8/21/07 **I01-04-026** - Order instituting investigation into the revenue requirement of Roseville Telephone Company pursuant to Decision 00-11-039.

Summary: LATE FILED: On August 14, 2007 Greg Gierczak, Executive Director; External Relations for SureWest Communications met with Lester Wong, advisor to Pres. Peevey in San Francisco. Gierczak discussed the Proposed Decision's (PD) treatment of SureWest Telephone's (SureWest) rate freeze commitment associated with the 2008 transitional phase-down of SureWest's interim draw from the California High Cost Fund-B. Gierczak reiterated and affirmed SureWest's commitment that it will not seek any revenue neutral recovery for the 2008 transitional phase down amount. Gierczak further discussed the need for the PD to clarify this commitment to permit SureWest to respond to other Commission-mandated rate reductions during the 2008 rate freeze period.

Peevey in San Francisco. Also present was Jack Stoddard, advisor to Pres. Peevey. Summary: On August 22, 2007 Brian Hess, Director of Operations for Niagara Bottling, LLC (Niagara) met with Andrew Campbell, advisor to Cmmr. Chong in San Francisco. Also present were Timothy Sullivan, advisor to Cmmr. Simon; and Gregory Klatt of Douglas & Liddell. Hess summarized the information contained in Niagara's comments and reply comments on the proposed decisions concerning the company's good faith reliance on the Economic Development Rate (EDR) rate discounts approved in D.05-09-018 in deciding not to locate certain expansion production and relocate its existing production and other operations to outside California. Hess also explained that should the Commission determine the EDR rate structure should be modified, Niagara supports adoption of the Alternate Proposed Decision.

8/24/07 **A06-01-005** - California-American Water Company, for authority to increase rates charged for Water Service in its Los Angeles District by \$2,020,466 or 10.88% in the year 2007; by \$634,659 or 3.08% in the year 2008; and by \$666,422 or 3.14% in the year 2009.

Summary: On August 21, 2007 David Stephenson, Manager of Rate Regulation of California-American Water Company (California American Water) met with Jane Whang, advisor to Cmmr. Chong in San Francisco. Also present were Hazlyn Fortune, advisor to Cmmr. Grueneich; and Lori Anne Dolqueist of Steefel, Levitt & Weiss, counsel to California American Water. Stephenson discussed the Comments of California American Water Company on the Alternate Proposed Decision of Commissioner Peevey, filed August 13, 2007 and the Reply Comments of California American Water on the Alternate Proposed Decision (AD) of Commissioner Peevey. California American Water stated it supported the AD's

recommendation of a conservation loss adjustment mechanism (CLAM) noting that since the CLAM would not reduce California American Water's current level of risk, it would not merit a ROE reduction. California American Water also explained that a comparison of the rate case weather normalized projected consumption to the actual consumption and weather would provide insight as to the changes in water volume sales due to conservation measures and could be used to calculate the CLAM.
