---

<sup>1</sup> In D.97-08-045, pursuant to Pub. Util. Code § 1001, the Commission authorized Sprint to provide service as a facilities-based competitive local exchange carrier in the service areas of Pacific Bell Telephone Company dba AT&T California (AT&T) and Verizon California Inc. (Verizon).

Company dba Frontier Communications of California (Frontier). The application is unopposed. This proceeding is closed.

## **2. Background**

In prior decisions, we authorized the provision of competitive interexchange services by carriers meeting specified criteria. In addition, we authorized the provision of competitive local exchange service, by carriers meeting specified criteria, within the service territories of Pacific Bell Telephone Company (Pacific), Verizon, SureWest, and Frontier.<sup>2</sup>

#### **4. Motion for Protective Order**

Pursuant to Pub. Util. Code § 583 and General Order (GO) 66-C, Applicant requests that the financial information and terms of the proposed transaction submitted in the application be kept under seal. Applicant represents that the information is proprietary and sensitive, and the information, if revealed, would place Applicant at an unfair business disadvantage. We have granted similar requests in the past and will do so here.

All sealed information should remain sealed for a period of two years after the effective date of this order. If Applicant believes that further protection of the sealed information is needed beyond the two years, applicant shall comply with the procedure set forth in Ordering Paragraph 6.

#### **5. Technical Qualifications**

Applicants for CLC authority are required to make a reasonable showing of technical expertise in telecommunications or a related business. Applicant submitted biographical information on its officers that demonstrates that it possesses sufficient experience and knowledge to operate as a telecommunications provider.

Applicant represents that no one associated with or employed by Applicant as an affiliate, officer, director, partner, or owner of more than 10% of Applicant was previously associated with any telecommunication carrier that filed for bankruptcy, or was sanctioned by the Federal Communications

Commission or any state regulatory agency for failure to comply with any regulatory statute, rule or order.

## **6. Tariffs**

Commission staff reviewed Applicant's draft tariffs for compliance with Commission rules and regulations. The deficiencies to be corrected by Applicant are set forth in Attachment A.

## **7. California Environmental Quality Act (CEQA)**

CEQA requires the Commission as the designated lead agency to assess the potential environmental impact of a project in order that adverse effects are avoided, alternatives are investigated, and environmental quality is restored or enhanced to the fullest extent possible. Applicant has no plan for constructing facilities at this time. Applicant will provide its service through the use of existing facilities and network elements of other carriers and/or its own facilities installed in existing buildings and structures. Therefore, it can be seen with certainty that there is no possibility that granting this application will have an adverse effect upon the environment. Applicant must file for additional authority, and submit to any required CEQA review, before it can construct facilities.

## **8. Conclusion**

We conclude that the application conforms to our rules for authority to provide resold competitive local exchange and interexchange telecommunications services. Accordingly, we shall approve the application subject to the terms and conditions set forth herein.

## **9. Categorization and Need for Hearings**

In Resolution ALJ 176-3193, dated June 7, 2007, the Commission preliminarily categorized this application as Ratesetting, and preliminarily

determined that hearings were not necessary. No protests have been received. There is no apparent reason why the application should not be granted. Given these developments, a public hearing is not necessary, and it is not necessary to disturb the preliminary determinations.

#### **10. Comments on Proposed Decision**

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Section 311(g)(2) of the Pub. Util. Code and Rule 14.6(c)(2) of the Commission's Rules of Practice and Procedure, the otherwise applicable 30-day period for public review and comment is waived.
