Workshop - Local Resource Adequacy Requirements in R.05-12-013

July 21, 2006
10 am - 4 pm

California Public Utilities Commission
505 Van Ness Avenue, Training Room B
(Corner of Van Ness Avenue and McAllister Street)
San Francisco

The purpose of this workshop is to address implementation issues as directed from the final Phase 1 Local Resource Adequacy Requirements decision in R.05-12-013. The Proposed Decision, released on May 30th, is available here: http://www.cpuc.ca.gov/PUBLISHED/COMMENT_DECISION/56784.htm

In the Draft Decision, the Energy Division is expected to host a workshop within 15 days of the final release of the order. (See Section 3.2.1.)

The proposed decision asks the Energy Division to work with the California Independent System Operation (CAISO) and the California Energy Commission to: (1) adjust the local capacity requirements for the local areas for which deficiencies in qualified generation capacity have been identified by the CAISO; and (2) allocate local capacity requirements to individual, Commission-jurisdictional load-serving entities (LSEs), thereby establishing each LSE's local procurement obligation, using the allocation principles adopted in the decision.

The Commission's Energy Division will prepare and release a workshop agenda prior to the meeting. In addition to the items listed above, as well as any other items directed to the Energy Division in the final order, the Energy Division expects to use the meeting to discuss the 2007 Resource Adequacy Template and Guide (which will be released prior to the

workshop).

This workshop will not be webcast, and it will not be transcribed. This workshop will have a call-in number: 866-687-1443; passcode: 737358#. Please contact Donald Brooks at (415) 703-2626 or dbr@cpuc.ca.gov for questions regarding this meeting.
