ARTICLE V

PROVISIONS FOR DEFINING, LIMITING AND REGULATING CERTAIN POWERS OF THE CORPORATION AND OF THE STOCKHOLDERS AND DIRECTORS

Section 5.1 <u>Number, Classification and Election of Directors</u>. The business and affairs of the Corporation shall be managed under the direction of the Board of Directors. The number of directors of the Corporation is six, which number may be increased or decreased only by the Board of Directors pursuant to the Bylaws of the Corporation (the "Bylaws"), but shall never be less than the minimum number required by the Maryland General Corporation Law (the "MGCL").

The directors may increase the number of directors and may fill any vacancy, whether resulting from an increase in the number of directors or otherwise, on the Board of Directors in the manner provided in the Bylaws.

The Corporation elects, at such time as it becomes eligible to make the election provided for under Section 3-802(b) of the MGCL, that, except as may be provided by the Board of Directors in setting the terms of any class or series of Preferred Stock (as hereinafter defined), any and all vacancies on the Board of Directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy shall serve for the remainder of the full term of the directorship in which such vacancy occurred and until a successor is duly elected and qualifies.

On the first date on which there are at least three directors, the directors (other than any director elected solely by holders of one or more classes or series of Preferred Stock in connection with dividend arrearages) shall be classified, with respect to the terms for which they severally hold office, into three classes as determined by the Board of Directors, with Class I directors to hold office initially for a term expiring at the first annual meeting of stockholders subsequent to their election, Class II directors to hold office initially for a term expiring at the second annual meeting of stockholders subsequent to their election, and Class III directors to hold office initially for a term expiring at the third annual meeting of stockholders subsequent to their election, with each director to hold office until her or his successor is duly elected and qualifies. At each annual meeting of the stockholders, commencing with the first annual meeting of stockholders subsequent to the classification of directors, the successors to the class of directors whose term expires at such meeting shall be elected to hold office for a term expiring at the third succeeding annual meeting of stockholders following the meeting at which they were elected and until their successors are duly elected and qualify.

Section 5.2 <u>Extraordinary Actions</u>. Except as specifically provided in Section 5.6 (relating to removal of directors), and in Article VIII (relating to certain amendments to the Charter (as defined herein)), notwithstanding any provision of law permitting or requiring any action to be taken or approved by the affirmative vote of the holders of shares entitled to cast a greater number of votes, any such action shall be effective and valid if declared advisable by the

Board of Directors and taken or approved by the affirmative vote of holders of shares entitled to cast a majority of all the votes entitled to be cast on the matter.

Section 5.3 <u>Authorization by Board of Stock Issuance</u>. The Board of Directors may authorize the issuance from time to time of shares of stock of the Corporation of any class or series, whether now or hereafter authorized, or securities or rights convertible into shares of its stock of any class or series, whether now or hereafter authorized, for such consideration, if any, as the Board of Directors may deem advisable (or without consideration in the case of a stock split or stock dividend), subject to such restrictions or limitations, if any, as may be set forth in the charter of the Corporation (the "Charter") or the Bylaws.

Section 5.4 <u>Preemptive Rights and Appraisal Rights.</u> Except as may be provided by the Board of Directors in setting the terms of classified or reclassified shares of stock pursuant to Section 6.4 or as may otherwise be provided by contract, no holder of shares of stock of the Corporation shall, as such holder, have any preemptive right to purchase or subscribe for any additional shares of stock of the Corporation or any other security of the Corporation which it may issue or sell. No holder of stock of the Corporation shall be entitled to exercise the rights of an objecting stockholder under Title 3, Subtitle 2 of the MGCL or any successor statute unless the Board of Directors, upon the affirmative vote of a majority of the entire Board of Directors, shall determine that such rights apply, with respect to all or any classes or series of stock, or any proportion of the shares thereof, to a particular transaction or all transactions occurring after the date of such determination in connection with which holders of such shares would otherwise be entitled to exercise such rights.

Determinations by Board. The determination as to any of the Section 5.5 following matters, made in good faith by or pursuant to the direction of the Board of Directors consistent with the Charter, shall be final and conclusive and shall be binding upon the Corporation and every holder of shares of its stock: the amount of the net income of the Corporation for any period and the amount of assets at any time legally available for the payment of dividends, redemption of its stock or the payment of other distributions on its stock; the amount of paid-in surplus, net assets, other surplus, annual or other cash flow, funds from operations, net profit, net assets in excess of capital, undivided profits or excess of profits over losses on sales of assets; the amount, purpose, time of creation, increase or decrease, alteration or cancellation of any reserves or charges and the propriety thereof (whether or not any obligation or liability for which such reserves or charges shall have been created shall have been paid or discharged); any interpretation of the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of any class or series of stock of the Corporation; the fair value, or any sale, bid or asked price to be applied in determining the fair value, of any asset owned or held by the Corporation or of any shares of stock of the Corporation; the number of shares of stock of any class or series of the Corporation; any matter relating to the acquisition, holding and disposition of any assets by the Corporation; or any other matter relating to the business and affairs of the Corporation or required or permitted by applicable law, the Charter or Bylaws or otherwise to be determined by the Board of Directors.

Section 5.6 <u>Removal of Directors</u>. Subject to the rights of holders of one or more classes or series of Preferred Stock to elect or remove one or more directors, any director,

or the entire Board of Directors, may be removed from office at any time only for cause and only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors. For the purpose of this paragraph, "cause" shall mean, with respect to any particular director, conviction of a felony or a final judgment of a court of competent jurisdiction holding that such director caused demonstrable, material harm to the Corporation through bad faith or active and deliberate dishonesty.

Section 5.7 <u>REIT Qualification</u>. If the Corporation elects to qualify for federal income tax treatment as a REIT, the Board of Directors shall use its reasonable best efforts to take such actions as are necessary or appropriate to preserve the status of the Corporation as a REIT; however, if the Board of Directors determines that it is no longer in the best interests of the Corporation to continue to be qualified as a REIT, the Board of Directors may revoke or otherwise terminate the Corporation's REIT election pursuant to Section 856(g) of the Code. The Board of Directors also may determine that compliance with any restriction or limitation on stock ownership and transfers set forth in Article VII is no longer required for REIT qualification.

Section 5.8 Advisor Agreements. Subject to such approval of stockholders and other conditions, if any, as may be required by any applicable statute, rule or regulation, the Board of Directors may authorize the execution and performance by the Corporation of one or more agreements with any person, corporation, association, company, trust, partnership (limited or general) or other organization whereby, subject to the supervision and control of the Board of Directors, any such other person, corporation, association, company, trust, partnership (limited or general) or other organization shall render or make available to the Corporation managerial, investment, advisory and/or related services, office space and other services and facilities (including, if deemed advisable by the Board of Directors, the management or supervision of the investments of the Corporation) upon such terms and conditions as may be provided in such agreement or agreements (including, if deemed fair and equitable by the Board of Directors, the compensation payable thereunder by the Corporation).

ARTICLE VI

STOCK

Section 6.1 <u>Authorized Shares</u>. The Corporation has authority to issue 110,000,000 shares of stock, consisting of 100,000,000 shares of Common Stock, \$.001 par value per share ("Common Stock"), and 10,000,000 shares of Preferred Stock, \$.001 par value per share ("Preferred Stock"). The aggregate par value of all authorized shares of stock having par value is \$110,000. If shares of one class or series of stock are classified or reclassified into shares of another class or series of stock pursuant to this Article VI, the number of authorized shares of the former class or series shall be automatically decreased and the number of shares of the latter class or series shall be automatically increased, in each case by the number of shares so classified or reclassified, so that the aggregate number of shares of stock of all classes or series that the Corporation has authority to issue shall not be more than the total number of shares of stock set forth in the first sentence of this paragraph. The Board of Directors, without any action by the stockholders of the Corporation, may amend the Charter from time to time to increase or

decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that the Corporation has authority to issue.

Section 6.2 <u>Common Stock</u>. Each share of Common Stock shall entitle the holder thereof to one vote. The Board of Directors may reclassify any unissued shares of Common Stock from time to time in one or more classes or series of stock.

Section 6.3 <u>Preferred Stock</u>. The Board of Directors may classify any unissued shares of Preferred Stock and reclassify any previously classified but unissued shares of Preferred Stock of any series from time to time, in one or more classes or series of stock.

Classified or Reclassified Shares. Prior to issuance of classified or Section 6.4 reclassified shares of any class or series, the Board of Directors by resolution shall: (a) designate that class or series to distinguish it from all other classes and series of stock of the Corporation; (b) specify the number of shares to be included in the class or series; (c) set or change, subject to the express terms of any class or series of stock of the Corporation outstanding at the time, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms and conditions of redemption for each class or series; and (d) cause the Corporation to file articles supplementary with the State Department of Assessments and Taxation of Maryland ("SDAT"). Any of the terms of any class or series of stock set or changed pursuant to clause (c) of this Section 6.4 may be made dependent upon facts or events ascertainable outside the Charter (including determinations by the Board of Directors or other facts or events within the control of the Corporation) and may vary among holders thereof, provided that the manner in which such facts, events or variations shall operate upon the terms of such class or series of stock is clearly and expressly set forth in the articles supplementary or other charter document filed with the SDAT.

Section 6.5 <u>Charter and Bylaws</u>. The rights of all stockholders and the terms of all stock are subject to the provisions of the Charter and the Bylaws. The Board of Directors of the Corporation shall have the exclusive power to make, alter, amend or repeal the Bylaws.

The term "Restriction Termination Date" shall mean the first day after the Initial Date on which the Corporation determines pursuant to Section 5.7 of the Charter that it is no longer in the best interests of the Corporation to attempt to, or continue to, qualify as a REIT or that compliance with the restrictions and limitations on Beneficial Ownership, Constructive Ownership and Transfers of shares of Capital Stock set forth herein is no longer required in order for the Corporation to qualify as a REIT.

Transfer. The term "Transfer" shall mean any issuance, sale, transfer, gift, assignment, devise or other disposition, as well as any other event that causes any Person to acquire Beneficial Ownership or Constructive Ownership, or any agreement to take any such actions or cause any such events, of Capital Stock or the right to vote or receive dividends on Capital Stock, including (a) the granting or exercise of any option (or any disposition of any option), (b) any disposition of any securities or rights convertible into or exchangeable for Capital Stock or any interest in Capital Stock or any exercise of any such conversion or exchange right and (c) Transfers of interests in other entities that result in changes in Beneficial or Constructive Ownership of Capital Stock; in each case, whether voluntary or involuntary, whether owned of record, Constructively Owned or Beneficially Owned and whether by

operation of law or otherwise. The terms "Transferring" and "Transferred" shall have the correlative meanings.

Trust. The term "Trust" shall mean any trust provided for in Section 7.3.1.

<u>Trustee</u>. The term "Trustee" shall mean the Person unaffiliated with the Corporation and a Prohibited Owner, that is appointed by the Corporation to serve as trustee of the Trust.

Section 7.2 Capital Stock.

Section 7.2.1 <u>Ownership Limitations</u>. During the period commencing on the Initial Date and prior to the Restriction Termination Date, but subject to Section 7.4:

(a) Basic Restrictions.

(i) (1) No Person, other than an Excepted Holder, shall Beneficially Own or Constructively Own shares of Capital Stock in excess of the Aggregate Stock Ownership Limit, (2) no Person, other than an Excepted Holder, shall Beneficially Own or Constructively Own shares of Common Stock in excess of the Common Stock Ownership Limit and (3) no Excepted Holder shall Beneficially Own or Constructively Own shares of Capital Stock in excess of the Excepted Holder Limit for such Excepted Holder.

(ii) No Person shall Beneficially or Constructively Own shares of Capital Stock to the extent that such Beneficial or Constructive Ownership of Capital Stock would result in the Corporation being "closely held" within the meaning of Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year), or otherwise failing to qualify as a REIT (including, but not limited to, Beneficial or Constructive Ownership that would result in the Corporation owning (actually or Constructively) an interest in a tenant that is described in Section 856(d)(2)(B) of the Code if the income derived by the Corporation from such tenant would cause the Corporation to fail to satisfy any of the gross income requirements of Section 856(c) of the Code).

(iii) Any Transfer of shares of Capital Stock that, if effective, would result in the Capital Stock being beneficially owned by less than 100 Persons (determined under the principles of Section 856(a)(5) of the Code) shall be void <u>ab initio</u>, and the intended transferee shall acquire no rights in such shares of Capital Stock.

(b) <u>Transfer in Trust.</u> If any Transfer of shares of Capital Stock occurs which, if effective, would result in any Person Beneficially Owning or Constructively Owning shares of Capital Stock in violation of Section 7.2.1(a)(i) or (ii),

(i) then that number of shares of the Capital Stock the Beneficial or Constructive Ownership of which otherwise would cause such Person to violate Section 7.2.1(a)(i) or (ii)(rounded to the nearest whole share) shall be automatically transferred to a Trust for the benefit of a Charitable Beneficiary, as described in Section 7.3, effective as of the close of business on the Business Day prior to the date of such Transfer, and such Person shall acquire no rights in such shares; or

(ii) if the transfer to the Trust described in clause (i) of this sentence would not be effective for any reason to prevent the violation of Section 7.2.1(a)(i) or (ii), then the Transfer of that number of shares of Capital Stock that otherwise would cause any Person to violate Section 7.2.1(a)(i) or (ii) shall be void <u>ab initio</u>, and the intended transferee shall acquire no rights in such shares of Capital Stock.

(iii) To the extent that, upon a transfer of shares of Capital Stock pursuant to this Section 7.2.1(b), a violation of any provision of this Article VII would nonetheless be continuing (for example where the ownership of shares of Capital Stock by a single Charitable Trust would violate the 100 stockholder requirement applicable to REITs), then shares of Capital Stock shall be transferred to that number of Charitable Trusts, each having a distinct Charitable Trustee and a Charitable Beneficiary or Beneficiaries that are distinct from those of each other Charitable Trust, such that there is no violation of any provision of this Article VII.

Section 7.2.2 <u>Remedies for Breach</u>. If the Board of Directors of the Corporation or any duly authorized committee thereof shall at any time determine in good faith that a Transfer or other event has taken place that results in a violation of Section 7.2.1 or that a Person intends to acquire or has attempted to acquire Beneficial or Constructive Ownership of any shares of Capital Stock in violation of Section 7.2.1 (whether or not such violation is intended), the Board of Directors or a committee thereof shall take such action as it deems advisable to refuse to give effect to or to prevent such Transfer or other event, including, without limitation, causing the Corporation to redeem shares, refusing to give effect to such Transfer on the books of the Corporation or instituting proceedings to enjoin such Transfer or other event; <u>provided, however</u>, that any Transfer or attempted Transfer or other event in violation of Section 7.2.1 shall automatically result in the transfer to the Trust described above, and, where applicable, such Transfer (or other event) shall be void <u>ab initio</u> as provided above irrespective of any action (or non-action) by the Board of Directors or a committee thereof.

Section 7.2.3 <u>Notice of Restricted Transfer</u>. Any Person who acquires or attempts or intends to acquire Beneficial Ownership or Constructive Ownership of shares of Capital Stock that will or may violate Section 7.2.1(a) or any Person who would have owned shares of Capital Stock that resulted in a transfer to the Trust pursuant to the provisions of Section 7.2.1(b) shall immediately give written notice to the Corporation of such event or, in the case of such a proposed or attempted transaction, give at least 15 days prior written notice, and shall provide to the Corporation such other information as the Corporation may request in order to determine the effect, if any, of such Transfer on the Corporation's status as a REIT.

Section 7.2.4 Owners Required To Provide Information. From the Initial Date and prior to the Restriction Termination Date:

(a) every owner of five percent or more (or such lower percentage as required by the Code or the Treasury Regulations promulgated thereunder) of the outstanding shares of Capital Stock, within 30 days after the end of each taxable year, shall give written notice to the Corporation stating the name and address of such owner, the number of shares of Capital Stock Beneficially Owned and a description of the manner in which such shares are held. Each such owner shall provide to the Corporation such additional information as the

Corporation may request in order to determine the effect, if any, of such Beneficial Ownership on the Corporation's status as a REIT and to ensure compliance with the Aggregate Stock Ownership Limit; and

(b) each Person who is a Beneficial or Constructive Owner of Capital Stock and each Person (including the stockholder of record) who is holding Capital Stock for a Beneficial or Constructive Owner shall provide to the Corporation such information as the Corporation may request, in good faith, in order to determine the Corporation's status as a REIT and to comply with requirements of any taxing authority or governmental authority or to determine such compliance.

Section 7.2.5 <u>Remedies Not Limited</u>. Subject to Section 5.7 of the Charter, nothing contained in this Section 7.2 shall limit the authority of the Board of Directors of the Corporation to take such other action as it deems necessary or advisable to protect the Corporation and the interests of its stockholders in preserving the Corporation's status as a REIT.

Section 7.2.6 Ambiguity. In the case of an ambiguity in the application of any of the provisions of this Section 7.2, Section 7.3, or any definition contained in Section 7.1, the Board of Directors of the Corporation shall have the power to determine the application of the provisions of this Section 7.2 or Section 7.3 or any such definition with respect to any situation based on the facts known to it. In the event Section 7.2 or 7.3 requires an action by the Board of Directors and the Charter fails to provide specific guidance with respect to such action, the Board of Directors shall have the power to determine the action to be taken so long as such action is not contrary to the provisions of Sections 7.1, 7.2 or 7.3. Absent a decision to the contrary by the Board of Directors (which the Board may make in its sole and absolute discretion), if a Person would have (but for the remedies set forth in Section 7.2.2) acquired Beneficial or Constructive Ownership of Stock in violation of Section 7.2.1, such remedies (as applicable) shall apply first to the shares of Stock which, but for such remedies, would have been Beneficially Owned or Constructively Owned (but not actually owned) by such Person, pro rata among the Persons who actually own such shares of Stock based upon the relative number of the shares of Stock held by each such Person.

Section 7.2.7 Exceptions.

(a) Subject to Section 7.2.1(a)(ii), the Board of Directors of the Corporation, in its sole discretion, may exempt (prospectively or retroactively) a Person from the Aggregate Stock Ownership Limit and the Common Stock Ownership Limit, as the case may be, and may establish or increase an Excepted Holder Limit for such Person if:

(i) the Board of Directors obtains such representations and undertakings from such Person as are reasonably necessary to ascertain that no individual's Beneficial or Constructive Ownership of such shares of Capital Stock will violate Section 7.2.1(a)(ii);

(ii) such Person does not and represents that it will not own, actually or Constructively, an interest in a tenant of the Corporation (or a tenant of any entity owned or controlled by the Corporation) that would cause the Corporation to own, actually or

Constructively, more than a 9.9% interest (as set forth in Section 856(d)(2)(B) of the Code) in such tenant and the Board of Directors obtains such representations and undertakings from such Person as are reasonably necessary to ascertain this fact (for this purpose, a tenant from whom the Corporation (or an entity owned or controlled by the Corporation) derives (and is expected to continue to derive) a sufficiently small amount of revenue such that, in the opinion of the Board of Directors of the Corporation, rent from such tenant would not adversely affect the Corporation's ability to qualify as a REIT shall not be treated as a tenant of the Corporation); and

(iii) such Person agrees that any violation or attempted violation of such representations or undertakings (or other action which is contrary to the restrictions contained in Sections 7.2.1 through 7.2.6) will result in such shares of Capital Stock being automatically transferred to a Trust in accordance with Sections 7.2.1(b) and 7.3.

- (b) Prior to granting any exception pursuant to Section 7.2.7(a), the Board of Directors of the Corporation may require a ruling from the Internal Revenue Service, or an opinion of counsel, in either case in form and substance satisfactory to the Board of Directors in its sole discretion, as it may deem necessary or advisable in order to determine or ensure the Corporation's status as a REIT. Notwithstanding the receipt of any ruling or opinion, the Board of Directors may impose such conditions or restrictions as it deems appropriate in connection with granting such exception.
- (c) Subject to Section 7.2.1(a)(ii), an underwriter which participates in a public offering or a private placement of Capital Stock (or securities convertible into or exchangeable for Capital Stock) may Beneficially Own or Constructively Own shares of Capital Stock (or securities convertible into or exchangeable for Capital Stock) in excess of the Aggregate Stock Ownership Limit, the Common Stock Ownership Limit, or both such limits, but only to the extent necessary to facilitate such public offering or private placement.
- (d) The Board of Directors may only reduce the Excepted Holder Limit for an Excepted Holder: (1) with the written consent of such Excepted Holder at any time, or (2) pursuant to the terms and conditions of the agreements and undertakings entered into with such Excepted Holder in connection with the establishment of the Excepted Holder Limit for that Excepted Holder. No Excepted Holder Limit shall be reduced to a percentage that is less than the Common Stock Ownership Limit.

Section 7.2.8 <u>Increase or Decrease in Common Stock Ownership or Aggregate Stock Ownership Limits</u>. Subject to Section 7.2.1 (a)(ii), the Board of Directors may from time to time increase the Common Stock Ownership Limit and the Aggregate Stock Ownership Limit for one or more Persons and decrease the Common Stock Ownership Limit and the Aggregate Stock Ownership Limit for all other Persons; provided, however, that the decreased Common Stock Ownership Limit or Aggregate Stock Ownership Limit will not be effective for any Person whose percentage ownership in Stock is in excess of such decreased Common Stock Ownership Limit or Aggregate Stock Ownership Limit until such time as such Person's percentage of Stock equals or falls below the decreased Common Stock Ownership Limit and/or Aggregate Stock Ownership Limit, but any further acquisition of Stock by such person will be in violation of the Common Stock Ownership Limit or Aggregate Stock Ownership Limit and/or

Aggregate Stock Ownership Limit would not allow five or fewer Persons to Beneficially Own more than 49.9% in value of the outstanding Stock.

Section 7.2.9 <u>Legend</u>. Each certificate for shares of Capital Stock shall bear substantially the following legend:

The shares represented by this certificate are subject to restrictions on Beneficial and Constructive Ownership and Transfer for the purpose, among others, of the Corporation's maintenance of its status as a Real Estate Investment Trust under the Internal Revenue Code of 1986, as amended (the "Code"). Subject to certain further restrictions and except as expressly provided in the Corporation's Charter, (i) no Person may Beneficially or Constructively Own shares of the Corporation's Common Stock in excess of the Common Stock Ownership Limit unless such Person is an Excepted Holder (in which case the Excepted Holder Limit shall be applicable); (ii) no Person may Beneficially or Constructively Own shares of Capital Stock of the Corporation in excess of the Aggregate Stock Ownership Limit, unless such Person is an Excepted Holder (in which case the Excepted Holder Limit shall be applicable); (iii) no Person may Beneficially or Constructively Own Capital Stock that would result in the Corporation being "closely held" under Section 856(h) of the Code or otherwise cause the Corporation to fail to qualify as a REIT; and (iv) no Person may Transfer shares of Capital Stock if such Transfer would result in the Capital Stock of the Corporation being owned by fewer than 100 Persons. Any Person who Beneficially or Constructively Owns or attempts to Beneficially or Constructively Own shares of Capital Stock which causes or will cause a Person to Beneficially or Constructively Own shares of Capital Stock in excess or in violation of the above limitations must immediately notify the Corporation. If any of the restrictions on transfer or ownership are violated, the shares of Capital Stock represented hereby will be automatically transferred to a Trustee of a Trust for the benefit of one or more Charitable Beneficiaries. In addition, the Corporation may redeem shares upon the terms and conditions specified by the Board of Directors in its sole discretion if the Board of Directors determines that ownership or a Transfer or other event may violate the restrictions described above. Furthermore, upon the occurrence of certain events, attempted Transfers in violation of the restrictions described above may be void ab initio. All capitalized terms in this legend have the meanings defined in the Charter of the Corporation, as the same may be amended from time to time, a copy of which, including the restrictions on transfer and ownership, will be furnished to each holder of Capital Stock of the Corporation on request and without charge. Requests for such a copy may be directed to the Secretary of the Corporation at its Principal Office.

Instead of the foregoing legend, the certificate may state that the Corporation will furnish a full statement about certain restrictions on transferability to a stockholder on request and without charge.

Section 7.3 Transfer of Capital Stock in Trust.

Section 7.3.1 Ownership in Trust. Upon any purported Transfer or other event described in Section 7.2.1(b) that would result in a transfer of shares of Capital Stock to a Trust, such shares of Capital Stock shall be deemed to have been transferred to the Trustee as trustee of a Trust for the exclusive benefit of one or more Charitable Beneficiaries. Such transfer to the Trustee shall be deemed to be effective as of the close of business on the Business Day prior to the purported Transfer or other event that results in the transfer to the Trust pursuant to Section 7.2.1(b). The Trustee shall be appointed by the Corporation and shall be a Person unaffiliated with the Corporation and any Prohibited Owner. Each Charitable Beneficiary shall be designated by the Corporation as provided in Section 7.3.6.

Section 7.3.2 <u>Status of Shares Held by the Trustee</u>. Shares of Capital Stock held by the Trustee shall be issued and outstanding shares of Capital Stock of the Corporation. The Prohibited Owner shall have no rights in the shares held by the Trustee. The Prohibited Owner shall not benefit economically from ownership of any shares held in trust by the Trustee, shall have no rights to dividends or other distributions and shall not possess any rights to vote or other rights attributable to the shares held in the Trust.

Section 7.3.3 Dividend and Voting Rights. The Trustee shall have all voting rights and rights to dividends or other distributions with respect to shares of Capital Stock held in the Trust, which rights shall be exercised for the exclusive benefit of the Charitable Beneficiary. Any dividend or other distribution paid prior to the discovery by the Corporation that the shares of Capital Stock have been transferred to the Trustee shall be paid by the recipient of such dividend or distribution to the Trustee upon demand and any dividend or other distribution authorized but unpaid shall be paid when due to the Trustee. Any dividend or distribution so paid to the Trustee shall be held in trust for the Charitable Beneficiary. The Prohibited Owner shall have no voting rights with respect to shares held in the Trust and, subject to Maryland law, effective as of the date that the shares of Capital Stock have been transferred to the Trustee, the Trustee shall have the authority (at the Trustee's sole discretion) (i) to rescind as void any vote cast by a Prohibited Owner prior to the discovery by the Corporation that the shares of Capital Stock have been transferred to the Trustee and (ii) to recast such vote in accordance with the desires of the Trustee acting for the benefit of the Charitable Beneficiary; provided, however, that if the Corporation has already taken irreversible corporate action, then the Trustee shall not have the authority to rescind and recast such vote. Notwithstanding the provisions of this Article VII, until the Corporation has received notification that shares of Capital Stock have been transferred into a Trust, the Corporation shall be entitled to rely on its share transfer and other stockholder records for purposes of preparing lists of stockholders entitled to vote at meetings, determining the validity and authority of proxies and otherwise conducting votes of stockholders.

Section 7.3.4 Sale of Shares by Trustee. Within 20 days of receiving notice from the Corporation that shares of Capital Stock have been transferred to the Trust, the Trustee of the Trust shall sell the shares held in the Trust to a person, designated by the Trustee, whose ownership of the shares will not violate the ownership limitations set forth in Section 7.2.1(a). Upon such sale, the interest of the Charitable Beneficiary in the shares sold shall terminate and the Trustee shall distribute the net proceeds of the sale to the Prohibited Owner and to the Charitable Beneficiary as provided in this Section 7.3.4. The Prohibited Owner shall receive the lesser of (1) the price paid by the Prohibited Owner for the shares or, if the Prohibited Owner did not give value for the shares in connection with the event causing the shares to be held in the Trust (e.g., in the case of a gift, devise or other such transaction), the Market Price of the shares on the day of the event causing the shares to be held in the Trust and (2) the price per share received by the Trustee (net of any commissions and other expenses of sale) from the sale or other disposition of the shares held in the Trust. The Trustee may reduce the amount payable to the Prohibited Owner by the amount of dividends and distributions which have been paid to the Prohibited Owner and are owed by the Prohibited Owner to the Trustee pursuant to Section 7.3.3 of this Article VII. Any net sales proceeds in excess of the amount payable to the Prohibited Owner shall be immediately paid to the Charitable Beneficiary. If, prior to the discovery by the Corporation that shares of Capital Stock have been transferred to the Trustee, such shares are sold by a Prohibited Owner, then (i) such shares shall be deemed to have been sold on behalf of the Trust and (ii) to the extent that the Prohibited Owner received an amount for such shares that exceeds the amount that such Prohibited Owner was entitled to receive pursuant to this Section 7.3.4, such excess shall be paid to the Trustee upon demand.

Section 7.3.5 <u>Purchase Right in Stock Transferred to the Trustee</u>. Shares of Capital Stock transferred to the Trustee shall be deemed to have been offered for sale to the Corporation, or its designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in such transfer to the Trust (or, in the case of a devise or gift, the Market Price at the time of such devise or gift) and (ii) the Market Price on the date the Corporation, or its designee, accepts such offer. The Corporation may reduce the amount payable to the Prohibited Owner by the amount of dividends and distributions which has been paid to the Prohibited Owner and are owed by the Prohibited Owner to the Trustee pursuant to Section 7.3.3 of this Article VII. The Corporation may pay the amount of such reduction to the Trustee for the benefit of the Charitable Beneficiary. The Corporation shall have the right to accept such offer until the Trustee has sold the shares held in the Trust pursuant to Section 7.3.4. Upon such a sale to the Corporation, the interest of the Charitable Beneficiary in the shares sold shall terminate and the Trustee shall distribute the net proceeds of the sale to the Prohibited Owner.

Section 7.3.6 <u>Designation of Charitable Beneficiaries</u>. By written notice to the Trustee, the Corporation shall designate one or more nonprofit organizations to be the Charitable Beneficiary of the interest in the Trust such that (i) the shares of Capital Stock held in the Trust would not violate the restrictions set forth in Section 7.2.1(a) in the hands of such Charitable Beneficiary and (ii) each such organization must be described in Section 501(c)(3) of the Code and contributions to each such organization must be eligible for deduction under each of Sections 170(b)(1)(A), 2055 and 2522 of the Code. Neither the failure of the Corporation to make such designation nor the failure of the Corporation to appoint the Trustee before the

automatic transfer provided in Section 7.2.1(b) shall make such transfer ineffective, provided that the Corporation thereafter makes such designation and appointment.

Section 7.4 <u>NYSE Transactions</u>. Nothing in this Article VII shall preclude the settlement of any transaction entered into through the facilities of the NYSE or any other national securities exchange or automated inter-dealer quotation system. The fact that the settlement of any transaction occurs shall not negate the effect of any other provision of this Article VII and any transferee in such a transaction shall be subject to all of the provisions and limitations set forth in this Article VII.

Section 7.5 <u>Enforcement</u>. The Corporation is authorized specifically to seek equitable relief, including injunctive relief, to enforce the provisions of this Article VII.

Section 7.6 <u>Non-Waiver</u>. No delay or failure on the part of the Corporation or the Board of Directors in exercising any right hereunder shall operate as a waiver of any right of the Corporation or the Board of Directors, as the case may be, except to the extent specifically waived in writing.

ARTICLE VIII

AMENDMENTS

The Corporation reserves the right from time to time to make any amendment to the Charter, now or hereafter authorized by law, including any amendment altering the terms or contract rights, as expressly set forth in the Charter, of any shares of outstanding stock. All rights and powers conferred by the Charter on stockholders, directors and officers are granted subject to this reservation. Except as set forth below and except for those amendments permitted to be made without stockholder approval under Maryland law or by specific provision in the Charter, any amendment to the Charter shall be valid only if declared advisable by the Board of Directors and approved by the affirmative vote of holders of shares entitled to cast a majority of all the votes entitled to be cast on the matter. Notwithstanding the foregoing, any amendment to Section 5.6 or to this sentence of the Charter shall be valid only if declared advisable by the Board of Directors and approved by the affirmative vote of holders of shares entitled to cast at least two-thirds of all the votes entitled to be cast on the matter.

ARTICLE IX

Section 9.1 <u>Limitation of Liability</u>. To the maximum extent that Maryland law in effect from time to time permits limitation of the liability of directors and officers of a corporation, no present or former director or officer of the Corporation shall be liable to the Corporation or its stockholders for money damages.

Section 9.2 <u>Indemnification and Advance of Expenses</u>. The Corporation shall have the power, to the maximum extent permitted by Maryland law in effect from time to time, to obligate itself to indemnify, and to pay or reimburse reasonable expenses in advance of final

disposition of a proceeding to, (a) any individual who is a present or former director or officer of the Corporation or (b) any individual who, while a director or officer of the Corporation and at the request of the Corporation, serves or has served as a director, officer, partner or trustee of another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or any other enterprise from and against any claim or liability to which such person may become subject or which such person may incur by reason of his or her service in any such capacity. The Corporation shall have the power, with the approval of the Board of Directors, to provide such indemnification and advancement of expenses to a person who served a predecessor of the Corporation in any of the capacities described in (a) or (b) above and to any employee or agent of the Corporation or a predecessor of the Corporation.

Section 9.3 <u>Amendment or Repeal</u>. Neither the amendment nor repeal of this Article IX, nor the adoption or amendment of any other provision of the Charter or Bylaws inconsistent with this Article IX, shall apply to or affect in any respect the applicability of the preceding sections of this Article IX with respect to any act or failure to act which occurred prior to such amendment, repeal or adoption.

THIRD: The amendment to and restatement of the charter as hereinabove set forth have been duly advised by the Board of Directors and approved by the stockholders of the Corporation as required by law.

ARTICLE V

PROVISIONS FOR DEFINING, LIMITING AND REGULATING CERTAIN POWERS OF THE CORPORATION AND OF THE STOCKHOLDERS AND DIRECTORS

Section 5.1 Number, Classification and Election of Directors. The business and affairs of the Corporation shall be managed under the direction of the Board of Directors. The number of directors of the Corporation is one, which number may be increased or decreased only by the Board of Directors pursuant to the Bylaws of the Corporation (the "Bylaws"), but shall never be less than the minimum number required by the Maryland General Corporation Law (the "MGCL"). The name of the director who shall serve until his successor is duly elected and qualifies is Terry C. Matlack.

The directors may increase the number of directors and may fill any vacancy, whether resulting from an increase in the number of directors or otherwise, on the Board of Directors in the manner provided in the Bylaws.

The Corporation elects, at such time as it becomes eligible to make the election provided for under Section 3-802(b) of the MGCL, that, except as may be provided by the Board of Directors in setting the terms of any class or series of Preferred Stock (as hereinafter defined), any and all vacancies on the Board of Directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy shall serve for the remainder of the full term of the directorship in which such vacancy occurred and until a successor is duly elected and qualifies.

On the first date on which there are at least three directors, the directors (other than any director elected solely by holders of one or more classes or series of Preferred Stock in connection with dividend arrearages) shall be classified, with respect to the terms for which they severally hold office, into three classes as determined by the Board of Directors, with Class I directors to hold office initially for a term expiring at the first annual meeting of stockholders subsequent to their election, Class II directors to hold office initially for a term expiring at the second annual meeting of stockholders subsequent to their election, and Class III directors to hold office initially for a term expiring at the third annual meeting of stockholders subsequent to their election, with each director to hold office until her or his successor is duly elected and qualifies. At each annual meeting of the stockholders, commencing with the first annual meeting of stockholders subsequent to the classification of directors, the successors to the class of directors whose term expires at such meeting shall be elected to hold office for a term expiring at the third succeeding annual meeting of stockholders following the meeting at which they were elected and until their successors are duly elected and qualify.

Except as otherwise provided in the Bylaws, each director shall be elected by the affirmative vote of the holders of a majority of the shares of stock outstanding and entitled to vote thereon.

Section 5.2 <u>Extraordinary Actions</u>. Except as specifically provided in Section 5.6 (relating to removal of directors), and in Section 7.2 (relating to certain actions and

certain amendments to the Charter (as defined herein)), notwithstanding any provision of law permitting or requiring any action to be taken or approved by the affirmative vote of the holders of shares entitled to cast a greater number of votes, any such action shall be effective and valid if declared advisable by the Board of Directors and taken or approved by the affirmative vote of holders of shares entitled to cast a majority of all the votes entitled to be cast on the matter.

Section 5.3 <u>Authorization by Board of Stock Issuance</u>. The Board of Directors may authorize the issuance from time to time of shares of stock of the Corporation of any class or series, whether now or hereafter authorized, or securities or rights convertible into shares of its stock of any class or series, whether now or hereafter authorized, for such consideration, if any, as the Board of Directors may deem advisable (or without consideration in the case of a stock split or stock dividend), subject to such restrictions or limitations, if any, as may be set forth in the charter of the Corporation (the "Charter") or the Bylaws.

Section 5.4 Preemptive Rights and Appraisal Rights. Except as may be provided by the Board of Directors in setting the terms of classified or reclassified shares of stock pursuant to Section 6.4 or as may otherwise be provided by contract, no holder of shares of stock of the Corporation shall, as such holder, have any preemptive right to purchase or subscribe for any additional shares of stock of the Corporation or any other security of the Corporation which it may issue or sell. No holder of stock of the Corporation shall be entitled to exercise the rights of an objecting stockholder under Title 3, Subtitle 2 of the MGCL or any successor statute unless the Board of Directors, upon the affirmative vote of a majority of the entire Board of Directors, shall determine that such rights apply, with respect to all or any classes or series of stock, or any proportion of the shares thereof, to a particular transaction or all transactions occurring after the date of such determination in connection with which holders of such shares would otherwise be entitled to exercise such rights.

Determinations by Board. The determination as to any of the Section 5.5 following matters, made in good faith by or pursuant to the direction of the Board of Directors consistent with the Charter, shall be final and conclusive and shall be binding upon the Corporation and every holder of shares of its stock: the amount of the net income of the Corporation for any period and the amount of assets at any time legally available for the payment of dividends, redemption of its stock or the payment of other distributions on its stock; the amount of paid-in surplus, net assets, other surplus, annual or other cash flow, net profit, net assets in excess of capital, undivided profits or excess of profits over losses on sales of assets; the amount, purpose, time of creation, increase or decrease, alteration or cancellation of any reserves or charges and the propriety thereof (whether or not any obligation or liability for which such reserves or charges shall have been created shall have been paid or discharged); any interpretation of the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of any class or series of stock of the Corporation; the fair value, or any sale, bid or asked price to be applied in determining the fair value, of any asset owned or held by the Corporation or of any shares of stock of the Corporation; the number of shares of stock of any class or series of the Corporation; any matter relating to the acquisition, holding and disposition of any assets by the Corporation; or any other matter relating to the business and affairs of the Corporation or required or permitted by applicable law, the Charter or Bylaws or otherwise to be determined by the Board of Directors.

KC-1319915-1 3

Section 5.6 Removal of Directors. Subject to the rights of holders of one or more classes or series of Preferred Stock to elect or remove one or more directors, any director, or the entire Board of Directors, may be removed from office at any time only for cause and only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors. For the purpose of this paragraph, "cause" shall mean, with respect to any particular director, conviction of a felony or a final judgment of a court of competent jurisdiction holding that such director caused demonstrable, material harm to the Corporation through bad faith or active and deliberate dishonesty.

ARTICLE VI

STOCK

The Corporation has authority to issue Authorized Shares. Section 6.1 110,000,000 shares of stock, consisting of 100,000,000 shares of Common Stock, \$.001 par value per share ("Common Stock"), and 10,000,000 shares of Preferred Stock, \$.001 par value per share ("Preferred Stock"). The aggregate par value of all authorized shares of stock having par value is \$110,000. If shares of one class or series of stock are classified or reclassified into shares of another class or series of stock pursuant to this Article VI, the number of authorized shares of the former class or series shall be automatically decreased and the number of shares of the latter class or series shall be automatically increased, in each case by the number of shares so classified or reclassified, so that the aggregate number of shares of stock of all classes or series that the Corporation has authority to issue shall not be more than the total number of shares of stock set forth in the first sentence of this paragraph. The Board of Directors, without any action by the stockholders of the Corporation, may amend the Charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that the Corporation has authority to issue.

Section 6.2 <u>Common Stock.</u> Each share of Common Stock shall entitle the holder thereof to one vote. The Board of Directors may reclassify any unissued shares of Common Stock from time to time in one or more classes or series of stock.

Section 6.3 <u>Preferred Stock.</u> The Board of Directors may classify any unissued shares of Preferred Stock and reclassify any previously classified but unissued shares of Preferred Stock of any series from time to time, in one or more classes or series of stock.

Section 6.4 <u>Classified or Reclassified Shares</u>. Prior to issuance of classified or reclassified shares of any class or series, the Board of Directors by resolution shall: (a) designate that class or series to distinguish it from all other classes and series of stock of the Corporation; (b) specify the number of shares to be included in the class or series; (c) set or change, subject to the express terms of any class or series of stock of the Corporation outstanding at the time, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms and conditions of redemption for each class or series; and (d) cause the Corporation to file articles supplementary with the State Department of Assessments and Taxation of Maryland ("SDAT"). Any of the terms of any class or series of stock set or changed pursuant to clause (c) of this Section 6.4 may be made dependent upon facts or events ascertainable outside the Charter (including determinations by the

KC-1319915-1 4

Board of Directors or other facts or events within the control of the Corporation) and may vary among holders thereof, provided that the manner in which such facts, events or variations shall operate upon the terms of such class or series of stock is clearly and expressly set forth in the articles supplementary or other charter document filed with the SDAT.

Section 6.5 <u>Charter and Bylaws</u>. The rights of all stockholders and the terms of all stock are subject to the provisions of the Charter and the Bylaws. The Board of Directors of the Corporation shall have the exclusive power to make, alter, amend or repeal the Bylaws.

ARTICLE VII

AMENDMENTS; CERTAIN EXTRAORDINARY TRANSACTIONS

Section 7.1 <u>Amendments Generally</u>. The Corporation reserves the right from time to time to make any amendment to its Charter, now or hereafter authorized by law, including any amendment altering the terms or contract rights, as expressly set forth in the Charter, of any shares of outstanding stock. All rights and powers conferred by the Charter on stockholders, directors and officers are granted subject to this reservation.

Section 7.2 <u>Approval of Certain Extraordinary Actions and Charter</u> Amendments.

- (a) Required Votes. The affirmative vote of the holders of shares entitled to cast at least 80 percent of the votes entitled to be cast on the matter, each voting as a separate class, shall be necessary to effect:
- (i) Any amendment to the Charter to make the Corporation's Common Stock a "redeemable security" or to convert the Corporation, whether by merger or otherwise, from a "closed-end company" to an "open-end company" (as such terms are defined in the 1940 Act);
- (ii) The liquidation or dissolution of the Corporation and any amendment to the Charter to effect any such liquidation or dissolution; and
- (iii) Any amendment to Section 5.1, Section 5.2, Section 5.6, Section 7.1 or this Section 7.2;

provided, however, that, if the Continuing Directors (as defined herein), by a vote of at least twothirds of such Continuing Directors, in addition to approval by the Board of Directors, approve such proposal or amendment, the affirmative vote of the holders of a majority of the votes entitled to be cast shall be sufficient to approve such matter.

(b) Continuing Directors. "Continuing Directors" means the director identified in Article V, Section 5.1 and any director elected before the first annual meeting of the stockholders in the manner provided in the Bylaws and the directors whose nomination for election by the stockholders or whose election by the directors to fill vacancies is approved by a majority of the Continuing Directors then on the Board.

KC-1319915-1 5

ARTICLE VIII

LIMITATION OF LIABILITY; INDEMNIFICATION AND ADVANCE OF EXPENSES

Section 8.1 <u>Limitation of Liability</u>. To the maximum extent that Maryland law in effect from time to time permits limitation of the liability of directors and officers of a corporation, no present or former director or officer of the Corporation shall be liable to the Corporation or its stockholders for money damages.

Section 8.2 <u>Indemnification and Advance of Expenses</u>. The Corporation shall have the power, to the maximum extent permitted by Maryland law in effect from time to time, to obligate itself to indemnify, and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding to, (a) any individual who is a present or former director or officer of the Corporation or (b) any individual who, while a director or officer of the Corporation and at the request of the Corporation, serves or has served as a director, officer, partner or trustee of another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or any other enterprise from and against any claim or liability to which such person may become subject or which such person may incur by reason of his or her service in any such capacity. The Corporation shall have the power, with the approval of the Board of Directors, to provide such indemnification and advancement of expenses to a person who served a predecessor of the Corporation in any of the capacities described in (a) or (b) above and to any employee or agent of the Corporation or a predecessor of the Corporation.

Section 8.3 1940 Act. At such time as the Corporation elects to be a business development company under the 1940 Act, the provisions of this Article VIII shall be subject to the limitations of the 1940 Act.

Section 8.4 <u>Amendment or Repeal</u>. Neither the amendment nor repeal of this Article VIII, nor the adoption or amendment of any other provision of the Charter or Bylaws inconsistent with this Article VIII, shall apply to or affect in any respect the applicability of the preceding sections of this Article VIII with respect to any act or failure to act which occurred prior to such amendment, repeal or adoption.

TORTOISE CAPITAL RESOURCES CORPORATION

ARTICLES SUPPLEMENTARY

SERIES A REDEEMABLE PREFERRED STOCK

Tortoise Capital Resources Corporation, a Maryland corporation (the "Corporation"), hereby certifies to the State Department of Assessments and Taxation of Maryland that;

FIRST: Under a power contained in Article VI of the charter of the Corporation (the "Charter"), the Board of Directors by duly adopted resolutions classified and designated 1,333,333 shares of authorized but unissued preferred stock, \$0.001 par value per share (the "Preferred Stock"), of the Corporation as shares of Series A Redeemable Preferred Stock, with the following preferences, rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption, which, upon any restatement of the Charter, shall become part of Article VI of the Charter, with any necessary or appropriate renumbering or relettering of the sections or subsections hereof.

SERIES A REDEEMABLE PREFERRED STOCK

1. <u>Classification and Designation</u>. 1,333,333 shares of Preferred Stock are classified and designated as Series A Redeemable Preferred Stock (the "<u>Series A Redeemable Preferred Stock</u>").

2. <u>Dividend Rights.</u>

des Payments. Holders of Series A Redeemable Preferred Stock shall be entitled to receive in each fiscal year from and after the date of issuance of the first share of Series A Redeemable Preferred Stock (as to the Series A Redeemable Preferred Stock, the "Original Issue Date"), cumulative cash dividends when and as authorized by the Board of Directors and declared by the Corporation and to the extent that funds are legally available therefor at the rate of 10% per annum of the applicable Original Issue Price (as defined below) on each outstanding share of Series A Redeemable Preferred Stock (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares) payable on the first business day following the end of each fiscal quarter of the Corporation. In the event that any shares of the Series A Redeemable Preferred Stock are not outstanding for a full fiscal quarter, the dividends payable for such quarter shall be prorated based on the actual number of days such shares were outstanding in a presumed 90-day quarter. The "Original Issue Price" of the Series A Redeemable Preferred Stock initially shall be \$15.00 per share, subject to adjustment as hereinafter provided. Any dividends on the Series A Redeemable Preferred Stock, to the extent not declared and paid as aforesaid shall accrue until declared and paid to the holders of the Series A Redeemable Preferred Stock as specified in these terms of the Series A Preferred Stock.

Priority. The dividend payment rights of the Series A Redeemable Preferred Stock shall be in preference to the holders of the Corporation's common stock, \$0.001 par value per share (the "Common Stock"), and any other class or series of stock of the Corporation. Further, if the Series A Redeemable Preferred is not redeemed in full prior to September 26, 2007, no dividend may be paid to the holders of Common Stock and any dividends thereafter to be paid to the holders of the Common Stock shall be paid to the holders of Series A Redeemable Preferred as part of the redemption until the Series A Redeemable Preferred is redeemed in full. Furthermore, in addition to the protective provisions set forth in Section 5, the Corporation may not declare any dividend (except a dividend payable in Common Stock of the Corporation) or any other distribution (as such term is used in Section 18(a)(2)(B) of the Investment Company Act of 1940 (the "1940 Act")) upon the Common Stock, or purchase any Common Stock, unless in every such case the Series A Redeemable Preferred has, at the time of the declaration of any such dividend, distribution or purchase, an asset coverage of at least two hundred percent (200%) after deducting the amount of such dividend, distribution, or purchase price, as the case may be.

3. Liquidation.

Preference. In the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, the holders of Series A Redeemable Preferred Stock shall be entitled to receive, prior and in preference to any distribution of any of the assets of the Corporation to the holders of Common Stock or any other class or series of stock of the Corporation by reason of their ownership thereof, an amount per share equal to the applicable Original Issue Price, subject to adjustment as hereinafter provided, plus all accrued and unpaid cumulative dividends thereon to the date of liquidation. If, upon the occurrence of such event, the assets and funds thus distributed among the holders of the Series A Redeemable Preferred Stock shall be insufficient to permit the payment to such holders of the full aforesaid preferential amounts, then the entire assets and funds of the Corporation legally available for distribution shall be distributed ratably among the holders of the Series A Redeemable Preferred Stock in proportion to the amount each such holder is otherwise entitled to receive. In determining whether a distribution (other than upon voluntary or involuntary liquidation), by dividend, redemption or otherwise, is permitted under the Maryland General Corporation Law (the "MGCL"), amounts that would be needed, if the Corporation were to be dissolved at the time of distribution, to satisfy the liquidation preference of the Series A Redeemable Preferred Stock will not be added to the Corporation's total liabilities.

(b) Certain Transactions.

(i) <u>Deemed Liquidation</u>. For purposes of this Section 3, a liquidation, dissolution or winding up of the Corporation shall be deemed to occur (unless otherwise approved at a meeting or by written consent by the holders of a majority of the then outstanding shares of the Series A Redeemable Preferred Stock) if the Corporation shall (A) sell, convey, or otherwise dispose of all or substantially all of its property or business, (B) merge into or consolidate

with any other corporation (other than a wholly-owned subsidiary corporation) or undergo a recapitalization within the meaning of Section 368(a)(1)(E) of the Internal Revenue Code or (C) effect any other transaction or series of related transactions in which, with respect to the foregoing clause (B) or clause (C), the outstanding voting stock of the Corporation immediately prior to the transaction ceases to represent a majority of the outstanding voting stock immediately following the transaction; provided, however, that, subject to the protective provisions set forth in Section 5, this 3(b)(i) shall not apply to an encumbrance of all or substantially all of the Corporation's property or business solely in connection with a debt financing.

- (ii) <u>Valuation of Consideration</u>. In the event of a deemed liquidation as described in Section 3(b)(i) of these terms of the Series A Redeemable Preferred Stock, if the consideration received by the Corporation is other than cash, its value will be deemed its fair market value as determined in good faith by the Board of Directors of the Corporation. Any securities distributed to holders of the Series A Redeemable Preferred Stock in satisfaction of their liquidation preference shall be valued as follows:
 - (A) Securities not subject to investment letter or other similar restrictions on free marketability:
 - (1) If traded on a securities exchange or The Nasdaq Stock Market, the value shall be deemed to be the average of the closing prices of the securities on such exchange over the thirty-day period ending three days prior to the closing;
 - (2) If actively traded over-the-counter, the value shall be deemed to be the average of the closing bid or sale prices (whichever is applicable) over the thirty-day period ending three days prior to the closing; and
 - (3) If there is no active public market, the value shall be the fair market value thereof, as mutually determined in good faith by the holder of a majority of the Series A Redeemable Preferred (or, alternatively, a representative approved at a meeting or by written consent by the holders of a majority of the then outstanding shares of the Series A Redeemable Preferred Stock) and the Board of Directors of the Corporation.
 - (B) The method of valuation of securities subject to investment letter or other restrictions on free marketability (other than restrictions arising solely by virtue of a shareholder's status as an affiliate or former affiliate) shall be to make an appropriate discount from the market value determined as in Section 3(b)(ii)(A) of these terms of the Series A Redeemable Preferred Stock to reflect the approximate fair

market value thereof, as determined in good faith by the Board of Directors of the Corporation.

If the consideration received is other than cash or securities, its value will be deemed its fair market value as mutually determined in good faith by the holder of a majority of the Series A Redeemable Preferred (or, alternatively, a representative approved at a meeting or by written consent by the holders of a majority of the then outstanding shares of the Series A Redeemable Preferred Stock) and the Board of Directors of the Corporation.

- Notice of Transaction. The Corporation shall give each holder of record of the Series A Redeemable Preferred Stock written notice of such impending transaction not later than 20 days prior to the stockholders' meeting called to approve such transaction, or 20 days prior to the closing of such transaction, whichever is earlier, and shall also notify such holders in writing of the final approval of such transaction. The first of such notices shall describe the material terms and conditions of the impending transaction and the provisions of this Section 3, and the Corporation shall thereafter give such holders prompt notice of any material changes. The transaction shall in no event take place sooner than 10 days after the Corporation has given the first notice provided for herein or sooner than 10 days after the Corporation has given notice of any material changes provided for herein; provided, however, that such periods may be shortened upon the written consent of the holders of Series A Redeemable Preferred Stock that are entitled to such notice rights and that represent at least a majority of the voting power of all then outstanding shares of the Series A Redeemable Preferred Stock.
- (iv) Effect of Noncompliance. In the event the requirements of this Section 3(b) are not complied with, the Corporation shall forthwith either cause the closing of the transaction to be postponed until such requirements have been complied with, or cancel such transaction, in which event the rights, preferences and privileges of the holders of the Series A Redeemable Preferred Stock shall revert to and be the same as such rights, preferences and privileges existing immediately prior to the date of the first notice referred to in Section 3(b)(iii) of these terms of the Series A Redeemable Preferred Stock.
- 4. <u>Voting Rights</u>. The holder of each share of Series A Redeemable Preferred Stock shall have the right to one vote for each such share of stock held and such holder shall have full voting rights and powers equal to the voting rights and powers of the holders of Common Stock. The Holders of the Series A Redeemable Preferred Stock shall be entitled, notwithstanding any provision hereof, to notice of any shareholders' meeting in accordance with the Bylaws of the Corporation and shall be entitled to vote together as a single class, together with holders of Common Stock, on any question upon which holders of Common Stock have the right to vote. In addition, the holders of the Series A Redeemable Preferred Stock shall be entitled, voting separately as a class: (i) to elect at least two directors of the Corporation at all times, and (ii) to elect a majority of the directors of the Corporation if, at any time, dividends on the Series A Redeemable

Preferred Stock shall be unpaid in an amount equal two full years' dividends on such securities, and, thereafter, to continue to be so represented until all dividends in arrears shall have been paid or otherwise provided for. Further, the Series A Redeemable Preferred Stock, voting as a separate class, shall have the right to approve by a vote of a majority of the then outstanding Series A Redeemable Preferred Stock, any plan of reorganization adversely affecting the Series A Redeemable Preferred Stock or of any action requiring a vote of security holders as provided in Section 13(a) of the 1940 Act.

- 5. <u>Protective Provisions.</u> So long as any share of the Series A Redeemable Preferred remains outstanding:
- (a) the Corporation will not incur additional debt or grant any liens other than to secure bank lines of credit, and those secured credit facilities will not exceed 25% of the total assets of the Corporation.
- (b) at all times after June 30, 2007, the entire net proceeds of any additional debt assumed, and the entire net proceeds of any additional equity raised, by the Corporation shall be used to redeem the Preferred Stock.
- (c) The Corporation shall not, without first obtaining the approval (by vote or written consent, as provided by law) of the holders of at least a majority of the then outstanding shares of the Series A Redeemable Preferred Stock, which approval or consent shall not unreasonably be withheld:
 - (i) amend the Charter or Bylaws of the Corporation to change the preferences, rights, privileges, or powers of, or the restrictions provided for the benefit of, the Series A Redeemable Preferred;
 - (ii) increase the authorized number of shares of Series A Redeemable Preferred;
 - (iii) authorize or issue shares of any class or series of stock having any preference as to dividends, liquidation preferences, or voting rights, superior to any such preference or priority of the Series A Redeemable Preferred, or having any rights in addition to those granted to the Series A Redeemable Preferred;
 - (iv) reclassify any shares of stock of the Corporation into shares having any preference or priority as to dividends, liquidation preferences, or voting rights, superior to any such preference or priority of the Series A Redeemable Preferred, or having any rights in addition to those granted to the Series A Redeemable Preferred;
 - (v) repurchase, acquire, or retire any shares of Common Stock other than pursuant to the terms of any agreement approved by the Board of Directors of the Corporation between the Corporation and any stockholder, employee, director, officer, consultant or vendor; or

- (vi) the Corporation shall not engage in (i) any acquisition of the Corporation by merger, consolidation or otherwise, or (ii) any sale of all or substantially all of the assets of the Corporation, or (iii) any action which (x) alters or changes the rights, preferences or privileges of the Series A Redeemable Preferred materially and adversely, or (y) creates any new class or series of shares having preference over the Series A Redeemable Preferred.
- 6. <u>Status of Redeemed Stock.</u> In the event that any shares of Series A Preferred are redeemed or otherwise acquired by the Corporation, the shares of Series A Redeemable Preferred Stock so redeemed or otherwise acquired shall be returned to the status of authorized but unissued Preferred Stock, without further designation as to class or series.

Redemption.

- (a) Redemption at Option of the Corporation. At any time and from time to time after the Original Issue Date, the Corporation may redeem some or all of the outstanding shares of the Series A Redeemable Preferred Stock out of funds legally available therefor, in accordance with the provisions contained in this Section 7. If less than all of the shares can be so redeemed, then the shares shall be redeemed on a pro rata basis, in proportion to the aggregate Redemption Price (as defined below) that each holder of Series A Redeemable Preferred Stock is otherwise entitled to receive.
- (b) <u>Mandatory Redemption by the Corporation</u>. The Series A Redeemable Preferred shall be redeemed by the Corporation on the earlier to occur of the following: (i) completion by the Corporation of an initial public offering of its Common Stock in an amount providing net proceeds to the Corporation at least equal to the amount required for the complete redemption of all then outstanding Series A Redeemable Preferred (the "Initial Public Offering"), or (ii) September 26, 2007.
- (c) Redemption Price. The price at which each share of Series A Redeemable Preferred shall be redeemed (the "Redemption Price") shall be the applicable Original Issue Price plus (i) all accrued and unpaid dividends and (ii) a redemption premium equal to 2% (the "Redemption Premium") of the Original Issue Price, subject to adjustment as provided below. In the event the warrants to purchase the Corporation's Common Stock issued to holders of the Series A Redeemable Preferred pursuant to that certain Purchase Agreement among the Corporation, Tortoise Capital Advisors LLC and certain purchasers dated as of December 22, 2006 are not authorized by the holders of the Corporation's Common Stock prior to the Initial Public Offering, the Redemption Premium shall increase by an additional five percent (5%) of the Original Issue Price and such warrants shall be cancelled pursuant to the terms thereof. In addition, the Redemption Premium shall increase by one percent (1%) of the Original Issue Price for each ninety (90) days that the Series A Redeemable Preferred is outstanding.
- (d) <u>Redemption Process</u>. The Corporation shall give to the holders of the outstanding Series A Redeemable Preferred at least three (3) business days

notice of its intention to redeem any Series A Redeemable Preferred Stock in the event of mandatory redemption and at least ten (10) business days notice in the event of optional redemption. Holders of shares of the Series A Redeemable Preferred Stock so notified will be required to present and surrender the certificate or certificates representing such shares to be redeemed on the designated redemption date to the Corporation at the principal executive offices of the Corporation or such other location as the Corporation may designate. The Corporation shall pay the applicable Redemption Price to, or to the order of, the person whose name appears on such certificate or certificates so surrendered within two business days after the certificates of such holder are surrendered. If the number of shares represented by the certificate or certificates surrendered shall exceed the number of shares to be redeemed, the Corporation shall also issue and deliver a certificate or certificates representing the unredeemed balance of such shares to the person entitled thereto.

- (e) <u>Effect of Redemption</u>. If the Corporation pays for any shares in accordance with this Section 7, such shares shall then, and only then, no longer be deemed to be outstanding, and then, and only then, shall the rights of the holders of those shares as shareholders of the Corporation cease. Pending such payment, a holder shall continue to have all the rights of a holder of such shares.
- (f) Insufficient Funds. For purposes of any mandatory redemption under Section 7(b), if the funds of the Corporation legally available for redemption of shares of Series A Redeemable Preferred Stock on a redemption date are insufficient to redeem the total number of shares of Series A Redeemable Preferred Stock submitted for redemption, those funds which are legally available will be used to redeem the maximum possible number of whole shares ratably among the holders of such shares. The shares of Series A Redeemable Preferred Stock not redeemed shall remain outstanding and entitled to all rights and preferences provided herein. At any time thereafter when additional funds of the Corporation are legally available for the redemption of such shares of Series A Redeemable Preferred Stock, such funds will be used, at the end of the next succeeding fiscal quarter, to redeem the balance of such shares, or such portion thereof for which funds are then legally available.
- (g) Adjustment to Original Issue Price. In the event the Corporation at any time or from time to time after issuance of the Series A Redeemable Preferred Stock effects a split or subdivision of the outstanding shares of the Series A Redeemable Preferred Stock without payment of any consideration by such holder of the Series A Redeemable Preferred Stock, the Original Issue Price shall be appropriately adjusted so that the aggregate Redemption Price of all Series A Redeemable Stock then outstanding is not changed as a result of such split or subdivision.
- 8. <u>Charter and Bylaws; No other Rights.</u> The rights of all holders of the Series A Redeemable Preferred Stock and the terms of the Series A Redeemable Preferred Stock are subject to the Charter and Bylaws of the Corporation and the Purchase Agreement dated December 22, 2006. The holders of the Series A Redeemable Preferred Stock shall not have any other preferences, rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions

of redemption other than those expressly set forth therein and in these terms of the Series A Redeemable Preferred Stock.

SECOND: The shares of Series A Redeemable Preferred Stock have been classified and designated by the Board of Directors under the authority contained in the Charter.

THIRD: These Articles Supplementary have been approved by the Board of Directors in the manner and by the vote required by law.

FOURTH: The undersigned President of the Corporation acknowledges these Articles Supplementary to be the corporate act of the Corporation and, as to all matters or facts required to be verified under oath, the undersigned President acknowledges that, to the best of his knowledge, information and belief, these matters and facts are true in all material respects and that this statement is made under the penalties for perjury.

Section 3. Dividends and Distributions.

- (a) Subject to the preferential rights of the holders of any class or series of equity securities of the Corporation ranking senior to the Series A Preferred Stock as to dividends, the holders of the then outstanding Series A Preferred Stock shall be entitled to receive, when, as and if authorized by the Board of Directors and declared by the Corporation, out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of 7.375% per annum of the \$2,500.00 liquidation preference per share of the Series A Preferred Stock, which is equivalent to \$184.375 per annum per share of the Series A Preferred Stock (or \$1.84375 per annum per Depositary Share). Such dividends shall accrue and be cumulative from and including the Original Issue Date and shall be payable quarterly in arrears on each Dividend Payment Date, commencing on June 1, 2015 (as May 31, 2015 is not a Business Day); provided, however, that if any Dividend Payment Date is not a Business Day, then the dividend which would otherwise have been payable on such Dividend Payment Date may be paid on the next succeeding Business Day with the same force and effect as if paid on such Dividend Payment Date, and no interest or additional dividends or other sums shall accrue on the amount so payable from such Dividend Payment Date to such next succeeding Business Day. The initial dividend payable on the Series A Preferred Stock will cover the period from the Original Issue Date to and including May 30, 2015 and will be paid on June 1, 2015, as May 31, 2015 is not a Business Day. The amount of any dividend payable on the Series A Preferred Stock for each full Dividend Period shall be computed by dividing \$184.375 by four (4) regardless of the actual number of days in such full Dividend Period. The amount of any dividend payable on the Series A Preferred Stock for any partial Dividend Period including the initial Dividend Period shall be prorated and computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends will be payable to holders of record as they appear in the stockholder records of the Corporation at the close of business on the applicable Dividend Payment Record Date. Notwithstanding any provision to the contrary contained herein, each outstanding share of Series A Preferred Stock shall be entitled to receive a dividend with respect to any Dividend Payment Record Date equal to the dividend paid with respect to each other share of Series A Preferred Stock that is outstanding on such date.
- (b) No dividends on the Series A Preferred Stock shall be declared or paid or set apart for payment by the Corporation at such time as the terms and provisions of any agreement of the Corporation, including any agreement relating to its indebtedness, prohibits such declaration, payment or setting apart for payment or provides that such declaration, payment or setting apart for payment would constitute a breach thereof or a default thereunder, or if such declaration, or payment or setting apart for payment shall be restricted or prohibited by law.
- (c) Notwithstanding anything contained herein to the contrary, dividends on the Series A Preferred Stock shall accrue whether or not (i) the terms and provisions set forth in Section 3(b) hereof at any time prohibit the current payment of dividends, (ii) the Corporation has earnings, (iii) whether or not there are funds legally available for the payment of such dividends and (iv) whether or not such dividends are authorized. Accrued but unpaid dividends on the Series A Preferred Stock will accumulate as of the Dividend Payment Date on which they first become payable. No interest shall be payable in respect of any accrued but unpaid dividend on the Series A Preferred Stock.
- (d) Except as provided in Section 3(e) below, so long as any shares of Series A Preferred Stock are outstanding, no dividends shall be declared or paid or set apart for payment and no other distribution of cash or other property may be declared or made, directly or indirectly, on or with respect to any shares of Common Stock or shares of any other class or series of equity securities of the Corporation ranking, as to dividends and upon liquidation, on a parity with or junior to the Series A Preferred Stock (other than a dividend paid in shares of Common Stock or in shares of any other class or series of equity securities ranking junior to the Series A Preferred Stock as to dividends and upon liquidation) for any period, nor shall any shares of Common Stock or any other shares of any other class or series of equity securities of the Corporation ranking, as to dividends or upon liquidation, on a parity with or junior to the Series A Preferred Stock be redeemed, purchased or otherwise acquired for any consideration and no other distribution of cash or other property may be made, directly or indirectly, on or with respect thereto (or any moneys be paid to or made available for a sinking fund for the redemption of any such

shares) by the Corporation (other than a purchase or other acquisition of shares of Common Stock made for purposes of and in compliance with the requirements of any employee benefit, incentive or similar plan of the Corporation or any subsidiary thereof, conversion into or exchange for other shares of any class or series of equity securities of the Corporation ranking junior to the Series A Preferred Stock as to dividends and upon liquidation and except for the acquisition of shares made pursuant to the provisions of Article VII of the Charter), unless full cumulative dividends on the Series A Preferred Stock for all past Dividend Periods shall have been or contemporaneously are (i) declared and paid in cash or (ii) declared and a sum sufficient for the payment thereof in cash is set apart for such payment.

- (e) When dividends are not paid in full (or a sum sufficient for such full payment is not so declared and set apart) upon the Series A Preferred Stock and the shares of any other class or series of equity securities ranking, as to dividends, on a parity with the Series A Preferred Stock, all dividends declared upon the Series A Preferred Stock and each such other class or series of equity securities ranking, as to dividends, on a parity with the Series A Preferred Stock shall be declared pro rata so that the amount of dividends declared per share of Series A Preferred Stock and such other class or series of equity securities shall in all cases bear to each other the same ratio that accrued dividends per share on the Series A Preferred Stock and such other class or series of equity securities (which shall not include any accrual in respect of unpaid dividends on such other class or series of equity securities for prior Dividend Periods if such other class or series of equity securities does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the Series A Preferred Stock which may be in arrears.
- (f) Holders of shares of Series A Preferred Stock shall not be entitled to any dividend, whether payable in cash, property or shares of stock, in excess of full cumulative dividends on the Series A Preferred Stock as provided herein. Any dividend payment made on the Series A Preferred Stock shall first be credited against the earliest accrued but unpaid dividends due with respect to such shares which remains payable.
- (g) If, for any taxable year, the Corporation elects to designate as "capital gain dividends" (as defined in Section 857 of the Code or any successor revenue code or section) any portion (the "Capital Gains Amount") of the total distributions not in excess of the Corporation's earnings and profits (as determined for United States federal income tax purposes) paid or made available for such taxable year to holders of all classes and series of capital stock (the "Total Distributions"), then the portion of the Capital Gains Amount that shall be allocable to holders of Series A Preferred Stock shall be in the same proportion that the Total Distributions paid or made available to the holders of Series A Preferred Stock for such taxable year bears to the Total Distributions for such taxable year made with respect to all classes or series of capital stock outstanding.
- (h) In determining whether a distribution (other than upon voluntary or involuntary liquidation), by distribution, redemption or other acquisition of the Corporation's equity securities is permitted under the Maryland General Corporation Law, no effect shall be given to amounts that would be needed, if the Corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights on dissolution are superior to those receiving the distribution.

Section 4. Liquidation Preference.

Upon any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of the Corporation, before any distribution or payment shall be made to holders of shares of Common Stock or any other class or series of equity securities of the Corporation ranking, as to liquidation rights, junior to the Series A Preferred Stock, the holders of shares of Series A Preferred Stock then outstanding, after the payment of the Corporation's debts and other liabilities, shall be entitled to be paid out of the assets of the Corporation legally available for distribution to its stockholders a liquidation preference of \$2,500.00 per share (the "Liquidation Preference"), plus an amount equal to any accrued and unpaid dividends to the date of payment (whether or not declared). In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding-up, the available assets of the Corporation are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Series A Preferred Stock and the corresponding amounts payable on all shares of other classes or series of equity securities of the Corporation ranking, as to liquidation rights, on a parity with the Series A Preferred Stock in the distribution of assets, then the holders of the Series A Preferred Stock and each such other class or series of shares of equity securities ranking, as to liquidation rights, on a parity with the Series A Preferred Stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

5

Written notice of any such liquidation, dissolution or winding up of the Corporation, stating the payment date or dates when, and the place or places where, the amounts distributable in such circumstances shall be payable, shall be given by first-class mail, postage pre-paid, not less than 30 nor more than 60 days prior to the payment date stated therein, to each record holder of shares of Series A Preferred Stock at the respective addresses of such holders as the same shall appear on the stock transfer records of the Corporation. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series A Preferred Stock will have no right or claim to any of the remaining assets of the Corporation. The (i) consolidation or merger of the Corporation with or into any other corporation, trust or entity, (ii) a statutory share exchange or (iii) the sale, lease, transfer or conveyance of all or substantially all of the property or business of the Corporation, shall not be deemed to constitute a liquidation, dissolution or winding-up of the affairs of the Corporation.

Section 5. Redemption.

- (a) Except pursuant to Article VII of the Charter or as otherwise permitted by paragraph (c) below, shares of Series A Preferred Stock shall not be redeemable by the Corporation prior to January 27, 2020.
- (b) On or after January 27, 2020, the Corporation, at its option upon not less than 30 nor more than 60 days' written notice, may redeem the Series A Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$2,500.00 per share, plus all accrued and unpaid dividends (whether or not declared) thereon to, but not including, the date fixed for redemption, without interest (the "Redemption Right"). If fewer than all of the outstanding shares of Series A Preferred Stock are to be redeemed, the shares of Series A Preferred Stock to be redeemed shall be redeemed pro rata (as nearly as may be practicable without creating fractional shares) or by lot. If such redemption is to be by lot and, as a result of such redemption, any holder of a number of shares of Series A Preferred Stock would become a holder of a number of shares of Series A Preferred Stock in excess of the Aggregate Stock Ownership Limit because such holder's Series A Preferred Stock was not redeemed, or was only redeemed in part, then, except as otherwise provided in the Charter, the Corporation will redeem the requisite number of shares of Series A Preferred Stock of such holder such that no holder will hold in excess of the Aggregate Stock Ownership Limit subsequent to such redemption.
- (c) Upon the occurrence of a Change of Control, the Corporation will have the option upon written notice mailed by the Corporation in accordance with Section 5(i) below, to redeem the Series A Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for cash at \$2,500.00 per share plus accrued and unpaid dividends, if any, to, but not including, the redemption date ("Special Optional Redemption Right"). No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the redemption of any Series A Preferred Stock except as to the holder to whom notice was defective or not given. If, prior to the Change of Control Conversion Date, the Corporation has provided or provides notice of redemption with respect to the Series A Preferred Stock (whether pursuant to the Redemption Right under Section 5(b) or the Special Optional Redemption Right under this Section 5(c)) the holders of Series A Preferred Stock will not have the conversion right described below in Section 7.
- (d) Holders of Series A Preferred Stock to be redeemed shall surrender such shares of Series A Preferred Stock at the place designated in such notice and shall be entitled to the redemption price of \$2,500.00 per share and any accrued and unpaid dividends (whether or not declared) payable upon such redemption following such surrender. If (i) notice of redemption of any shares of Series A Preferred Stock has been given, (ii) the funds necessary for such redemption have been set aside by the Corporation in trust for the benefit of the holders of any shares of Series A Preferred Stock so called for redemption and (iii) irrevocable instructions have been given to pay the redemption price and all accrued and unpaid dividends (whether or not declared), then from and after the redemption date dividends shall cease to accrue on such shares of Series A Preferred Stock, such shares of Series A Preferred Stock shall no longer be deemed outstanding and all rights of the holders of such shares will terminate, except the right to receive the redemption price plus any accrued and unpaid dividends (whether or not declared) payable upon such redemption, without interest. So long as no dividends are in arrears, nothing herein shall prevent or restrict the Corporation's right or ability to purchase, from time to time either at a public or a private sale, all or any part of the Series A Preferred Stock or shares of any other class or series of equity securities of the Corporation ranking on a parity with the Series A Preferred Stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up of the Corporation at such price or prices as the Corporation may determine, subject to the provisions of applicable law, including the repurchase of shares in open-market transactions duly authorized by the Board of Directors.

- (e) The deposit of funds with a bank or trust corporation for the purpose of redeeming Series A Preferred Stock shall be irrevocable except that:
 - (i) the Corporation shall be entitled to receive from such bank or trust corporation the interest or other earnings, if any, earned on any money so deposited in trust, and the holders of any shares redeemed shall have no claim to such interest or other earnings; and
 - (ii) any balance of monies so deposited by the Corporation and unclaimed by the holders of the Series A Preferred Stock entitled thereto at the expiration of two (2) years from the applicable redemption dates shall be repaid, together with any interest or other earnings thereon, to the Corporation, and after any such repayment, the holders of the shares entitled to the funds so repaid to the Corporation shall look only to the Corporation for payment without interest or other earnings.
- (f) In accordance with Article VII of the Charter, shares of Series A Preferred Stock shall be redeemed to preserve the status of the Corporation as a real estate investment trust ("REIT") for United States federal income tax purposes. In the event of any redemption of the Series A Preferred Stock in order to preserve the status of the Corporation as a qualified REIT, such redemption shall be made in accordance with the terms and conditions set forth in this Section 5 of these Articles Supplementary (except that the Corporation shall not be required to provide the notice called for by Section 5(h)). If the Corporation calls for redemption any shares of Series A Preferred Stock pursuant to and in accordance with this Section 5(f), then, the redemption price for such shares will be an amount in cash equal to \$2,500.00 per share together with all accrued and unpaid dividends (whether or not declared) thereon to and including the date fixed for redemption, without interest.
- (g) Unless full cumulative dividends on all Series A Preferred Stock shall have been or contemporaneously are declared and paid in cash or declared and a sum sufficient for the payment thereof in cash set apart for payment for all past Dividend Periods and the then-current Dividend Period, no Series A Preferred Stock shall be redeemed unless all outstanding shares of Series A Preferred Stock are simultaneously redeemed and the Corporation shall not purchase or otherwise acquire directly or indirectly any shares of Series A Preferred Stock or any class or series of equity securities of the Corporation ranking, as to dividends or upon liquidation, on a parity with or junior to the Series A Preferred Stock (except by exchange for shares of equity securities of the Corporation ranking, as to dividends and upon liquidation, junior to the Series A Preferred Stock); provided, however, that the foregoing shall not prevent the purchase of Series A Preferred Stock by the Corporation in accordance with the terms of Section 5(a) or 5(f) hereof or Article VII of the Charter or otherwise in order to ensure that the Corporation remains qualified as a REIT for United States federal income tax purposes or the purchase or acquisition of Series A Preferred Stock pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series A Preferred Stock.
- (h) Notice of redemption shall be mailed by the Corporation, postage prepaid, as of a date set by the Corporation not less than 30 nor more than 60 days prior to the redemption date, addressed to the respective holders of record of the shares of Series A Preferred Stock to be redeemed at their respective addresses as they appear on the share transfer records of the Transfer Agent. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the sufficiency of notice or validity of the proceedings for the redemption of any Series A Preferred Stock except as to a holder to whom notice was defective or not given. A redemption notice which has been mailed in the manner provided herein shall be conclusively presumed to have been duly given on the date mailed whether or not the holder received the redemption notice. In addition to any information required by law or the applicable rules of any exchange upon which Series A Preferred Stock may be listed or admitted to trading, each notice shall state (i) the redemption date; (ii) the redemption price; (iii) any conditions of redemption; (iv) the number of shares of Series A Preferred Stock to be redeemed; (v) the place or places where the shares of Series A Preferred Stock are to be surrendered for payment of the redemption price; (vi) the procedure for surrendering noncertificated shares of Series A Preferred Stock for payment of the redemption price; and (vii) that dividends on the Series A Preferred Stock to be redeemed shall cease to accrue on such redemption date. If fewer than all of the shares of Series A Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Series A Preferred Stock held by such holder to be redeemed. Notwithstanding the foregoing, if the shares of Series A Preferred Stock are held in global form, such notice shall comply with applicable procedures of The Depository Trust Company ("DTC").

7

In the event the Corporation is exercising its Special Optional Redemption Right, the notice referred to above shall also state: (i) that the Series A Preferred Stock is being redeemed pursuant to the Corporation's Special Optional Redemption Right in connection with the occurrence of a Change of Control and a brief description of the transaction(s) constituting such Change of Control and (ii) that the Series A Preferred Stock may not be tendered for conversion in connection with the Change of Control by the holder thereof and that each share of Series A Preferred Stock so tendered for conversion that is selected, prior to the Change of Control Conversion Date, for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

(i) Notwithstanding anything contained in this Section 5 to the contrary, if a redemption date falls after a Dividend Payment Record Date and on or prior to the corresponding Dividend Payment Date, each holder of Series A Preferred Stock at the close of business of such Dividend Payment Record Date shall be entitled to the dividend payable on such shares on the corresponding Dividend Payment Date notwithstanding the redemption of such shares on or prior to such Dividend Payment Date, and each holder of Series A Preferred Stock that surrenders its shares on such redemption date will be entitled to the dividends accruing after the end of the Dividend Period to which such Dividend Payment Date relates up to and including the redemption date. Except as provided herein, the Corporation shall make no payment or allowance for unpaid dividends, whether or not in arrears, on Series A Preferred Stock which are redeemed.

Section 6. Voting Rights.

- (a) Holders of the Series A Preferred Stock shall not have any voting rights, except as provided by applicable law and as set forth in this Section 6.
- (b) Whenever dividends on any shares of Series A Preferred Stock shall be in arrears for six (6) or more quarterly periods (whether or not declared or consecutive) (a "Preferred Dividend Default"), the holders of such shares of Series A Preferred Stock (voting separately as a class with all other series of preferred stock ranking on a parity with the Series A Preferred Stock as to dividends or upon liquidation and upon which like voting rights have been conferred and are exercisable ("Parity Preferred")) will be entitled to vote for the election of a total of two additional directors of the Corporation (the "Preferred Directors"), and the number of directors on the Board of Directors shall increase by two, at a special meeting called by the holders of record of at least 20% of the Series A Preferred Stock (or the holders of any other series of Parity Preferred so in arrears), if such request is received 90 or more days before the date fixed for the next annual meeting of stockholders, or, if the request is received less than 90 days before the next annual meeting of stockholders, at the next annual meeting of stockholders, or at the Corporation's sole discretion, a separate special meeting of stockholders to be held no later than 90 days after the Corporation's receipt of such request, and thereafter at each subsequent annual meeting of stockholders until all dividends accumulated on such shares of Series A Preferred Stock for the past Dividend Periods and the dividend for the then-current Dividend Period shall have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment. The Preferred Directors shall be elected by a plurality of the votes cast by the holders of the outstanding shares of Series A Preferred Stock when they having voting rights set forth in this Section 6(b) and the outstanding shares of Parity Preferred (voting together as a single class) in the election to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified or until such directors' right to hold office terminates as described below, whichever occurs earlier.
- (c) If and when all accumulated dividends for the past Dividend Periods and the dividend for the thencurrent Dividend Period on the Series A Preferred Stock shall have been paid in full or declared and a sum sufficient
 set aside for payment in full, the holders of shares of Series A Preferred Stock shall be divested of the voting rights
 set forth in Section 6(b) hereof (subject to revesting in the event of each subsequent Preferred Dividend Default)
 and, if all accumulated dividends and the dividend for the current Dividend Period have been paid in full or declared
 and a sum sufficient set aside for payment in full on all other series of Parity Preferred, the term of office of each
 Preferred Director so elected shall terminate and the number of directors shall be reduced accordingly. Any
 Preferred Director may be removed at any time with or without cause by the vote of, and shall not be removed
 otherwise than by the vote of, the holders of record of a majority of the outstanding shares of the Series A Preferred
 Stock when they have the voting rights set forth in Section 6(b) (voting separately as a class with the Parity
 Preferred). So long as a Preferred Dividend Default shall continue, any vacancy in the office of a Preferred Director
 may be filled by written consent of the Preferred Director remaining in office, or, if none remains in office, by a vote
 of the holders of record of a majority of the outstanding shares of Series A Preferred Stock when they have the

voting rights set forth in Section 6(b) (voting separately as a class with all other series of Parity Preferred). The Preferred Directors shall each be entitled to one vote per director on any matter.

- (d) So long as any shares of Series A Preferred Stock remain outstanding, the Corporation shall not, without the affirmative vote or consent of the holders of 66 2/3% of the shares of Series A Preferred Stock outstanding at the time, given in person or by proxy, either in writing or at a meeting (voting separately as a single class), in addition to any other vote or consent of stockholders required by the Charter:
 - (i) authorize, create or issue, or increase the authorized or issued amount of, any class or series of equity securities ranking senior to the Series A Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding-up of the affairs of the Corporation or reclassify any authorized equity securities of the Corporation into such equity securities, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such senior equity securities; or
 - (ii) amend, alter or repeal the provisions of the Charter, including these Articles Supplementary, whether by merger, consolidation, transfer or conveyance of all or substantially all of its assets or otherwise (an "Event"), so as to materially and adversely affect any right, preference, privilege or voting power of the Series A Preferred Stock or the holders thereof; provided, however, with respect to the occurrence of any Event, so long as (a) the Series A Preferred Stock remains outstanding with the terms thereof materially unchanged (taking into account that the Corporation may not be the surviving entity), or (b) the holders of Series A Preferred Stock receive equity securities with the rights, preferences, privileges and voting powers substantially the same as those of the Series A Preferred Stock, the occurrence of such Event shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting power of holders of Series A Preferred Stock, and in such case such holders shall not have any voting rights with respect to the occurrence of an Event; provided further that holders of the Series A Preferred Stock shall not be entitled to vote with respect to any increase in the amount of the authorized Common Stock or Preferred Stock or the creation or issuance of any other class or series of equity securities, in each case ranking on a parity with or junior to the Series A Preferred Stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up of the Corporation.
- (e) The foregoing voting provisions of this Section 6 shall not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of Series A Preferred Stock shall have been redeemed or called for redemption upon proper notice and sufficient funds, in cash, shall have been deposited in trust to effect such redemption.
- (f) In any matter in which the Series A Preferred Stock may vote (as expressly provided herein or as may be required by law), each share of Series A Preferred Stock shall be entitled to one vote per \$2,500.00 of liquidation preference.
- (g) Except as expressly stated herein, the Series A Preferred Stock will not have any relative, participating, optional or other special voting rights and powers and the consent of the holders thereof shall not be required for the taking of any corporate action, including but not limited to, any merger, conversion or consolidation of the Corporation or a sale of all or substantially all of the assets of the Corporation, irrespective of the effect that such merger, conversion, consolidation or sale may have upon the rights, preferences, privileges or voting power of the holders of the Series A Preferred Stock.

Section 7. Conversion.

- (a) Series A Preferred Stock shall not be convertible into or exchangeable for any other property or securities of the Corporation, except as provided in this Section 7.
- (b) Upon the occurrence of a Change of Control, each holder of the Series A Preferred Stock shall have the right, unless, prior to the Change of Control Conversion Date, the Corporation has provided or provides notice of its election to redeem the Series A Preferred Stock pursuant to the Redemption Right or Special Optional Redemption Right, to convert some or all of the Series A Preferred Stock held by such holder (the "Change of Control Conversion Right") on the Change of Control Conversion Date into a number of shares of Common Stock per share

of Series A Preferred Stock to be converted (the "Common Stock Conversion Consideration") equal to the lesser of (A) the quotient obtained by dividing (i) the sum of the \$2,500 per share liquidation preference plus the amount of any accrued and unpaid dividends to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a Dividend Record Date and prior to the corresponding Dividend Payment Date, in which case no additional amount for such accrued and unpaid dividend will be included in such sum) by (ii) the Common Stock Price and (B) 7.6923 (the "Share Cap"), subject to Section 7(c).

- (c) The Share Cap is subject to pro rata adjustments for any stock splits (including those effected pursuant to a Common Stock distribution), subdivisions or combinations (in each case, a "Stock Split") with respect to Common Stock as follows: the adjusted Share Cap as the result of a Stock Split shall be the number of Common Stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Stock Split by (ii) a fraction, the numerator of which is the number of shares of Common Stock outstanding after giving effect to such Stock Split and the denominator of which is the number of shares of Common Stock outstanding immediately prior to such Stock Split.
- (d) For the avoidance of doubt, subject to the immediately succeeding sentence, the aggregate number of shares of Common Stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable in connection with the exercise of the Change of Control Conversion Right shall not exceed 17,692,290 shares of Common Stock (or equivalent Alternative Conversion Consideration, as applicable) (the "Exchange Cap"). The Exchange Cap is subject to pro rata adjustments for any Stock Splits on the same basis as the corresponding adjustment to the Share Cap and is subject to increase in the event that additional shares of Series A Preferred Stock are issued in the future.
- (e) In the case of a Change of Control pursuant to which shares of Common Stock shall be converted into cash, securities or other property or assets (including any combination thereof) (the "Alternative Form Consideration"), a holder of Series A Preferred Stock shall receive upon conversion of such Series A Preferred Stock the kind and amount of Alternative Form Consideration which such holder of Series A Preferred Stock would have owned or been entitled to receive upon the Change of Control had such holder of Series A Preferred Stock held a number of shares of Common Stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the "Alternative Conversion Consideration"; and the Common Stock Conversion Consideration or the Alternative Conversion Consideration, as may be applicable to a Change of Control, shall be referred to herein as the "Conversion Consideration").
- (f) No fractional Common Stock shall be issued upon the conversion of Series A Preferred Stock. In lieu of fractional shares, holders shall be entitled to receive the cash value of such fractional shares based on the Common Stock Price.
- (g) Within 15 days following the occurrence of a Change of Control, a notice of occurrence of the Change of Control, describing the resulting Change of Control Conversion Right, shall be delivered to the holders of record of the Series A Preferred Stock at their addresses as they appear on the Corporation's stock transfer records and notice shall be provided to the Corporation's Transfer Agent. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the conversion of any Series A Preferred Stock except as to the holder to whom notice was defective or not given. Each notice shall state: (a) the events constituting the Change of Control; (b) the date of the Change of Control; (c) the last date on which the holders of Series A Preferred Stock may exercise their Change of Control Conversion Right; (d) the method and period for calculating the Common Stock Price; (e) the Change of Control Conversion Date, which shall be a Business Day occurring within 20 to 35 days following the date of such notice; (f) that if, prior to the Change of Control Conversion Date, the Corporation has provided or provides notice of its election to redeem all or any portion of the Series A Preferred Stock, the holder will not be able to convert such shares of Series A Preferred Stock and such shares of Series A Preferred Stock shall be redeemed on the related redemption date, even if they have already been tendered for conversion pursuant to the Change of Control Conversion Right; (g) if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of Series A Preferred Stock; (h) the name and address of the paying agent and the conversion agent; and (i) the procedures that the holders of Series A Preferred Stock must follow to exercise the Change of Control Conversion Right.
- (h) The Corporation shall issue a press release for publication on the Dow Jones & Company, Inc. Business Wire, PR Newswire or Bloomberg Business News (or, if such organizations are not in existence at the time of

issuance of such press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), or post notice on the Corporation's website, in any event prior to the opening of business on the first Business Day following any date on which the Corporation provides notice pursuant to Section 7(g) above to the holders of Series A Preferred Stock.

- (i) In order to exercise the Change of Control Conversion Right, a holder of Series A Preferred Stock shall be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates representing the Series A Preferred Stock, to the extent such shares are certificated, to be converted, duly endorsed for transfer, together with a written conversion notice completed, to the Corporation's Transfer Agent. Such notice shall state: (i) the relevant Change of Control Conversion Date; (ii) the number of shares of Series A Preferred Stock to be converted; and (iii) that the shares of Series A Preferred Stock are to be converted pursuant to the applicable terms of the Series A Preferred Stock. Notwithstanding the foregoing, if the shares of Series A Preferred Stock are held in global form, such notice shall comply with applicable procedures of DTC.
- (j) Holders of Series A Preferred Stock may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to the Corporation's Transfer Agent prior to the close of business on the Business Day prior to the Change of Control Conversion Date. The notice of withdrawal must state: (i) the number of withdrawn shares of Series A Preferred Stock; (ii) if certificated shares of Series A Preferred Stock have been issued, the certificate numbers of the withdrawn shares of Series A Preferred Stock; and (iii) the number of shares of Series A Preferred Stock, if any, which remain subject to the conversion notice. Notwithstanding the foregoing, if the Series A Preferred Stock is held in global form, the notice of withdrawal shall comply with applicable procedures of DTC.
- (k) Series A Preferred Stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn shall be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless, prior to the Change of Control Conversion Date, the Corporation has provided or provides notice of its election to redeem such Series A Preferred Stock, whether pursuant to its Redemption Right or Special Optional Redemption Right. If the Corporation elects to redeem Series A Preferred Stock that would otherwise be converted into the applicable Conversion Consideration on a Change of Control Conversion Date, such Series A Preferred Stock shall not be so converted and the holders of such shares shall be entitled to receive on the applicable redemption date \$2,500.00 per share, plus any accrued and unpaid dividends thereon to, but not including, the redemption date.
- (l) The Corporation shall deliver the applicable Conversion Consideration no later than the third Business Day following the Change of Control Conversion Date.
- (m) Notwithstanding anything to the contrary contained herein, no holder of Series A Preferred Stock will be entitled to convert such Series A Preferred Stock into Common Stock to the extent that receipt of such Common Stock would cause the holder of such Common Stock (or any other person) to violate any of the restrictions on constructive and beneficial ownership contained in Article VII of the Charter.
- (n) In the event that holders of Common Stock have the opportunity to elect the form of consideration to be received in the Change of Control, the consideration that the holders of Series A Preferred Stock shall receive shall be the form and proportion of the aggregate consideration elected by the holders of the Common Stock who participate in the determination (based on the weighted average of elections) and shall be subject to any limitations to which all holders of Common Stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in the Change of Control.

Section 8. Ranking.

In respect of rights to the payment of dividends and the distribution of assets in the event of any liquidation, dissolution or winding up of the affairs of the Corporation, the Series A Preferred Stock shall rank (i) senior to all classes or series of the Corporation's Common Stock and to all other equity securities issued by the Corporation the terms of which specifically provide that such equity securities rank junior to the Series A Preferred Stock as to the payment of dividends and the distribution of assets in the event of any liquidation, dissolution or winding up of the Corporation, (ii) on a parity with all equity securities issued by the Corporation in the future the terms of which

specifically provide that such equity securities rank on a parity with the Series A Preferred Stock as to the payment of dividends and the distribution of assets in the event of any liquidation, dissolution or winding up of the Corporation, and (iii) junior to all equity securities issued by the Corporation in the future the terms of which specifically provide that such equity securities rank senior to the Series A Preferred Stock as to the payment of dividends and the distribution of assets in the event of any liquidation, dissolution or winding up of the Corporation. The term "equity securities" does not include convertible debt securities, which will rank senior to the Series A Preferred Stock prior to conversion. All shares of Series A Preferred Stock shall rank equally with one another and shall be identical in all respects.

Section 9. Restrictions on Transfer, Acquisition and Redemption of Shares.

The Series A Preferred Stock is subject to all of the limitations, terms and conditions of the Corporation's Charter, including but not limited to the terms and conditions (including exceptions and exemptions) of Article VII of the Charter. The foregoing sentence shall not be construed to limit to the Series A Preferred Stock the applicability of any other term or provision of the Charter.

Section 10. Shares of Stock To Be Retired.

All shares of Series A Preferred Stock which shall have been issued and redeemed, purchased or reacquired in any manner by the Corporation shall, after such redemption, repurchase or other reacquisition have the status of authorized but unissued shares of Preferred Stock of the Corporation, without designation as to class or series, until such shares are reclassified by the Board of Directors.

Section 11. Record Holders.

The Corporation and the Transfer Agent may deem and treat the record holder of any Series A Preferred Stock as the true and lawful owner thereof for all purposes, and neither the Corporation nor the Transfer Agent shall be affected by any notice to the contrary.

Section 12. Listing.

In the event the Series A Preferred Stock is no longer held by the Depositary in depositary form, the Corporation shall use its best efforts to promptly list the Series A Preferred Stock on the NYSE, the NYSE MKT or NASDAQ.

Section 13. Sinking Fund.

The Series A Preferred Stock shall not be entitled to the benefits of any retirement or sinking fund.

Section 14. Exclusion of Other Rights.

The Series A Preferred Stock shall not have any preferences or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption other than expressly set forth in the Charter and these Articles Supplementary.

Section 15. Headings of Subdivisions.

The headings of the various subdivisions hereof are for convenience of reference only and shall not affect the interpretation of any of the provisions hereof.

Section 16. Severability of Provisions.

If any preferences or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of the Series A Preferred Stock set forth in the Charter and these Articles Supplementary are invalid, unlawful or incapable of being enforced by reason of any rule of law or public policy, all other preferences or other rights, voting powers, restrictions, limitations as to distributions, qualifications or terms or conditions of redemption of Series A Preferred Stock set forth in the Charter which can be given effect without the invalid, unlawful or unenforceable provision thereof shall, nevertheless,

remain in full force and effect and no preferences or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of the Series A Preferred Stock herein set forth shall be deemed dependent upon any other provision thereof unless so expressed therein.

Section 17. No Preemptive Rights.

No holder of shares of Series A Preferred Stock shall have any preemptive or preferential right to subscribe for, or to purchase, any additional shares of stock of the Corporation of any class or series, or any other security of the Corporation which the Corporation may issue or sell.

FOURTH: The shares of Series A Preferred Stock have been classified and designated by the Board of Directors under the authority contained in Article VI of the Charter.

FIFTH: These Articles Supplementary shall become effective at the time the SDAT accepts these Articles Supplementary for record.

SIXTH: These Articles Supplementary have been approved by the Board of Directors in the manner and by the vote required by law.

SEVENTH: The undersigned President of the Corporation acknowledges these Articles Supplementary to be the corporate act of the Corporation and, as to all matters or facts required to be verified under oath, the undersigned President of the Corporation acknowledges that to the best of his knowledge, information and belief, these matters and facts are true in all material respects and that this statement is made under the penalties for perjury.
