9/7/07 **R06-04-010** - Order Instituting Rulemaking to examine the Commission's post-2005 energy efficiency policies, programs, evaluation, measurement, and verification, and related issues.

Summary: On September 4, 2007 Tom Roberts of the Division of Ratepayer Advocates (DRA) met with Robert Kinoshian, advisor to Cmmr. Bohn in San Francisco. Also present were Stephen St. Marie and Lindsay Brown, advisors to Cmmr. Bohn; Aaron Johnson of DRA; and Diana Lee of the CPUC Legal Division. Written materials (attached to the notice) were used. Johnson explained that DRA supported the Commission's effort to align shareholder and ratepayer interests in energy efficiency activities, but believed that the Proposed Decision (PD) of ALJ Gottstein sets incentives at a rate higher than necessary to align those interests. Roberts explained that there were alternate means to align shareholder and ratepayer interests at lower costs to ratepayers. Lee explained that California had already acted to remove many disincentives to energy efficiency.
