Subject: R.18-12-006: Energy Division Staff Proposal on Vehicle-Grid Integration Issues

Dear members of the R.18-12-006 service list:

This email ruling enters into the record of this proceeding the attached staff proposal from the Commission's Energy Division on Vehicle-Grid Integration (VGI) issues. Energy Division proposes to supplement the portion of the draft Transportation Electrification Framework (TEF) that relates to VGI with this staff proposal in light of the recent issuance of a final report from the VGI Working Group. Parties may wish to reference the attached staff proposal when commenting on the sections of the draft TEF for which comment deadlines have not already passed.

IT IS SO RULED.

The Docket Office shall formally file this ruling.
