**PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

**Communications Division  
Carrier Oversight and Programs Branch**

**RESOLUTION T-17324**

**R E S O L U T I O N**

**Resolution T-17324. Request for Reinstatement of Certificate of Public Convenience and Necessity Held by Freedom Telecommunications, Inc. (U-7110-C).**

---

**Summary**

This Executive Director Resolution reinstates the Certificate of Public Convenience and Necessity (CPCN) held by Freedom Telecommunications, Inc. (U-7110-C).

**Background**

Freedom Telecommunications, Inc., was originally licensed to provide competitive local exchange service by D.08-08-016 (A.08-05-009). According to our records, the company did not file the User Fee report in a timely manner ignoring Commission notices, consequently Resolution T-17300, adopted December 16, 2010, revoked operating authority to several carriers including Freedom for failure to submit User Fee. On December 30, 2010, after its authority to operate has been revoked, Freedom submitted its User Fee report.

**Discussion**

The Communications Division recommends that the CPCN be reinstated. Despite its user report's not being sent to the Commission in a timely manner, Freedom reported zero intrastate revenue. Since Freedom has now complied with Commission reporting requirements, the carrier should be reinstated.
