Subject: Email Ruling Directing Amendment or Showing Cause (A.09-09-022 SCE Alberhill CPCN Application)

Ordering Paragraph 4 of Decision 18-08-026, issued August 31, 2018, directs Southern California Edison Company (SCE) to supplement the record with

additional analyses of alternatives which may satisfy the needs of the Valley South System.

While I am aware that SCE has undertaken various activities with notice to the service list in regard to additional analyses, SCE has yet to comply with the order to supplement the record.

By May 11, 2020, SCE is directed to file: (1) a compliance filing its additional analyses of alternatives which may satisfy the needs of the Valley South System to supplement the record Application (A.) 09-09-022, pursuant to D.18-08-026; and (2) an amendment to its application consistent with its additional analyses of alternatives which may satisfy the needs of the Valley South System, including a corresponding amended Proponent's Environmental Assessment reflecting the additional analyses as appropriate. If SCE does not file the foregoing by May 10, 2020, SCE is alternatively directed to file a compliance filing by May 11, 2020, showing cause why A.09-09-022 should not be dismissed for SCE's failure to prosecute the matter.

Docket Office shall formally file this email ruling.

It is so ruled.
