**ADMINISTRATIVE LAW JUDGE’S RULING
SEEKING COMMENTS ON BUSBAR MAPPING OF
ELECTRICITY RESOURCE PORTFOLIOS FOR 2025-2026
TRANSMISSION PLANNING PROCESS**

An Administrative Law Judge’s Ruling was issued in this proceeding on September 12, 2024, seeking comments from parties on the proposed electricity resource portfolios for the California Independent System Operator’s 2025-2026 Transmission Planning Process. This ruling invites one further round of comments from parties on the preliminary mapping of resources to busbars on the transmission system. No reply comments are sought.

California Public Utilities Commission (Commission) staff are conducting a workshop on November 5, 2024, that was previously noticed in this proceeding. The workshop will explain and discuss the preliminary busbar mapping results.

The busbar mapping information will be available at the following link on the Commission’s website: <https://www.cpuc.ca.gov/industries-and-topics/electrical-energy/electric-power-procurement/long-term-procurement-planning/2024-26-irp-cycle-events-and-materials/assumptions-for-the-2025-2026-tpp>
