**MOTION OF PACIFIC GAS AND ELECTRIC COMPANY (U 39 G)
FOR PARTY STATUS**

I. INTRODUCTION

Pacific Gas and Electric Company (PG&E) respectfully moves for party status in this proceeding in accordance with Rule 1.4(a)(4) of the California Public Utilities Commission's (Commission) Rules of Practice and Procedure, and consistent with the following request in the Assigned Commissioner's Scoping Memo and Ruling issued on November 6, 2023 (Scoping Memo): "PG&E is not yet a party to this proceeding, but we would appreciate PG&E's intervention and response to these questions, particularly sub-question (c)."¹

II. PG&E'S INTEREST IN THE PROCEEDING

Rule 1.4(b)(1) of the Commission's Rules of Practice and Procedure requires an entity seeking party status by motion to disclose the identity of the entity and its interest in the proceeding. PG&E is a combined gas and electric Investor Owned Utility serving much of central and northern California, including areas in close proximity to the Union Island Pipeline that is the subject of the Application of California Resources Corporation for a Certificate of Public Convenience and Necessity to Operate as a Gas Corporation in the State of California, filed on July 19, 2023 (CPCN Application).

PG&E has a direct interest in the outcome of the Commission's evaluation and determination of the CPCN Application and looks forward to contributing as a party in this proceeding going forward, as requested in the Scoping Memo.

III. INTENDED FACTUAL AND LEGAL CONTENTIONS

Rule 1.4(b)(2) requires an entity seeking party status by motion to state the factual and legal contentions that the person intends to make and show that the contentions will be reasonably pertinent to the issues already presented. In addition to being requested in the Scoping Memo to intervene in this proceeding, PG&E wishes to have the opportunity to participate in this proceeding to the extent that the issues raised by the CPCN Application may impact PG&E's facilities or interests, or its customers, as outlined in Section II above.

PG&E's participation in this proceeding will not prejudice any party and will not delay the schedule or broaden the scope of issues in the CPCN Application proceeding. For the reasons stated above, PG&E respectfully requests approval of its Motion for Party Status.

Respectfully Submitted,

PACIFIC GAS AND ELECTRIC COMPANY
