**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking to Modernize the Electric Grid for a High Distributed Energy Resources Future.

Rulemaking 21-06-017

**ADMINISTRATIVE LAW JUDGE’S RULING  
SETTING DEADLINE TO RECEIVE DATA REQUESTS  
ON ELECTRIFICATION STUDY**

On May 9, 2023, the California Public Utilities Commission (Commission) issued an *Administrative Law Judge Ruling Setting a Workshop Admitting into the Record Part 1 of the Electrification Impacts Study and Research Plan and Seeking Comment* (EIS Ruling). In response to a request from Pacific Gas and Electric Company, San Diego Gas & Electric Company and Southern California Edison Company, the assigned Administrative Law Judges extended the deadline as indicated in the table below.

EVENT	REVISED EFFECTIVE DUE DATE
Comments from Utilities responding to the May 9, 2023 first set of questions on the EIS	July 7, 2023
Comments from all parties responding to the May 9, 2023 second set of questions	July 21, 2023
Reply comments	July 31, 2023

Since extending the deadline to file responses to the EIS Ruling, the Commission has received data requests from the following parties: Pacific Gas and Electric Company, San Diego Gas & Electric Company and the Public Advocates Office of the California Public Utilities Commission. These data

requests ask for an extensive amount of data related to the EIS. In order to ensure parties are able to meet the filing deadlines in the table above, it is necessary for the Commission to establish a deadline of June 19, 2023, by which parties may submit a data request with respect to the EIS Ruling. However, parties are encouraged to submit such data requests as soon as possible.

Further, to provide a transparent process, parties are directed to send all data requests to the entire service list of this rulemaking by email with the following subject line: **R2106017 EIS Ruling Data Request**. If a party wishes to receive the same data that another party has requested, submission of a data request is necessary. Due to the potential amount of data that may be necessary to fulfill a data request, it may not be technologically feasible to send data request responses to the entire service list. With respect to potential confidentiality issues pertaining to certain data categories, decisions on data requests will be made on a case by case basis.

**IT IS RULED that:**

1. To maintain the current comment period, all data requests regarding responding to the *Administrative Law Judge Ruling Setting a Workshop Admitting into the Record Part 1 of the Electrification Impacts Study and Research Plan and Seeking Comment* dated May 9, 2023, shall be submitted by email no later than June 19, 2023, to the entire service list of Rulemaking 21-06-017; the Subject Line of the email shall contain the following language: **R2106017 EIS Ruling Data Request**.

2. No later than three days following the issuance of this Ruling, Pacific Gas and Electric Company, San Diego Gas & Electric Company, and the Public Advocates Office of the California Public Utilities Commission shall serve a copy of their previously submitted data request regarding the *Administrative Law Judge*

*Ruling Setting a Workshop Admitting into the Record Part 1 of the Electrification Impacts Study and Research Plan and Seeking Comment* dated May 9, 2023; any party who has subsequently submitted such a data request is also directed to serve a copy of the data request on the service list.

Dated June 9, 2023, at San Francisco, California.
