NARRATIVE

On December 23, 2021, I was assigned to investigate Tutor Time Learning LLC (Hereinafter referred to as Tutor Time) for operating without a valid permit issued by the California Public Utilities Commission (Commission). Tutor Time's van with license plate 8L18220 was observed transporting students by Transportation Enforcement Branch (TEB) Program Manager Ken Bruno on December 20, 2021[**Attachment 1**].

VIOLATIONS

The investigation for the period of January 24, 2022, through August 30, 2022, disclosed violations of the following provisions of Public Utilities (Pub. Util.) Code and Commission General Orders (G.O.):

- **Operated as a charter-party carrier without an active authority, in violation of Pub. Util. Code section 5371 and 5415. [188 counts].**

On December 23, 2021, I was assigned to investigate Tutor Time for operating without a valid permit from California Public Utilities Commission (CPUC). I mailed Cease & Desist Letter to 4001 Leadenhall Road in Mount Laurel, New Jersey, and emailed a copy to customerservice@learningcaregroup.com on January 24, 2022 [**Attachment 2**]. Tutor Time's General Counsel Tim Clark responded by email and confirmed receipt of my Cease and Desist Letter on January 25, 2022. Tim Clark initially argued that Tutor Time did not need a permit from the CPUC because Tutor Time was licensed through the Department of Social Service and their vehicles were inspected by California Highway Patrol (CHP). I explained Pub. Util. Code 5384(a) and that Tutor Time's business model would require a Z permit since they are transporting passengers for their business. Tutor Time Fleet and Transportation Manager, Gary McCarrick, contacted me on May 24, 2022 and informed me that they were working on the application. Since

carrier was cooperative, I served warning letter [**Attachment 3**] on June 7, 2022. I confirmed on Salesforce Portal that Tutor Time had paid the \$1,000 application fee on June 30, 2022.

On August 15, 2022, I was notified by Transportation Licensing and Analyst Branch (TLAB) that Tutor Time refused to continue with their application. Tim Clark emphasized on the email [**Attachment 4**] that they do charge for transportation to a small group of their private business customers as a courtesy. However, Tim Clark did not agree with TEB and TLAB's decisions and requested information to file an official appeal with the Commission. TLAB Program and Project Supervisor Cody Naylor provided Public Advisor Office's contact information to Tutor Time to file a formal application on August 24, 2022 [**Attachment 5**]. TLAB and I once again notified Tutor Time that they do fall under our regulatory authority, and they must cease operation until they have an active operating authority or have been granted the exception by this Commission. I emailed Tutor Time on August 17, 2022 and gave them until August 30, 2022 to submit their application or else TEB will take enforcement action [**Attachment 6**].

Tutor Time owns 118 tutoring centers in California [**Attachment 7**] and owns at least five (5) vehicles from my DMV research [**Attachment 8**]. It has been 188 days since I served the Cease and Desist Letter to Tutor Time. To date, Tutor Time has not submitted its application nor file formal appeal with the Public Advisor's Office.

- **Failure to produce records in violation of Pub. Util. Code Section 5389, 5381 and G.O. 157-E, part 6.02 [1 count].**

On October 21, 2022, I sent a records review letter to Tutor Time via email to tlark@learningcaregroup.com and gmcarrick@learningcaregroup.com [**Attachment 9**] and gave carrier until October 28, 2022 to provide requested documents. To date, Tutor Time has not provided any records.

DECLARATION

I have read the foregoing and know the contents thereof and I declare that the foregoing is true and correct, except as to those matters stated on information and belief, and as to those matters, I believe to be true.

Mr. Naylor,

During our last call, you had provided that there was an option for Tutor Time to appeal the applicability to the Commissioner. As Mr. McCarrick and I have been running through the application, a number of sections simply do not apply to our organization or our multi school youth activity vehicles. Again, we do charge for transportation. Our transportation is secondary to our business and only offered to a small portion of our private business customers, as a courtesy. We do not utilize a third party vendor and do not transport for the public or any other vendors/third parties. We're currently regulated by the CA DMV and CDSS.

Again, we have an open application and either wish to keep it open or pause that while we explore further options with the Commissioner or explanation on the applicability to our operations. We truly appreciate your willingness to work with us through this process as we continue to evaluate whether this applies. If it does, we would need some assistance in responding to several sections that do not appear to be consistent with our operations, such as terminals, payment, etc.

Thank you,
Tim Clark

Subject: Data Request

Dear Mr. Clark and Mr. McCarrick,

The California Public Utilities Commission's (Commission) Consumer Protection and Enforcement Division (CPED) Transportation Enforcement Branch (TEB) is currently reviewing the Commission's records for intrastate transportation carriers that are regulated by the Commission.

Pub. Util. Code Section 5389 mandates the Commission and its staff to have access at any time to the land, buildings, or equipment of a charter-party carrier of passengers used in connection with the operation of its business and may inspect the accounts, books, papers, and documents of the carrier.

General Order 157-E, Part 6.01 specifically states that every carrier shall institute and maintain in its offices a set of records which reflect information as to the transportation services performed, including waybills, driver records, and safety and maintenance records including copies of all lease and sub-carrier agreements. Such records shall be maintained for a minimum period of three years.

Pursuant to Public Utilities Code Section 5389, the Commission is requesting a review of the Charter-Party intrastate transportation records for Tutor Time Learning Center. Failure to provide access to records is a misdemeanor punishable by a maximum of \$5,000, or by imprisonment in a county jail not exceeding one year, or by both fine and imprisonment, where each violation is a separate and distinct offense (Public Utilities Code Section 2110).

We are requesting that you present your documents listed below in electronic form. Please scan the following documents and email a copy to Shirley Lei at Shirley.lei@cpuc.ca.gov by October 28, 2022.

4. Current service agreement with your Drug Consortium and a list of all drivers enrolled showing dates added and/or deleted,
5. Vehicle accident records including insurance loss runs showing dates of accidents and drivers' names for the last five (5) years,

CPED reserves the right to amend, add to or revise this Data Request in the future if necessary.

Confidential documents will not be released to the public except as required by law following a Public Records Request and redaction of confidential material.
