Date : January 5, 2006

**To : The Commission
(Meeting of January 12, 2006)**

**From : Traci Bone, Legal Division
Bruce Kaneshiro, Energy Division**

**Subject : Request for Ratification of Staff Comments filed December 23, 2005 in
FERC Docket No. AD06-2-000.**

On November 3, 2005, the Federal Energy Regulatory Commission (“FERC”) issued a Notice of Proposed Voluntary Survey and Technical Conference (“Notice”) that focuses on demand response issues. The Notice requested comments on many demand response issues currently being explored by both the CPUC and the California Energy Commission (“CEC”). To assist FERC staff in formulation of issues for the technical conference scheduled for January 25, 2006, the CPUC staff and the CEC jointly filed comments on FERC’s list of demand response issues. Those comments are attached to this memorandum.

CPUC Staff seeks the Commission’s ratification of the attached comments filed in FERC Docket AD06-2-000 on December 23, 2005.

CPUC Staff is also considering participation in the related technical conference at FERC. **CPUC Staff also seeks authorization to participate in that technical conference, and in the proceeding, consistent with the views set forth in the attached comments.**

Assigned Staff: Traci Bone (TBO, 3-2048); Bruce Kaneshiro (BSK, 3-1187).
