BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking to
Modernize the Electric Grid for a High
Distributed Energy Resource Future.

Rulemaking 21-06-017

**ADMINISTRATIVE LAW JUDGES' RULING PROVIDING UNCORRUPTED
ATTACHMENTS**

On May 29, 2024, the Administrative Law Judges issued a ruling providing two working group reports and a set of questions for parties to file comments.¹ Upon conversion of the reports and the questions to the Commission-required PDF/a format, the contents of the reports unknowingly became corrupted.

This ruling provides the record and parties with the uncorrupted version of the two working group reports (Smart Inverter Operationalization Working Group Report (Attachment 1) and Cybersecurity Working Group Report (Attachment 2)) and the questions (Attachment 3). To ensure consistency in the record, parties are directed to use the attached versions of the reports when referencing or citing them in response to the May 29, 2024 ruling.

¹ See May 29, 2024 *Administrative Law Judge's Ruling Providing Two Working Group Reports and Directing Responses to Questions on Reports*.

IT IS RULED that parties shall reference and cite the attached versions of the Smart Inverter Operationalization Working Group Report and the Cybersecurity Working Group Report.

Dated June 3, 2024, at San Francisco, California.
