

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

ENERGY DIVISION

RESOLUTION E-4045

October 27, 2006

R E S O L U T I O N

Resolution E-4045. Corrects error in Resolution E-4020. (Pacific Gas & Electric (PG&E), Southern California Edison (SCE), and San Diego Gas & Electric (SDG&E) are authorized to implement the Capacity Bidding Program (CBP) to replace the California Power Authority Demand Reserves Partnership.)

The Commission has been informed that errors exist in Resolution E-4020 which the Commission approved on October 19, 2006.

As a result of an inadvertent error, Table 1 on page 5, in the table section entitled "SCE Capacity Price," contains the wrong capacity prices for the month of October. The correct SCE table section is as follows:

SCE Capacity Price (\$/kW-Month)

| Product | May | June | July | August | September | October |
|----------|------|------|-------|--------|-----------|---------|
| 1-4 Hour | 4.05 | 6.30 | 14.85 | 17.10 | 9.45 | 2.25 |
| 2-6 Hour | 4.95 | 7.70 | 18.15 | 20.90 | 11.55 | 2.75 |
| 4-8 Hour | 4.95 | 7.70 | 18.15 | 20.90 | 11.55 | 2.75 |

Also, on page 24, in the sentence "Energy Division believes that DRA's protest stems from problems associated with the previous trigger of \$80/MW used in the DRP program, " instead of "\$80/MW" the text should read "\$80/MWh."

Under Resolution A-4661, **IT IS ORDERED** that Resolution E-4020 is corrected as set forth to this resolution.

Dated October 27, 2006, at San Francisco, California.
