Subject: A2205022 et al email ruling granting motion for party status of California Tribal Energy Collective, Inc.

To the service list of Application 22-05-022 et al.,

This email ruling grants the motion for party status of California Tribal Energy Collective, Inc. (CTEC) in accordance with Rule 1.4 of the California Public Utilities Commission's (Commission) Rules of Practice and Procedure.

On April 24, 2025, CTEC filed a motion requesting party status in A.22-05-022 et al. CTEC states it comprises eight federally-recognized Native American Tribes located in northern, central and southern California and within the service areas of Pacific Gas and Electric Company, other investor owned utilities, publicly owned utilities, and community choice aggregators. CTEC asserts it is the only inter-tribal agency in California exclusively devoted to promoting, supporting, and advocating for clean and renewable energy projects in Indian Country, and that it has a material interest in the implementation of the community renewable energy program and all other considerations of Solar for All deployment.

Rule 1.4(b) of the Commission's Rules of Practice and Procedure requires that a person seeking party status by motion shall (i) fully describe the persons or entities on whose behalf the motion is made and the interest of such persons and (ii) state the factual and legal contentions that the person intends to make and show the contentions are pertinent to the issues of the proceeding. The motion filed by CTEC described who they represent, their interest in this proceeding, and several factual contentions. The motion of CTEC is compliant with Rule 1.4(b) and should be granted. The Process Office is instructed to add the following party representative contact information to the service list:

IT IS RULED that CTEC is granted party status in Application (A.) 22-05-022, A.22-05-023, and A.22-05-024.

The Commission's Docket Office shall formally file this email ruling.
