Subject: A2202005 et al. email ruling extending due dates for comments to August 2, 2022 ruling and providing notice of corrections to staff proposal

To the service list of Application 22-02-005 et al. (energy efficiency portfolio applications and business plans),

This email ruling extends the final filing due dates for comments to the August 2, 2022 ruling. Comments shall be filed no later than September 9, 2022 and reply comments shall be filed no later than September 19, 2022.

This email ruling also provides notice of certain further corrections to the staff proposal that was attached to the August 2, 2022 ruling, noted below in the email sent yesterday (August 17, 2022) from Energy Division staff.

IT IS SO RULED.

The Commission's Docket Office shall formally file this email ruling.

For transparency, I am serving this email ruling on the service list of Rulemaking 13-11-005. I have segmented distribution of this email ruling to avoid rejection by servers.

Best regards,

Valerie U. Kao (she, her)
Administrative Law Judge
California Public Utilities Commission

In the Attachment 1 staff proposal on phasing out natural gas EE incentives released on August 2, 2022 as part of the ruling for Application 22-02-005 there were several typos. A draft of the staff proposal that corrects those errors has been uploaded to the [CPUC's Rolling Portfolio Program Guidance webpage](https://www.cpuc.ca.gov/industries-and-topics/electrical-energy/demand-side-management/energy-efficiency/rolling-portfolio-program-guidance) [url: <https://www.cpuc.ca.gov/industries-and-topics/electrical-energy/demand-side-management/energy-efficiency/rolling-portfolio-program-guidance>], as well as the news and information section of the [Energy Efficiency webpage](https://www.cpuc.ca.gov/industries-and-topics/electrical-energy/demand-side-management/energy-efficiency) [url: <https://www.cpuc.ca.gov/industries-and-topics/electrical-energy/demand-side-management/energy-efficiency>]. Text in this new version of the staff proposal that has been cut is indicated with a ~~strikethrough~~. Text that has been added is indicated by **red** text.

As a reminder, the workshop to discuss this staff proposal will be held on August 26, 2022 from 2-5pm. The tentative agenda and details for attending this call are available below.

Agenda

Friday, August 26, 2022

- 2-2:30pm: Opening remarks and Commission staff presentation on staff proposal

- 2:30- 2:50pm: Discussion of questions from category 1
- 2:50-3:10pm: Discussion of questions from category 2
- 3:10-3:30pm: Discussion of questions from category 3
- 3:30-3:40pm: Break
- 3:40-4pm: Discussion of questions from category 4
- 4-5pm: Open discussion

Question Categories for Workshop

1. Definitions
 - a. How should “viable electric alternative” be defined?
 - i. How should infrastructure costs, such as electric panel upgrades, be included in determining what constitutes a viable electric alternative?
 - ii. What would be the fastest and most accurate way to gather accurate data on infrastructure costs for electrification measures statewide?
 - b. How should “exempt measures” be defined?
2. Categorization
 - a. Do gas appliances serve a market support and/or equity function given the state’s goals and progress towards electrification?
 - b. Which assessment metric (total resource cost, total system benefit, others) should be used to assess cost effectiveness in the relevant steps in this proposal in determining the eligibility of gas measures for receiving incentives?
3. Timelines
 - a. Do you agree with the proposed steps and associated timeframes included in this staff proposal? If not, what should the transition timeline away from natural gas EE incentives be?
 - b. How does the transition and timeline to phase out energy efficiency gas incentives align with other related proceedings?
4. Supporting electrification
 - a. What are the other options for uses of the gas incentives that staff proposes to phase out?
 - i. Decrease gas energy efficiency collections?
 - ii. Use for other measures
 1. Examples: wildfire-proof soffits, passive solar houses, awnings
 - iii. Provide to gas ratepayers for fuel substitution?
 - iv. Use the gas incentives for electric measures?

- b. What other options should the Commission examine for promoting electrification through the staff proposal, beyond redirecting incentives from gas measures?

Subject: [EXTERNAL] A.22-02-005, et al.: Request for Extension ALJ Ruling Inviting Comments on Staff Proposal for Gas Energy Efficiency Incentives and Codes and Standards Sub-Programs and Budgets (email 1 of 2)

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear ALJs Kao and Fitch,

Pursuant to Rule 11.6 of the Commission's Rules of Practice and Procedure, Southern California Gas Company and San Diego Gas & Electric Company (collectively Joint Utilities), are seeking an extension for the submittal of Comments and Reply Comments to the *Administrative Law Judge's Ruling Inviting Comments on Staff Proposal for Gas Energy Efficiency Incentives and Codes and Standards Sub-Programs and Budgets*, issued on August 2, 2022. That ruling set a due date of August 26, 2022 for comments and September 5, 2022 for reply comments. Subsequently, a Commission notice dated August 10, 2022, stated that a workshop will be held on August 26, 2022 and the comments are now due on September 2, 2022 and reply comments are due on September 12, 2022. The Joint Utilities request that the comments due date be extended to September 9, 2022 and the reply comments due date to September 19, 2022.

The Joint Utilities seek this one week extension of the comment dates to allow for sufficient time between the August 26, 2022 workshop and the comment filing to meaningfully incorporate and address any issues that come out of the workshop.

Pursuant to Rule 11.6 of the Commission's Rules of Practice and Procedure, the Joint Utilities made a good faith effort to ask parties if they agree to the extension. The following responses were received:

Parties supporting the motion: SBUA, Enervee, MCE, San Joaquin Valley Clean Energy Organization, California Efficiency + Demand Management Council, Rural Regional Energy Network

Parties not opposing the motion: Sierra Club, CodeCycle

Parties opposing the motion: No party opposed the motion.

Thank you for your consideration of this motion for an extension.
