonable showing of technical expertise in telecommunications or a related business. Applicant supplied biographical information on its chief executive officer and director that demonstrates that it has sufficient expertise and training to operate as a telecommunications provider.

Applicant represents that no one associated with or employed by Applicant as an affiliate, officer, director, partner, or owner of more than 10% of

² The financial standards for certification to operate as a CLC are set forth in D.95-12-056, Appendix C, Rule 4.B.

Applicant was previously associated with a telecommunications carrier that filed for bankruptcy or went out of business, or was sanctioned by the Federal Communications Commission or any state regulatory agency for failure to comply with any regulatory statute, rule, or order.

V. Tariffs

Commission staff reviewed Applicant's draft tariffs for compliance with Commission rules and regulations. The deficiencies are noted in Attachment A to this decision. In its compliance tariff filing, Applicant is directed to correct these deficiencies as a condition of our granting approval of its tariffs.

VI. California Environmental Quality Act (CEQA)

The CEQA requires the Commission as the designated lead agency to assess the potential environmental impact of a project in order that adverse effects are avoided, alternatives are investigated, and environmental quality is restored or enhanced to the fullest extent possible. Since Applicant states that it will not be constructing any facilities for the purpose of providing local exchange services, it can be seen with certainty that there is no possibility that granting this application will have an adverse impact upon the environment. Applicant must file for additional authority, and submit to any necessary CEQA review, before it can construct facilities.

VII. Request to File Under Seal

Applicant requests that the financial information filed with this application be filed under seal. The financial information consists of a bank statement. Applicant represents that the information is proprietary and sensitive. The information, if revealed, would place Applicant at an unfair business disadvantage. We have granted similar requests in the past and will do so here.

VIII. Categorization and Need for Hearings

In Resolution ALJ 176-3084 dated March 21, 2002, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. There is no apparent reason why the application should not be granted. Given these developments, a public hearing is not necessary, and it is not necessary to disturb the preliminary determinations.

IX. Comments on Draft Decision

This is an uncontested matter in which the decision grants the requested relief. Therefore, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

X. Conclusion

We conclude that the application conforms to our rules for certification as a CLC. Accordingly, we shall grant Applicant a CPCN to resell local exchange service in Pacific and Verizon's service territories subject to compliance with the terms and conditions set forth herein.

Findings of Fact

1. A notice of the filing of the application appeared in the Daily Calendar on March 19, 2002.
2. There were no protests to this application.
3. A hearing is not required.
4. In prior decisions, the Commission authorized competition in providing local exchange telecommunications services within the service territories of Pacific, Verizon, RTC and CTC.
5. Applicant has a minimum of \$25,000 of cash or cash equivalent that is reasonably liquid and readily available to meet its start-up expenses.

6. Applicant will not be required to provide deposits to other telecommunications carriers in order to provide the proposed service.

7. Applicant's management possesses sufficient experience and knowledge to provide local exchange services to the public.

8. As part of its application, Applicant submitted a draft of its initial tariff that contained the deficiencies identified in Attachment A to this decision. Except for these deficiencies, Applicant's draft tariffs complied with the Commission's requirements.

9. Applicant does not propose to construct any facilities in order to provide the proposed service.

10. Public disclosure of the financial information filed under seal would place Applicant at an unfair business disadvantage.

Conclusions of Law

1. Applicant has the financial ability to provide the proposed service.

2. Applicant has made a reasonable showing of technical expertise in, or related to, telecommunications.

3. Public convenience and necessity require the competitive local exchange services to be offered by Applicant, subject to the terms and conditions set forth herein.

4. The application should be granted to the extent set forth below.

5. Applicant, once granted a CPCN, should be subject to the applicable Commission rules, decisions, General Orders and statutes that pertain to California public utilities.

6. Applicant's initial tariff filing should correct the deficiencies noted in its draft tariffs as indicated in Attachment A to this decision.

7. Since Applicant does not propose to construct any facilities, it can be seen with certainty that granting it authority to provide local exchange services will not have a significant adverse effect upon the environment.

8. Because of the public interest in competitive local exchange services, the following order should be effective immediately.

9. Applicant's request to file its financial information under seal should be granted for two years.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity (CPCN) is granted to Everyday Communications Corp. (Applicant) to resell local exchange services in the service territories of Pacific Bell Telephone Company and Verizon California Inc., subject to the terms and conditions set forth below.

2. Applicant is authorized to file tariff schedules for the provision of competitive local exchange services. Applicant may not offer competitive local exchange services until tariffs are on file. Applicant's initial filing shall be made in accordance with General Order (GO) 96-A, excluding Sections IV, V, and VI, and shall correct the deficiencies noted in Attachment A. The tariff shall be effective not less than one day after approval by the Commission's Telecommunications Division. Applicant shall comply with its tariffs.

3. The certificate granted and the authority to render service under the rates, charges, and rules authorized herein will expire if not exercised within 12 months after the effective date of this order.

4. The corporate identification number assigned to Applicant, U-6694-C, shall be included in the caption of all original filings with this Commission, and in the titles of other pleadings filed in existing cases.

5. Applicant shall comply with all applicable rules adopted in the Local Exchange Competition proceeding (Rulemaking 95-04-043/ Investigation 95-04-044), as well as all other applicable Commission rules, decisions, GOs and statutes that pertain to California public utilities, subject to the exemptions granted in this decision.

6. Applicant shall comply with the requirements applicable to competitive local exchange carriers included in Attachment B to this decision.

7. Applicant is not authorized to construct facilities.

8. Applicant's request to have the financial information filed with this application kept under seal is granted for two years from the effective date of this decision. During that period the information shall not be made accessible or disclosed to anyone other than the Commission staff except on the further order or ruling of the Commission, the Assigned Commissioner, the assigned Administrative Law Judge (ALJ), or the ALJ then designated as Law and Motion Judge.

9. If Applicant believes that further protection of the information kept under seal is needed, it may file a motion stating the justification for further withholding of the information from public inspection, or for such other relief as the Commission rules may then provide. This motion shall be filed no later than one month before the expiration date.

10. This proceeding is closed.

This order is effective today.

Dated August 8, 2002, at San Francisco, California.

“(4) Advice letter filings for new services and for all other types of tariff revisions, except changes in text not affecting rates or relocations of text in the tariff schedules, shall become effective on forty (40) days’ notice.

“(5) Advice letter filings revising the text or location of text material which do not result in an increase in any rate or charge shall become effective on not less than five (5) days’ notice to the Commission.”

“(6) Contracts shall be subject to GO 96-A rules for NDIECS, except interconnection contracts.

“(7) CLCs shall file tariffs in accordance with PU Code § 876.”

4. Applicant may deviate from the following provisions of GO 96-A:

(a) paragraph II.C.(1)(b), which requires consecutive sheet numbering and prohibits the reuse of sheet numbers; and (b) paragraph II.C.(4), which requires that “a separate sheet or series of sheets should be used for each rule.” Tariff filings incorporating these deviations shall be subject to the approval of the Commission’s Telecommunications Division. Tariff filings shall reflect all fees and surcharges to which Applicant is subject, as reflected in 2 above.

5. Applicant shall file a service area map as part of its initial tariff.

6. Prior to initiating service, Applicant shall provide the Commission’s Consumer Services Division with the name and address of its designated contact person(s) for purposes of resolving consumer complaints. This information shall be updated if the name or telephone number changes, or at least annually.

7. Applicant shall notify this Commission in writing of the date that local exchange service is first rendered to the public, no later than five days after service first begins.

ATTACHMENT B
