ATTACHMENT A

CAISO Area Baseline List

Column Legend:

Column	Explanation
Annual Energy GWh	For renewables, the estimated annual energy production
CAISO RESOURCE ID	Identifier of resource in CAISO market as of October 2016
Contract Capacity MW	Contract Capacity as defined in October 2016 IOU RPS Contracts Database, or as listed in other data source
Copied from CONV_CAISO_Gen_List	Flag indicating this row was sourced from the CONV_CAISO_Gen_List tab using filter in column AE "Procurement Baseline"
Copied from REN_Existing_Resources	Flag indicating this row was sourced from the REN_Existing_Resources tab using filter in column AD "Procurement Baseline"
GENERATOR NAME or Project Name	Longer name of resource or project
LOCAL AREA	If known, local reliability area the resource is located in (blank does not necessarily mean the resource is not in a local area)
LOCAL SUB-AREA	If known, local reliability subarea the resource is located in (blank does not necessarily mean the resource is not in a local subarea)
Net Dependable Capacity MW	Net Dependable Capacity if resource is found on the CAISO Master Control Area Generating Capability List as of June 2019
Offtaker	LSE offtaker of project's Renewable Energy Credits
Project ID	Project identifier, usually for renewables listed in the October 2016 IOU [Investor Owned Utility] RPS [Renewables Portfolio Standard] Contracts Database, or as listed in other data source

Column	Explanation
RESOLVE TYPE (no blanks)	Technology classification used in RESOLVE modeling
Risk Adj Annual Energy GWh	Equals Annual Energy * Risk Adjustment
Risk Adjustment	Output de-rate for a project assumed in 2017-18 IRP cycle modeling, applied to projects with higher risk of not coming online (failing)
Sept NQC MW	September Net Qualifying Capacity if resource is found on the CPUC 2020 Compliance Year NQC List posted November 21, 2019
SOURCE	Describes upstream data source for this item
TEPPC Common Case ID	If known, identifier of resource in the Western Electric Coordinating Council TEPPC 2026 Common Case
TYPE (CAISO)	If known, technology classification used in CAISO Master Control Area Generating Capability List
TYPE (TEPPC)	If known, technology classification used in TEPPC 2026 Common Case
