*Attorneys for AT&T California*

March 3, 2023

Pursuant to Article 2 of the California Public Utilities Commission’s Rules of Practice and Procedure, Pacific Bell Telephone Company d/b/a AT&T California (U 1001 C)<sup>1</sup> respectfully submits this Application to relinquish its designation under federal law as an Eligible Telecommunications Carrier (“ETC”) in California, effective December 1, 2023.<sup>2</sup> By this filing, AT&T California is not discontinuing any tariffed voice service, and the ETC relinquishment will not affect the availability of tariffed voice service in AT&T’s service territory.<sup>3</sup>

## **I. INTRODUCTION AND BACKGROUND**

Since 1997, AT&T California has been an ETC pursuant to 47 U.S.C. § 214(e).<sup>4</sup> As a designated ETC, it is eligible to receive federal universal service funding pursuant to conditions set forth in 47 U.S.C. § 254. Such funding has historically included (1) “high cost” support to maintain affordable voice service in its service territory and to deploy and maintain networks in rural and other high-cost areas and (2) reimbursement from the federal Lifeline Assistance Program for providing local voice telecommunications services to eligible low-income consumers at discounted prices. Historically, AT&T California received high-cost universal service support, and it has used the associated funds to maintain affordable telephone service and, later, with the onset of federal high-cost support for broadband, to expand the geographic

---

<sup>1</sup> As used below, “AT&T California” refers to Pacific Bell Telephone Company, and “AT&T” refers to the larger corporate family ultimately owned by AT&T Inc.

<sup>2</sup> AT&T California is the only AT&T entity that is currently designated as an ETC in California. *See* Attachment C (providing Commission’s approval of ETC relinquishment by AT&T Corp., Cricket, and AT&T Communications of California).

<sup>3</sup> Concurrent with this Application, AT&T California is also filing an application for targeted relief from carrier-of-last-resort obligations.

<sup>4</sup> The areas in which AT&T California has been designated as an ETC are reflected in Attachment A.

reach of its broadband services in the State. As an ETC, AT&T California has also offered federally-supported low income (“Lifeline”) universal service benefits in California.

For the past several years, however, the Federal Communications Commission (“FCC”) has refocused these traditional universal service support programs, steadily reducing the scope of AT&T California’s participation. AT&T California receives no federal high-cost universal service support and thus no longer requires an ETC designation to be eligible for the receipt of such support anywhere within its California service territory.<sup>5</sup>

Because AT&T California no longer receives federal high-cost universal service support, AT&T California should no longer have the obligations of a federal ETC, including the obligation to participate in the federal Lifeline program. Further, relinquishment of ETC designation does not raise any significant policy concerns. AT&T California’s LifeLine subscribers have been sharply trending downward since the mid-2000s.<sup>6</sup> AT&T California estimates only about 105,000 consumers obtained federal Lifeline benefits from AT&T

---

<sup>5</sup> AT&T California previously received federal high-cost support from the FCC’s Connect America Fund Phase II model-based support program (“CAF II”), which supported the deployment and maintenance of voice and broadband services to eligible high-cost areas. *See generally, e.g., Connect Am. Fund*, Report and Order, 29 FCC Rcd. 15644 (2014). That program has ended, and AT&T California ceased receiving funding under the CAF II program as of December 31, 2021, *see* AT&T Notice for Forbearance from Lifeline BIAS Requirements, *Lifeline & Link Up Reform and Modernization*, WC Docket No. 11-42, at 2 (filed July 29, 2021) (“After December 31, 2021, AT&T ILEC entities will no longer receive CAF II or any high cost support anywhere in the eighteen AT&T ILEC states”) (listing Pacific Bell Telephone Company d/b/a AT&T California). AT&T does not receive support from the current Rural Digital Opportunity Fund Phase I program. *See generally Rural Digit. Opportunity Connect Am. Fund*, Report and Order, 35 FCC Rcd. 686 (2020).

<sup>6</sup> *See* Total Approved LifeLine Subscribers in California by Carrier as Reported by Maximus Health Human Services, Inc., *California LifeLine Related Forms and Notices for Carriers*, Cal. Pub. Utils. Comm’n, <https://www.cpuc.ca.gov/consumer-support/financial-assistance-savings-and-discounts/lifeline/lifeline-related-forms-and-notices-for-carriers> (last visited Feb. 14, 2023) (“Maximus LifeLine Data”) (select links for “THIRD PARTY ADMINISTRATOR LIFELINE CUSTOMER COUNTS”) (providing LifeLine subscriber counts for 2006–2022).

California as of December 2022.<sup>7</sup> Customers eligible for LifeLine support now overwhelmingly choose wireless carriers over wireline incumbent local exchange carriers (“ILEC”) like AT&T California for their LifeLine benefits, just as consumers across the United States and the world today overwhelmingly choose the mobility and convenience of their wireless phones over landline phones for voice service. Of the roughly 1.17 million subscribers participating in the LifeLine program in California as of December 2022, approximately 84 percent choose wireless carriers for their LifeLine benefits.<sup>8</sup>

As California consumers continue to demonstrate their clear preference for wireless service, AT&T California now seeks to relinquish its ETC designation, effective December 1, 2023. That is the date when the federal Lifeline voice-only subsidy is scheduled to phase out.<sup>9</sup> At that time, the FCC will finish transitioning federal Lifeline from voice to broadband and thus will no longer support the sole service for which AT&T California receives federal Lifeline support: voice-only telephone service.<sup>10</sup> Because the relinquishment of AT&T California’s ETC designation coincides with the phase-out of the federal subsidy, it will not impact any Lifeline customer.

---

<sup>7</sup> Of the approximately 120,000 AT&T California subscribers obtaining LifeLine Benefits in California as of December 2022, *see* Maximus LifeLine Data, AT&T California estimates that only approximately 105,000 of these LifeLine subscribers qualify for *federal* and California Lifeline support; the remainder qualify only for California LifeLine support. AT&T California will continue to participate in the state LifeLine program. *See infra* p. 4.

<sup>8</sup> *See* Maximus LifeLine Data (2022).

<sup>9</sup> The federal enhanced Lifeline benefit for qualifying customers residing on tribal lands will continue. *See* 47 C.F.R. § 54.403(a)(3).

<sup>10</sup> *Lifeline & Link Up Reform & Modernization*, WC Docket No. 11-42, Order, DA 22-706, at 5 ¶¶ 12–13 (WCB, FCC July 1, 2022). AT&T does not receive federal Lifeline support for broadband service. Instead, as discussed below, it participates in, and will continue to participate in, the Affordable Connectivity Program, which does not require an ETC designation.

At the same time, AT&T California seeks to eliminate its regulatory designation as an ETC only under federal law. AT&T California will continue to offer and provide retail voice services, including tariffed voice service, as required by federal and state law in all of its service territory, unless and until it separately obtains any necessary permission to stop providing such retail services.<sup>11</sup> After relinquishment, it will still provide state LifeLine voice service, as supported by sections 874 and 875 of the Moore Universal Telephone Service Act<sup>12</sup> in any area where it provides basic local service.<sup>13</sup> Importantly, relinquishment of AT&T California’s ETC designation will not result in the discontinuance of any service.

In addition, granting this Application will not affect AT&T California’s ongoing participation in the FCC-administered Affordable Connectivity Program (“ACP”) because that program does not require providers to be designated as ETCs to participate.<sup>14</sup> A modern successor to legacy voice-oriented, low-income support programs, the ACP promotes broadband affordability and adoption by supporting discounts of up to \$30/month on internet services for eligible households (and up to \$75/month for tribal consumers).<sup>15</sup> AT&T California looks forward to continued participation in that program, which has almost doubled in size in the 12

---

<sup>11</sup> *See supra* n.7.

<sup>12</sup> Cal. Pub. Util. Code § 871 *et seq.*

<sup>13</sup> There is no requirement that a carrier be an ETC to participate in this state program. *See generally Rulemaking on the Comm’n’s Own Motion To Review the Telecomms. Pub. Pol’y Programs*, D.10-11-033, 2010 Cal. PUC LEXIS 532, at \*203 (Nov. 19, 2010).

<sup>14</sup> *See Affordable Connectivity Program*, WC Docket No. 21-450, Report and Order and Further Notice of Proposed Rulemaking, FCC 22-2, 2022 FCC LEXIS 239, at \*17, \*49–52 ¶¶ 11, 29–31 (Jan. 21, 2022) (non-ETCs are permitted to participate in the Affordable Connectivity Program).

<sup>15</sup> *See Affordable Connectivity Program*, Fed. Commc’ns Comm’n, <https://www.fcc.gov/acp> (last visited Feb. 14, 2023). The ACP also provides subsidies for computer devices.

months since its December 2021 inception and had approximately 600,000 more participants than the LifeLine program in California, as of December 2022.<sup>16</sup>

## II. AT&T IS ENTITLED BY LAW TO RELINQUISH ITS ETC DESIGNATION.

Congress established the conditions under which a state must allow any carrier designated as an ETC, including any incumbent local exchange carrier (“ILEC”) such as AT&T California, to relinquish its ETC designation. In particular:

A State commission ... *shall permit* an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the State commission ... of such relinquishment.<sup>17</sup>

AT&T California satisfies these conditions because (1) there is at least one other ETC in each wire center where AT&T California will relinquish that status, and (2) the company is providing advance notice to the Commission that it is relinquishing its ETC status.

---

<sup>16</sup> Compare Maximus LifeLine Data (2022) (approximately 1.17 million LifeLine subscribers in California as of December 2022), with *Affordable Connectivity Program Enrollment Tracker*, State of Cal., <https://broadbandforall.cdt.ca.gov/affordable-connectivity-program/acp-enrollment/> (approximately 1.78 million households enrolled as of December 2022, as compared to approximately 1.09 in December 2021).

<sup>17</sup> See 47 U.S.C. § 214(e)(2), (4) (emphasis added); 47 C.F.R. § 54.205. Because AT&T California here seeks only to relinquish its designation as an ETC, this Application does not require it to request approval to discontinue any service under 47 U.S.C. § 214. See, e.g., *Verified Petition of AT&T Miss. for an Ord. Confirming Relinquishment of Its Eligible Telecomms. Carrier Designation in Specified Areas*, Docket No. 2016-UA-213, Order Confirming AT&T Mississippi’s Relinquishment of Its Eligible Telecommunications Carrier Designation in Specified Areas, 2017 Miss. PUC LEXIS 83, at \*6–7 (Apr. 13, 2017) (“[T]he requirements related to continuation of service and adequate notice are not applicable in this matter because AT&T will not discontinue any service as a result of the Commission confirming partial relinquishment of the Company’s ETC status.”).

**A. At Least One Other Eligible Telecommunications Carrier Serves All Areas in Which AT&T California Will Relinquish Its ETC Designation.**

Federal law entitles AT&T California to relinquish its ETC designation for each service area that is “served by more than one eligible telecommunications carrier.”<sup>18</sup> Pursuant to that standard, every other state has in whole or in part permitted AT&T ILECs to relinquish their ETC designations, and *no state* has denied AT&T’s request for ETC relinquishment.<sup>19</sup> AT&T California requests that this Commission grant similar relief by permitting relinquishment of its ETC designation in California.

As shown in Attachment A, there is at least one ETC in each wire center in AT&T California’s service territory. The analysis in Attachment A uses the wireline deployment data collected and made publicly available by this Commission on its website along with other industry data needed to identify the areas served by wireline and wireless ETCs in AT&T California’s service territory.<sup>20</sup> Attachment A demonstrates that there is extensive overlap in ETCs in AT&T California’s service territory by listing the ETCs that have been designated for each wire center in AT&T’s service territory.<sup>21</sup> Other ETCs in California include subsidiaries of

---

<sup>18</sup> 47 U.S.C. § 214(e)(4).

<sup>19</sup> *See* Attachment B.

<sup>20</sup> As reflected in Attachment A, this analysis is based on a list of ETCs published by the Commission, descriptions of ETC coverage from ETC designation decisions, census block coverage data collected and made publicly available by the Commission, and wireless maps collected and made publicly available by the Commission.

<sup>21</sup> The data sources and methodology used to create these tables and maps are described in Attachment A.

wireless carriers T-Mobile (Assurance) and Verizon (Tracfone),<sup>22</sup> each of which has more LifeLine subscribers in California than AT&T.<sup>23</sup>

Where, as here, alternative ETCs are available, the Commission has permitted the relinquishment of ETC designation by numerous other carriers.<sup>24</sup> For the same reason, AT&T California is entitled to relinquish its ETC designation.

These facts by themselves fully entitle AT&T California to relinquishment of its ETC designation under controlling federal law. And while no further public interest or public safety inquiry is appropriate under the federal standard for relinquishing an ETC designation, any such inquiry would be satisfied:<sup>25</sup>

- All Lifeline customers served by AT&T California can obtain Lifeline discounts from other ETCs because the areas impacted by AT&T California's ETC relinquishment are currently served by one or more other ETCs.
- No purchase or construction by other carriers will be necessary because the remaining ETCs in AT&T California's service areas are fully operational such that no further purchase or construction is needed.<sup>26</sup>

---

<sup>22</sup> In addition, DISH Wireless L.L.C. (d/b/a Gen Mobile) has recently requested that the Commission grant it designation as an ETC. *See Advice Letter No. 27 of DISH Wireless L.L.C. d/b/a Gen Mobile (U-4533-C): Request for Designation as an Eligible Telecommunications Carrier To Provide Lifeline Wireless Service* (filed Dec. 27, 2022). DISH seeks to operate as an ETC throughout California where its underlying mobile network operators, AT&T Mobility and T-Mobile, provide coverage. *Id.* at 6. Further, DISH expects to expand the geographic scope of its services, and thus its ETC designation, as it builds out its own network. *Id.* Granting DISH's request will provide additional grounds for approving this Application, particularly given the broad geographic scope of DISH's proposed designation.

<sup>23</sup> Maximus LifeLine Data (2022). In addition to the alternative ETCs listed in Exhibit A, subscribers in AT&T's territory can obtain voice service from non-ETC providers such as AT&T Mobility, Verizon, T-Mobile, US Cellular, Charter/Spectrum, Comcast/Xfinity, and Cox, among others.

<sup>24</sup> *See* Attachment C.

<sup>25</sup> *See, e.g.,* Cal. Pub. Utils. Comm'n Resol. T-17476, *Approval of Cricket Commc'ns, LLC's (U-3076-C) Request for Relinquishment of Its Eligible Telecomms. Carrier Designation in Cal., Effective Sept. 15, 2015*, at 4 (May 21, 2015) ("*Cricket ETC Resolution*").

<sup>26</sup> There is thus also no issue about whether AT&T needs to provide notice to other ETCs to ensure the purchase of construction of adequate alternative facilities. *See, e.g., id.* (agreeing with Cricket "that no purchase or construction of facilities by other carriers will be necessary because the remaining ETCs in its service areas are fully operational and no further purchase or construction is needed" (internal citation omitted)).

- There are no safety concerns with AT&T California’s request because the company is not discontinuing service, and AT&T California’s customers can still obtain service from numerous other providers, including those participating in the federal and state Lifeline programs.

**B. AT&T Has Provided Notice of Its ETC Relinquishment.**

By this Application, AT&T California is discharging its obligation to provide “advance notice to the State commission ... of [its ETC] relinquishment.”<sup>27</sup> The Commission has previously recognized that such applications satisfy this requirement.<sup>28</sup> As a courtesy, AT&T California has also served this Application on the service lists associated with the LifeLine proceeding (R.20-02-008).<sup>29</sup>

**III. PROCEDURAL REQUIREMENTS**

**A. Compliance with Rule 2.1(a)**

Pursuant to Rule 2.1(a) of the Commission’s Rules of Practice and Procedure, AT&T California’s full legal name is Pacific Bell Telephone Company d/b/a AT&T California. AT&T California is a corporation created under the laws of California and is located at 430 Bush Street, San Francisco, CA 94108.

---

<sup>27</sup> 47 U.S.C. § 214(e)(4); *see also* 47 C.F.R. § 54.205(a).

<sup>28</sup> *See, e.g., Cricket ETC Resolution* at 3 (“Through the filing of this AL with the CPUC, Cricket has met the notice requirement of its intent to relinquish its ETC designation in California.”); Cal. Pub. Utils. Comm’n Resol. T-17188, *Granting WWC License LLC’s (W. Wireless) (U-3025) Request To Rescind Its Designation As An Eligible Telecomms. Carrier In Imperial Cnty., Cal.*, at 3 (July 9, 2009) (finding Western Wireless “has complied with the[] Federal Rules” and that its Advice Letter “provides the CPUC with the advance notice of its intention to relinquish ETC designation”).

<sup>29</sup> *See Ord. Instituting Rulemaking To Update the Cal. Universal Tel. Serv. (Cal. LifeLine) Program*, R.20-02-008, 2020 WL 1667276, at \*5 (Cal. P.U.C. Feb. 27, 2020). There is no obligation to provide notice to consumers in these circumstances. ETC relinquishment should have no impact on existing Lifeline subscribers because AT&T California proposes that its relinquishment be effective December 1, 2023, the same day that federal Lifeline support for standalone voice services is scheduled to end. Further, AT&T expects the Commission will consider the need for industry-wide notice to all California Lifeline customers about the loss of federal support.

**B. Compliance with Rule 2.1(b)**

Pursuant to Rule 2.1(b) of the Commission’s Rules of Practice and Procedure, AT&T California provides the following contact information:

**MARK BERRY**  
AT&T Services, Inc.  
Director – Regulatory  
430 Bush Street, 5th Floor  
San Francisco, CA 94108  
Tel: (415) 417-5018  
Email: mark.berry@att.com

**C. Compliance with Rule 2.1(c)**

Pursuant to Rule 2.1(c) and Rule 7.1 of the Commission’s Rules of Practice and Procedure, this Application should be categorized as a rate-setting proceeding. The sole issue to be considered is whether AT&T California shall be authorized to relinquish its ETC designation. AT&T California does not believe an evidentiary hearing will be warranted. The proposed schedule is:

<b>Date</b>	<b>Event</b>
March 3, 2023	AT&T California Files Application
30 days after appears in Daily Calendar	Responses/Protests to Application <sup>30</sup>
40 days after appears in Daily Calendar	Reply to Responses/Protests to Application
70 days after appears in Daily Calendar	Scoping Memo
110 days after appears in Daily Calendar	Opening Comments
131 days after appears in Daily Calendar	Reply Comments
October 21, 2023	Proposed Decision

---

<sup>30</sup> Although not required by the rules, AT&T California has served this Application on each party of record on the service list in Rulemaking 20-02-008 in a good-faith effort to notify anticipated interested parties.

Date	Event
November 20, 2023	Decision Approved and Effective

**D. Compliance with Rule 2.2**

Rule 2.2 requires an applicant to submit with its application a copy of the entity’s organizing documents and evidence of the applicant’s qualification to transact business in California. But in lieu of submitting these documents, the Rule also allows an applicant to reference current documentation previously filed with the Commission. A copy of AT&T California’s Articles of Incorporation, as amended, was filed with the Commission on January 14, 2000, in Application No. 00-01-023, and is incorporated herein by reference.

**IV. CONCLUSION**

Dated this 3rd day of March 2023.
