TELEPHONIC PROCEEDING

MAY 31, 2022 - 10:00 A.M.

ADMINISTRATIVE LAW JUDGE LEE: We are on the record. The Commission will come to order.

Good morning. Today is May 31, 2022, and the time is 10:00 a.m. This is the time and the place for the prehearing conference which is being held telephonically.

I am Administrative Law Judge Susan Lee, the ALJ assigned to this proceeding Application 22-04-001, the Application of Southern California Edison Company for a Commission Finding that its Procurement-Related and Other Operations for the Record Period January 1st through December 31, 2021, Complied with its Adopted Procurement Plan and for Verification of its Entries in the Energy Resource Recovery Account and Other Regulatory Accounts and for Recovery of \$25.706 Million Recorded in Five Accounts.

The assigned Commissioner in this proceeding is John Reynolds. Commissioner Reynolds is not with us today and none of his advisers were also able to attend either, but

1 I will be working closely with his office in  
2 issuing the scoping memo and ruling in this  
3 proceeding.

4 Let's go off the record.

5 (Off the record.)

6 ALJ LEE: Back on the record.

7 I'd like to remind all those who wish to  
8 speak to please do so slowly and clearly. We  
9 have a court reporter present typing every  
10 word. It is important that we not speak over  
11 or on top of each other since the reporter  
12 will not be able to capture our words.

13 Please do not speak unless I address you.

14 When I address the group, I will call on you  
15 one at a time in the order of Southern  
16 California Edison, Cal Advocates, and So Cal  
17 CCA. The reporter knows that she can jump in  
18 at any time if there is an audio problem.

19 Please state your name every time you speak.

20 The purpose of this prehearing conference is  
21 to discuss the category, scope, need for  
22 evidentiary hearing, and schedule for the  
23 proceeding. Additionally, I want to know if  
24 there are any discovery issues.

25 My agenda for today is to take appearances,  
26 discuss the categorization of the proceeding  
27 followed by the scope of issue. Then I want  
28 to insure that parties have begun discovery

1 and determine whether there are any problems.  
2 We will then discuss the need for hearing and  
3 the schedule for the remainder of the  
4 proceeding. The final determinations for the  
5 proceeding will be made in the scoping ruling  
6 and memo issued by Commissioner John  
7 Reynolds.

8 Now I will take appearances. In  
9 Commission proceedings the applicant and  
10 those who have filed protests and responses  
11 are automatically added to the service list.  
12 When I call your name, please state and spell  
13 your name clearly and slowly. Let's start  
14 with the applicant.

15 Who is representing Southern  
16 California Edison Company?

17 MR. DOMINGUEZ: Morning, your Honor.  
18 This is Mario Dominguez, M-a-r-i-o,  
19 D-o-m-i-n-g-u-e-z, representing Southern  
20 California Edison Company.

21 ALJ LEE: And may I call you  
22 Mr. Dominguez?

23 MR. DOMINGUEZ: Yes, your Honor.  
24 That's fine. Thank you.

25 ALJ LEE: Thank you.

26 Who is representing the Commission  
27 Public Advocates' Office?

28 MS. MERZA: Good morning, Judge. This

1 is Ritta Merza, R-i-t-t-a, M-e-r-z-a, for Cal  
2 Advocates.

3 ALJ LEE: And what is your preferred  
4 pronoun?

5 MS. MERZA: She/her is fine.

6 Is that what you meant?

7 ALJ LEE: Ms. Merza. May I address you  
8 as Ms. Merza?

9 MS. MERZA: Oh, yeah. Yeah, that's  
10 fine. Thank you.

11 ALJ LEE: Thank you.

12 So Cal CCA filed a protest. Is  
13 there anyone on the line representing this  
14 group?

15 MR. LINDL: Yes. Good morning, your  
16 Honor. This is Tim, T-i-m, Lindl, L-i-n-d-l,  
17 on behalf of Clean Power Alliance of Southern  
18 California, Central Coast Community Energy,  
19 and California Choice Energy Authority also  
20 known as the So Cal CCAs.

21 I am a he/him, your Honor. And  
22 mister would be fine.

23 ALJ LEE: Thank you.

24 For the record, Mr. Lindl, does So  
25 Cal CCA, the acronym, stand for anything?

26 MR. LINDL: No, your Honor. It's  
27 simply a shorthand way to reference the three  
28 Southern California CCAs that are part of

1 this proceeding.

2 ALJ LEE: Thank you.

3 Is there any other party who would  
4 like to file or offer their appearance?

5 (No response.)

6 ALJ LEE: Hearing none let's discuss  
7 the remainder of the service list. The  
8 service list includes an information-only  
9 section for those who want to follow the  
10 proceeding. If you wish to be on the  
11 information-only list, please contact  
12 Process\_office@cpuc.ca.gov.

13 I'd also like to remind the parties  
14 that if you plan to file a Notice of Intent  
15 for intervenor compensation and have not  
16 already done so, you must do so within  
17 30 days of this prehearing conference.

18 Going forward I will refer to  
19 Southern California Edison as SCE and the  
20 Commission Public Advocates Office as Cal  
21 Advocates.

22 Now, let's talk about electronic  
23 service to the list service. The Commission  
24 encourages electronic service and requires  
25 all documents to be served electrically to  
26 everyone on the service list which includes  
27 those listed as information-only. Please  
28 remember that I am on the service list. If

1 you are sending data requests or arranging  
2 meetings between the parties, please remember  
3 to remove me from the service list for these  
4 matters.

5 Now let's discuss the categorization  
6 and ex parte communication. In its  
7 application SCE proposed categorizing this  
8 proceeding as ratesetting. Resolution ALJ  
9 176-3506 issued on April 21, 2022, also  
10 initially categorized this proceeding as  
11 ratesetting. In their representative protest  
12 Cal Advocates and So Cal CCA also agreed this  
13 application should be a ratesetting  
14 proceeding.

15 Are there any additional comments on  
16 the categorization? Mr. Dominguez?

17 MR. DOMINGUEZ: Mario Dominguez,  
18 Southern California Edison.

19 No, your Honor.

20 ALJ LEE: Ms. Merza.

21 MS. MERZA: Ritta Merza for Cal  
22 Advocates.

23 No, your Honor.

24 ALJ LEE: Mr. Lindl.

25 MR. LINDL: Tim Lindl for the So Cal  
26 CCAs.

27 No, your Honor.

28 ALJ LEE: Accordingly, I will be

1 recommending to Commissioner John Reynolds  
2 that this proceeding be categorized as a  
3 ratesetting proceeding. In a ratesetting  
4 proceeding ex parte communications with  
5 commissioners and their advisors are  
6 permitted with restrictions and reporting  
7 requirements pursuant to Article 8 of the  
8 Commission Rules of Practice and Procedure  
9 are required.

10           Discussing purely procedural matters  
11 with me as the assigned ALJ is permitted and  
12 do not require ex parte reporting filing. If  
13 I feel, however, the communications stray  
14 into a substantive matter, I will require you  
15 at that time to report it under Rule 8.4 of  
16 the Commission's Rules of Practice and  
17 Procedure. All conversations with any  
18 adviser and any commissioner are reportable  
19 under the rules.

20           Next, let's discuss the scope of  
21 issue. After reviewing the application in  
22 all current filings I have identified eight  
23 broad issues in scope. They are as follows:  
24 One, whether SCE's 2021 fuel and purchase  
25 power expenses were accurately recorded and  
26 complied with SCE's Commission-approved  
27 procurement plan; two, whether during 2021  
28 SCE prudently administered, managed, and

1 dispatched the following in compliance with  
2 all applicable rules, regulations and  
3 Commission decisions including but not  
4 limited to Standards of Conduct Four; a,  
5 Utility Retained Generation Resources; b,  
6 Qualifying Facility Contracts; c, Bilateral  
7 Contracts; d, Inter-utility Power Contracts;  
8 e, Renewable Resource Contracts; and f,  
9 Natural Gas Tolling Agreements. Scoping  
10 issue three, whether during 2021 SCE  
11 dispatched its energy resources in a  
12 least-cost manner in compliance with SCE's  
13 Commission-approved procurement plan; four,  
14 whether SCE's entries and costs recorded in  
15 its ERRAs including entries recorded in the,  
16 a, Base Revenue Requirement Balancing  
17 Account; b, Nuclear Decommissioning  
18 Adjustment Mechanism; c, Public Purpose  
19 Programs Adjustment Mechanism; d, California  
20 Alternate Rates for Energy Balancing Account;  
21 e, Pole Loading and Deteriorated Pole  
22 Programs Balancing Account; and e, New System  
23 Generation Balancing Account are accurately  
24 stated, reasonable, and in compliance with  
25 applicable Commission decisions, rules, and  
26 regulations. Scoping issue five, whether the  
27 requested revenue requirement of \$25.706  
28 million is just and reasonable and should be

1 approved; six, whether there are any  
2 considerations -- excuse me. Whether there  
3 are any safety considerations raised by this  
4 application; seven, whether the Application  
5 aligns with or impacts the achievement of any  
6 of the nine goals of the Commission's  
7 Environmental and Social Justice Action  
8 Program; and finally eight, whether there are  
9 any affordability considerations raised by  
10 this application.

11 Are there any comments from the  
12 parties regarding these issues?

13 SCE?

14 MR. DOMINGUEZ: Mario Dominguez,  
15 California Edison.

16 Based on the initial review, your  
17 Honor, of what you just stated, I don't think  
18 SCE has any comments at this time given the  
19 respective scoping issues.

20 ALJ LEE: Thank you.

21 Cal Advocates.

22 MS. MERZA: This is Ritta Merza for Cal  
23 Advocates.

24 I don't think this was included in  
25 the scoping issues that you just listed. And  
26 if it is, then I apologize in advance. But  
27 Cal Advocates request that the Commission add  
28 a scope issue on whether the balancing of

1 random accounts included in SCE's application  
2 are outside of the scope of an air compliance  
3 review and whether those accounts would be  
4 reviewed in another proceeding.

5 And just to give some background,  
6 SCE created 43 balancing and lending accounts  
7 per this air compliance application. And Cal  
8 Advocates is still reviewing those accounts  
9 for this issue.

10 ALJ LEE: Ms. Merza, are you reviewing  
11 those accounts in this proceeding or in  
12 another proceeding?

13 MS. MERZA: We were -- this is Ritta  
14 Merza.

15 We're reviewing the accounts that  
16 have been -- that have been listed in this  
17 proceeding, your Honor.

18 ALJ LEE: Anything else, Ms. Merza?

19 MS. MERZA: No. That's it. Thank you.

20 ALJ LEE: So Cal CCA.

21 MR. LINDL: Thank you, your Honor. Tim  
22 Lindl on behalf of So Cal CCAs.

23 I was taking some notes as quickly  
24 as I could there, and I'm not sure I have the  
25 issue number right. I want to say it was  
26 issue five or issue six with regard to  
27 recorded entries in various balancing  
28 accounts. I heard your Honor reference the

1     ERRA, the BRRBA, the nuclear balancing  
2     account, a balancing account having to do  
3     with polls, and then the new system's  
4     generation balancing account which I think is  
5     tied to the cost allocation mechanism or CAM.

6             I did not hear your Honor list the  
7     portfolio allocation balancing account or the  
8     P-A-B-A, the PABA. And so I would suggest  
9     that that be included as well in the recorded  
10    entries list that your Honor listed there. I  
11    think that is all.

12            ALJ LEE: Anything further, Mr. Lindl?

13            MR. LINDL: No, your Honor.

14            ALJ LEE: All right. Thank you.

15            Mr. Dominguez, I'll allow you to  
16    respond.

17            MR. DOMINGUEZ: Mario Dominguez,  
18    Southern California Edison. Thank you, your  
19    Honor.

20            Edison only requests clarification  
21    to Ms. Merza's request. I'm not entirely  
22    sure at all what that request was because  
23    these -- I guess I'm not sure if she was  
24    asking if it should be an issue whether the  
25    accounts should be -- excuse me. Whether the  
26    proceeding is the appropriate proceeding to  
27    review those accounts or -- I guess I'm not  
28    sure what the request was. So if Ms. Merza

1 could repeat that, I would appreciate it.

2 ALJ LEE: Let me repeat it so then I  
3 can make sure I understand Ms. Merza's  
4 request.

5 Ms. Merza, I believe the Cal  
6 Advocates is saying that there are certain  
7 memo accounts that are outside the scope of  
8 this proceeding that may be better addressed  
9 in another proceeding.

10 Is that correct, Ms. Merza?

11 MS. MERZA: Yes, that is correct, your  
12 Honor. And we included that in our protest.  
13 It's the last item under our anticipated  
14 issues for 2021 record period.

15 ALJ LEE: I'm turning to the protest  
16 right now. I'm looking at Cal Advocates'  
17 protest.

18 Are you specifically referring to  
19 page 4, the last bullet, Ms. Merza?

20 MS. MERZA: Yes, that's correct. It  
21 reads "Whether any of the balancing on  
22 memorandum accounts included in this  
23 proceeding are outside of the scope of an  
24 ERRRA compliance review and should be reviewed  
25 in another proceeding."

26 So it's -- you summarized it  
27 correctly.

28 ALJ LEE: So with regard to a scoping

1 memo, anything that is not included as an  
2 issue will not be scoped in the proceeding.  
3 The bullet on page 4 of Cal Advocates'  
4 protest is quite vague.

5 Ms. Merza, are you in a position  
6 right now to actually list the memorandum  
7 accounts which you think are outside the  
8 scope of this proceeding?

9 MS. MERZA: We haven't finished  
10 reviewing all of -- we haven't -- we're still  
11 going through the accounts to determine  
12 whether any of the accounts fall outside of  
13 the scope in error in that proceeding. So,  
14 yeah, at this point I wouldn't be able to  
15 provide the specific list of the account that  
16 would be at issue.

17 ALJ LEE: Can you give us an  
18 approximation as to when you can provide  
19 those accounts?

20 MS. MERZA: Hopefully maybe in a week.

21 ALJ LEE: Thank you.

22 Mr. Dominguez, does that answer your  
23 question?

24 MR. DOMINGUEZ: Mario Dominguez,  
25 Southern California Edison.

26 Yes, it does, your Honor. I would  
27 only state that per SCE we are required to  
28 include all the balancing memorandum accounts

1 in our ERRA review. So I'm not exactly sure  
2 I understand -- I'm not sure I agree with the  
3 Cal Advocates that it should be a separate  
4 scoping issue as we are required to include  
5 these, but I guess we'll know further or  
6 we'll have additional comments if your Honor  
7 will permit once Cal Advocates is able to  
8 provide those specific accounts.

9 ALJ LEE: I will consider that.

10 Anything else on the scoping issues?  
11 Actually, I do want the parties to address  
12 one issue that isn't scoped. The last issue  
13 is whether there are any affordability  
14 considerations raised by this application.

15 SCE, can you comment please.

16 MR. DOMINGUEZ: Mario Dominguez,  
17 Southern California Edison.

18 Your Honor, I'm not entirely sure  
19 what -- it's my understanding that the  
20 affordability considerations are separate  
21 proceedings. I may be wrong on that.  
22 However, that ERRA review is an annual  
23 application that seeks -- that will generally  
24 seek to either increase or decrease rates  
25 based on the prior year-end balances. In  
26 this instance, we are requesting a slight  
27 increase based on the year-end balances.  
28 Whether that goes toward the Commission's

1 affordability proceeding I can't say at this  
2 moment.

3 ALJ LEE: Okay. Thank you.

4 Ms. Merza.

5 MS. MERZA: Ritta Merza for Cal  
6 Advocates.

7 Cal Advocates has no comment on  
8 affordability at this time.

9 ALJ LEE: And, Mr. Lindl, any further  
10 comments? Address the affordability  
11 consideration issue and any further comment  
12 from So Cal CCAs.

13 MR. LINDL: Thank you, your Honor. Tim  
14 Lindl on behalf the So Cal CCAs.

15 Energy affordability is a core issue  
16 for my client. It's something that we take  
17 very seriously. Our review in this case  
18 insures that Southern California Edison has  
19 recorded the correct amounts to the correct  
20 balancing accounts and thereby insuring that  
21 customers are charged the appropriate amounts  
22 that they should have been charged based on  
23 prior Commission decisions.

24 To the extent that there is a large  
25 change in rates that would come out of this  
26 proceeding, which we do not currently  
27 anticipate, the Commission has various levels  
28 at its disposal such as amortization periods

1 to reduce impacts to affordability. But at  
2 this time, we don't anticipate this -- this  
3 proceeding having much of an impact on  
4 affordability since, as Mr. Dominguez states,  
5 the actual request for approvals are somewhat  
6 small and this is more of a backward-looking  
7 proceeding to make sure that the correct  
8 amounts were charged and recorded over the  
9 course of the record year.

10 ALJ LEE: And now let's discuss the  
11 evidentiary -- the need for evidentiary  
12 hearing and the schedule. Excuse me.

13 Both Cal Advocates and So Cal CCAs  
14 filed a protest. As there are likely  
15 material facts in dispute, I will recommend  
16 to Commissioner Reynolds that evidentiary  
17 hearings are expected.

18 Any comments on the need for  
19 evidentiary hearing by the parties?

20 SCE?

21 MR. DOMINGUEZ: Mario Dominguez on  
22 behalf of Southern California Edison.

23 At this time, your Honor, SCE would  
24 recommend that your Honor include a  
25 placeholder for evidentiary hearings as is  
26 typical in these proceedings and that we will  
27 determine -- and excuse me. And that it's  
28 too early at this point to determine whether

1 evidentiary hearings will be needed but that  
2 placeholders will insure that if issues  
3 arise, we will be able to address those in  
4 hearings if necessary.

5 ALJ LEE: Cal Advocates.

6 MS. MERZA: This is Ritta Merza for Cal  
7 Advocates.

8 And Cal Advocates agrees with SCE  
9 that maybe a placeholder for evidentiary  
10 hearings will be helpful.

11 Are you also taking comments on the  
12 schedule, your Honor?

13 ALJ LEE: Not yet.

14 MS. MERZA: Okay. Thank you.

15 ALJ LEE: And So Cal CCA on the need  
16 for evidentiary hearing.

17 MR. LINDL: Thank you, your Honor. Tim  
18 Lindl for So Cal CCAs.

19 We agree with the statements of  
20 Mr. Dominguez from SCE.

21 ALJ LEE: Now, let's discuss the  
22 schedule. The only party that proposed a  
23 schedule was SCE. We are approximately two  
24 to three months ahead of the proposed  
25 schedule with the prehearing conference date  
26 that was suggested.

27 SCE, did you wish to amend your  
28 schedule in any way based on today's

1 prehearing conference?

2 MR. DOMINGUEZ: Mario Dominguez,  
3 Southern California Edison.

4 At this moment, your Honor, it would  
5 be difficult for me to review the dates. I  
6 would have to take out a calendar and  
7 essentially go through them one by one.

8 The only consideration I would ask  
9 your Honor to take into effect if any dates  
10 are being moved is that your Honor please  
11 take into consideration the ERRA forecast  
12 proceeding which most of the parties involved  
13 in this proceeding are also involved in SCE's  
14 ERRA forecast proceeding and during the month  
15 of October and November that happens to be a  
16 very truncated proceeding -- or procedural  
17 schedule for the ERRA forecast. So if your  
18 Honor could just be cognizant of those two  
19 months with respect to the parties in this  
20 proceeding's workload.

21 ALJ LEE: Thank you.

22 Ms. Merza, do you have any comments  
23 on this schedule?

24 MS. MERZA: Ritta Merza for Cal  
25 Advocates.

26 Your Honor, we agree with SCE's  
27 comments. And I'd also like to add that I  
28 think our protest diversion that was filed

1 for some reason didn't have that information,  
2 but we agree with SCE's schedule as proposed  
3 in the application.

4 ALJ LEE: Very good.

5 And So Cal CCA.

6 MR. LINDL: Thank you, your Honor. Tim  
7 Lindl for the So Cal CCAs.

8 We frequently take issue with these  
9 schedules that proposed in either the ERRA  
10 forecast or ERRA compliance proceedings, and  
11 we were pleased and satisfied with the one  
12 proposed by Southern California Edison. Not  
13 only do we have the ERRA forecast proceedings  
14 also going on at the same time, your Honor,  
15 those forecast proceedings will have new  
16 schedules that have not been utilized  
17 previously with some dates toward the end of  
18 the year shifting forward and other dates  
19 shifting backwards. And it's going to be  
20 complicated to coordinate those proceedings.  
21 And we thought that the proposed schedule  
22 from Mr. Dominguez and SCE was quite  
23 reasonable.

24 The attorneys in this case for the  
25 So Cal CCAs and also the experts in this case  
26 for the So Cal CCAs will be active in all six  
27 ERRA proceedings between the two -- or  
28 between the three utilities. And so we will

1 be working to try to coordinate as best we  
2 can among those different proceedings.

3 But with regard to the SCE's  
4 compliance proceeding, we would urge your  
5 Honor and the Commissioner to keep the  
6 schedule suggested by Southern California  
7 Edison.

8 ALJ LEE: Very good. It's nice to know  
9 that the parties agree.

10 I will discuss the schedule with  
11 Commissioner Reynolds and he will issue the  
12 final schedule, of course, in his scoping  
13 memo and ruling.

14 Now let's discuss discovery. Have  
15 the parties begun conducting discovery?

16 SCE?

17 MR. DOMINGUEZ: Mario Dominguez,  
18 Southern California Edison.

19 Yes, your Honor. The parties have  
20 begun discovery. And at the current moment I  
21 am unaware of any discovery issues or  
22 disputes.

23 ALJ LEE: Thank you.

24 Cal Advocates.

25 MS. MERZA: This is Ritta Merza from  
26 Cal Advocates.

27 We will begin our discovery shortly,  
28 and we don't have any issues at this point.

1 ALJ LEE: Ms. Merza, what's shortly?

2 MS. MERZA: We will be sending our data  
3 request out soon. We have not issued a data  
4 request yet.

5 ALJ LEE: Can you give me a timeline.  
6 Next week? Next month?

7 MS. MERZA: Oh, sorry. I'm getting  
8 corrected. We did send out a master data  
9 request and we're awaiting responses on that.  
10 And if there's any additional need for data  
11 request, we will send those out as soon as  
12 possible.

13 ALJ LEE: Very good. I --

14 MS. MERZA: But there's no -- sorry.

15 ALJ LEE: I'm sorry. I interrupted  
16 you. Go ahead.

17 MS. MERZA: I was just going to add  
18 there is no discovery issues at this point.

19 ALJ LEE: Very good.

20 So Cal CCA?

21 MR. LINDL: Thank you, your Honor. Tim  
22 Lindl for the So Cal CCAs.

23 We did issue a data request for  
24 workpapers and confidential workpapers. And  
25 our analysts are continuing to go through  
26 those and we will be following subsequent  
27 data requests as soon as we can get through  
28 all the different workpapers.

1 ALJ LEE: If there are any discovery  
2 disputes, please file a motion to compel.  
3 That's how I will address the discovery  
4 issues in this proceeding, but I'd like to  
5 remind the parties that if you want or need a  
6 mediator or a potential settlement of any  
7 dispute, that the administrative law judge  
8 division has a team of available and  
9 experienced independent neutrals.

10 Let's go off the record.

11 (Off the record.)

12 ALJ LEE: Back on the record.

13 I'm ready to conclude this  
14 prehearing conference. Any last comments  
15 from the parties?

16 SCE?

17 MR. DOMINGUEZ: Southern California  
18 Edison. Excuse me. Mario Dominguez on  
19 behalf of Southern California Edison.

20 No further comments, your Honor.

21 Thank you.

22 ALJ LEE: Thank you.

23 Cal Advocates?

24 MS. MERZA: Ritta Merza for Cal  
25 Advocates.

26 No further comments, your Honor.

27 ALJ LEE: Thank you.

28 So Cal CCAs?

1 MR. LINDL: Thank you, your Honor. Tim  
2 Lindl for the So Cal CCA.

3 If I may add just one more thing.  
4 And I don't mean to delay the hearing, but I  
5 have some gnawing anxiety I did not get all  
6 the notes down when your Honor was listing  
7 all the different issues that were listed  
8 there. And so I just wanted to add, your  
9 Honor, that we would urge you to adopt the  
10 scope at issue including last year's scope.  
11 And we don't have anything else to say beyond  
12 that at this point.

13 Thank you.

14 ALJ LEE: All right. Thank you. We  
15 are adjourned. Have a good day.

16 (Whereupon, at the hour of 10:30  
17 p.m., this matter having been  
18 concluded, the Commission then  
19 adjourned.)
