Subject: R.24-09-012 (Gas System Planning): Ruling Granting TURN's Motion for Extension of Time for "Interim Actions" Comments, with modifications

Email Ruling (R.24-09-012) Granting TURN's Motion for Extension of Time for "Interim Actions" Comments, with modifications

On November 20, 2024, The Utility Reform Network (TURN) submitted a motion via email to the Administrative Law Judges for R.24-09-012 for a three-week extension in the deadlines for filing opening and reply comments on the questions posed in the November 13, 2024, ruling regarding "Interim Actions." Per the aforementioned ruling, the original due dates for opening and reply comments are respectively January 10, 2025, and January 31, 2025. TURN seeks the requested extension because of competing deadlines in other Commission proceedings, other work in this proceeding, and limited staff availability worsened by the upcoming winter holidays. In its motion, TURN requests extensions for opening and reply comments to January 31, 2025, and February 21, 2025, respectively. Per Rule 11.6, TURN requested support from other parties in the proceeding. The other parties indicated support for the extension.

The parties show good cause for an extension. Given other work in this and other Commission proceedings, including another new ruling filed in this proceeding today, November 22, 2024, we feel a longer extension is appropriate. The opening comment deadline for the November 13, 2024, Ruling regarding "Interim Actions" is extended to March 14, 2025, and the reply comment deadline is extended to March 31, 2025.

IT IS SO RULED

THE DOCKET OFFICE SHALL FORMALLY FILE THIS RULING

Subject: [EXTERNAL] R.24-09-012 (Gas System Planning): Motion for Extension of Time for "Interim Actions" Comments

ALJ Van Dyken and ALJ Purchia:

Pursuant to Rule 11.6 of the Commission's Rules of Practice and Procedure, The Utility Reform Network (TURN) submits this motion for a three week extension in the deadlines for filing opening and reply comments on the questions posed in your November 13, 2024, ruling regarding "Interim Actions". The current due dates are January 10, 2025, and January 31, 2025, respectively. With a three week extension, opening comments would be due on January 31, 2025, and reply comments on February 21, 2025.

TURN seeks this extension of time because of competing deadlines in other Commission proceedings (including but not limited to comments and reply comments on multiple proposed decisions recently issued by the Commission), other work in this proceeding, and limited staff availability, which is worsened by the winter holidays. Having an additional three weeks to prepare comments on "Interim Actions" would enable TURN and other parties to give these issues more extensive consideration in developing recommendations for the Commission.

As required by Rule 11.6, TURN asked the other parties to indicate whether they support, oppose, or take no position on the proposed extension. TURN received responses from 13 parties. The following parties indicated their support for this extension: Cal Advocates, SCGC, CUE, SCE, CforAT, PG&E, Indicated Shippers, CGNP, SoCalGas, and SDG&E. Three parties stated non-opposition, SBUA, Middle River Power, and IEP. No party indicated opposition.

Thank you for considering this extension request.
