505 Van Ness Avenue, Commission's Courtroom  
(Corner of Van Ness Avenue and McAllister Street)  
San Francisco

Pursuant to the Assigned Commissioner's and ALJ's Ruling of April 18, 2008, the California Public Utilities Commission (CPUC) will conduct this workshop for further discussion regarding the merits and manner by which DWR could pursue novation or assignment of its contracts through negotiation. This workshop shall follow up on issues discussed at the workshop on June 2, 2008, focusing on threshold constraints to be resolved before undertaking further measures to facilitate novation/assignment or renegotiation of DWR power contracts. The workshop agenda shall address: (1) expiration cut-off date for targeting DWR contracts for which novation/assignment or renegotiation should be pursued; (2) better quantification of costs/benefits of DWR contract novation/assignment; (3) prospects and conditions for contract power sellers to cooperate in the DWR contract novation/assignment or renegotiation process. (DWR should invite representatives of key contract power sellers to attend the workshop to engage in the dialog on this issue); (4) strategies to deal with constraints imposed by the PG&E Bankruptcy Settlement (D.03-12-035) in relation to feasibility of novation/assignment or renegotiation of DWR contracts; and (5) principles that should apply in addressing inter-utility cost allocation issues as a predicate for DWR contract novation/assignment or renegotiation.

This workshop shall provide a forum to identify: (1) possible areas of dispute which can be resolved or differences narrowed through discussion, and (2) remaining disputed issues of fact which warrant evidentiary hearings to resolve.

The Commission stated, “Although SCE contends that it provides DA services efficiently, we believe that further improvements can be made.” (Ibid. at p. 20). To address this potential, the Commission directed SCE, AReM and CMTA to meet to consider issues surrounding any such DA process improvements.
