Subject: (R.24-01-018) Email Ruling Providing Clarified FSC Data Sheet Excel File

To the Parties of R.24-01-018:

This ruling provides the excel file referenced in Question 4 of Section 3.1 of the May 22, 2025 Administrative Law Judge's (ALJ) Ruling Directing Utilities to File Additional Information Providing Transparency on Current Static Flexible Service Connection Offerings (Transparency Ruling).

On April 2, 2025, the Assigned ALJs issued an Email Ruling Providing Party Guidance on Submittals and Directing PG&E to Provide Additional Filing (Numerical Submittals Ruling). In relevant part, the Numerical Submittals Ruling requires party submittals that are predominantly made up of numerical data to be submitted in an unlocked native excel format with all functions, macros, and formulas enabled.

Pacific Gas and Electric Company (PG&E) and Southern California Edison Company (SCE) are required by the Transparency Ruling to provide data as specified within an excel file referenced by question 4 of Section 3.1 of that ruling (FSC Data Sheet).

On May 22, 2025, I issued a ruling that linked to the FSC Data Sheet in an unlocked native excel format.

It has come to my attention that this linked file experienced a loss of formatting, notes, and data validation functionality upon upload into the docket system. In the intervening time, staff has identified ways in which the notes and example can be clarified. These clarifications have been made to an updated version of the FSC Data Sheet (Clarified FSC Data Sheet). These clarifications do not alter the underlying requirements of the Transparency Ruling.

The Clarified FSC Data Sheet is attached to this email in order to avoid loss of formatting, notes, and data validation functionality.

Parties shall use the attached file as basis for the FSC Data Sheet referenced by the Transparency Ruling.

This ruling supersedes the May 22, 2025 Assigned ALJ Ruling.

IT IS SO RULED

THE DOCKET OFFICE SHALL FORMALLY FILE THIS DOCUMENT.
