

Decision 03-09-066 September 18, 2003

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of Andre Planchon, dba Main Event Limousines, and Main Event Transportation, Inc., Buyer, for approval of the transfer of the operating authority held by Andre Planchon in passenger stage corporation certificate PSC-10565 to Main Event Transportation, Inc., pursuant to the provisions of Public Utilities Code 851 et seq.

Application 03-06-027
(Filed June 23, 2003)

O P I N I O N

Summary

This decision grants the application to transfer, pursuant to Pub. Util. Code § 851 et seq., a passenger stage corporation (PSC) certificate from Andre Planchon (Transferor), an individual, to Main Event Transportation, Inc. (Transferee), a corporation.

Discussion

Transferor is authorized by Decision (D.) 99-06-042 to operate as a scheduled PSC (PSC-1565) transporting persons and their baggage between points in the Cities of Monterey, Marina, and Salinas, on the one hand, and San Jose and San Francisco International Airports, on the other hand.

Transferor desires to change the legal structure under which the business operates. This application, as amended by letter of August 14, 2003, requests approval to transfer the PSC certificate, vehicles, phone numbers, and company

name to a corporation. Transferee's unaudited balance sheet as of May 31, 2003, indicates assets of \$491,682, liabilities of \$223,838, and equity of \$267,844.

Notice of filing of the application appeared in the Commission's Daily Calendar on May 13, 2003.

In Resolution ALJ 176-3116 dated July 10, 2003, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-31163.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Assignment of Proceeding

Richard Clark is the assigned Examiner in this proceeding.

Findings of Fact

1. Transferor is operating as a PSC pursuant to D.99-06-042.
2. Transferor desires to operate the business as a corporation.
3. Transferor requests approval to transfer the PSC authority to Transferee.
4. The proposed transfer will not be adverse to the public interest.
5. No protest to the application has been filed.
6. A public hearing is not necessary.
7. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. The proposed transfer is in the public interest and should be authorized.

2. Since the matter is uncontested, the decision should be effective on the date it is signed.

3. Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
