Subject: Application 21-04-010 - E-Mail Ruling Granting TWO Motions for Admitting and Sealing Specific Confidential Exhibits

To all Interested Parties:

Motion 1.

On September 10, 2021, San Diego Clean Power and Clean Energy Alliance submitted a motion to seal evidentiary record pursuant to Rule 11.5 in the Application 21-04-010.

These four exhibits relate to either workpapers created by San Diego Gas & Electric Company's (SDG&E) witnesses to support their direct testimony in the above-captioned proceeding or are attachments to support SDG&E's responses to discovery requests.

Motion 2.

On September 10, 2021, SDG&E filed a motion to seal four exhibits of the evidentiary record that may contain confidential versions of prepared written testimony submitted in support of its 2022 ERRA Forecast Application, which SDG&E believes to contain commercially sensitive data.

This ruling grants these two motions and SEALS AS CONFIDENTIAL eight exhibits which were filed pursuant to Rules 11.1 and 11.5(b) of the California Public Utilities Commission's Rules of Practice and Procedure, and Public Utilities Code (Pub. Util. Code) Sections 583 and 8380. Pub. Util. Code Section 8380 protects customer-specific data, which may include demand, loads, names, addresses, and billing data. The exhibit descriptions in the table below are as captioned in the served electronic documents and the motions.

These motions are unopposed and reasonable and should be granted.

The Docket Office shall file this email ruling in the formal file for Application 21-04-010.

Therefore, It is RULED:

The two motions filed under seal the confidential exhibits in the table below are granted.
