COMPLAINT

(D)

The complaint of (Provide name, address and phone number for each complainant)

Name of Complainant(s)	Address	Daytime Phone Number
Maria Tadeo	4567 Del Mar Drive Guadalupe Ca 93434	805-260-5241

respectfully shows that:

(E)

Defendant(s) (Provide name, address and phone number for each defendant)

Name of Defendant(s)	Address	Daytime Phone Number
PG&E	PO BOX 997300 Sacramento Ca 95899-7300	800-468-4743
Pacific Gas and Electric Company	300 Lakeside Drive Oakland Ca 94612	

**(F)**

Explain fully and clearly the details of your complaint. (Attach additional pages if necessary and any supporting documentation)

see ATTACHED

**(G) Scoping Memo Information (Rule 4.2(a))**

(1) The proposed category for the Complaint is (check one):

☒ adjudicatory (most complaints are adjudicatory unless they challenge the reasonableness of rates)

☐ ratesetting (check this box if your complaint challenges the reasonableness of a rates)

(2) Are hearings needed, (are there facts in dispute)? ☐ YES ☐ NO

(3) ☐ Regular Complaint ☒ Expedited Complaint

(4) The issues to be considered are (Example: The utility should refund the overbilled amount of \$78.00):

PG&E should refund the over billed amount of \$6,000.00 based on historical data of both meters and amount already refunded and credited.

PG&E only went back 3 years from my 8 years of paying the wrong meter.  
I am seeking the remaining 5 years

- (5) The proposed schedule for resolving the complaint within 12 months (if categorized as adjudicatory) or 18 months (if categorized as ratesetting) is as follows:

Prehearing Conference: Approximately 30 to 40 days from the date of filing of the Complaint.

Hearing: Approximately 50 to 70 days from the date of filing of the Complaint.

Prehearing Conference (Example: 6/1/09):	10/18/2025
Hearing (Example: 7/1/09)	11/17/2025

Explain here if you propose a schedule different from the above guidelines.

**(H)**

Wherefore, complainant(s) request(s) an order: State clearly the exact relief desired. (Attach additional pages if necessary)

I want \$6,000.00 returned. Based on data on both meters

**(I)**

**OPTIONAL:** I/we would like to receive the answer and other filings of the defendant(s) and information and notices from the Commission by electronic mail (e-mail). My/our e-mail address(es) is/are:

**(N) NUMBER OF COPIES NEEDED FOR FILING:**

If you are filing your formal complaint on paper, then submit one (1) original, six (6) copies, plus one (1) copy for each named defendant. For example, if your formal complaint has one defendant, then you must submit a total of eight (8) copies (Rule 4.2(b)).

If you are filing your formal complaint electronically (visit <http://www.cpuc.ca.gov/PUC/efiling> for additional details), then you are not required to mail paper copies.

**(O)** Mail paper copies to: California Public Utilities Commission  
Attn: Docket Office

505 Van Ness Avenue, Room 2001  
San Francisco, CA 94102

### PRIVACYNOTICE

This message is to inform you that the Docket Office of the California Public Utilities Commission ("CPUC") intends to file the above-referenced Formal Complaint electronically instead of in paper form as it was submitted.

Please Note: Whether or not your Formal Complaint is filed in paper form or electronically, Formal Complaints filed with the CPUC become a public record and may be posted on the CPUC's website. Therefore, any information you provide in the Formal Complaint, including, but not limited to, your name, address, city, state, zip code, telephone number, E-mail address and the facts of your case may be available on-line for later public viewing.

Having been so advised, the Undersigned hereby consents to the filing of the referenced complaint.

I, Maria Tadeo, would like to provide information on why I am making a complaint. I am the homeowner of 4567 Del Mar Drive Guadalupe CA 93434. I only speak Spanish so my son Eric Tadeo is helping me make this complaint.

In January of 2017 we moved into our new construction home 4567 Del Mar Drive Guadalupe CA 93434. From the very beginning my electricity bill was unusually high coming in at \$300 at times. I bought high efficiency appliances and tried to save energy everywhere I could, but nothing made the bill go down. I would go to Mexico for weeks at a time and the bill would come in as if I had never left.

I called PG&E a few times asking for someone to come and check if there was something wrong. I was told everything was fine and no one came to investigate. I was told I was using the most energy at 2:00 A.M. which was crazy because nobody is awake at that time. This caused me financial stress for years. Imagine you living in the dark and getting a \$300 bill. In California an unexpected 300-dollar bill can bankrupt families.

With the recent push to go solar I felt the high bill was a push to go solar since I was the homeowner and account holder. I changed the account to my son Javier Tadeo's name to see if that would alleviate the bill but it did nothing.

In November of 2024 we discovered the meter was crossed with our neighbors. We immediately informed PG&E about the situation and they admitted to the mistake. We had been paying the wrong meter for almost 8 years but PG&E said they could only go back 3 years. They issued my son Javier Tadeo credit and sent me a check for a refund. Based on the historical data on the meter I am owed an additional \$6,000.

All I want is what I overpaid. I am not asking for anymore. At the time of discovery my meter was barely over 20,000kWh while my neighbor's was pushing 48,000 kWh. They have lived in that home the same amount of time I have. It was new construction at the time and we are both original owners.

Given the current rate of PG&E per kWh of .46312 I should have only paid \$9,262 but since the meters were crossed I paid \$22,229 over an 8 year period. I was already reimbursed some money and my son was given credit to his account but they only went back 3 years and I am seeking the rest. They also wanted me to reach out to Central Coast Community Energy Eclectic Generation, a local power generation company, for their side of the refund. I should not have to because I pay PG&E not 3CE.

I understand that there is much more to calculating an electric bill than just multiplying the cost per kWh and subtracting the different but at this point I am owed the benefit of the Doubt since I was put through financial stress for nearly 8 years .

Maria Tadeo

**Your electric usage was  
billed incorrectly due to a  
crossed-meter issue.  
Please read for more  
information.**

Account No: 3307386505

Re: 4567 Del Mar Dr  
(SA 3309002314)

Dear Javier,

During a review of your account, we discovered that the electric usage at your meter was being billed to another customer, and their usage was being billed to you. We have corrected the issue and apologize for any inconvenience this may have caused.

**What you can expect**

As a result of the meters crossing and the usage being applied incorrectly, your account was over charged. On your upcoming bill you will see the corrected charges, which covers [10/5/23] to [10/22/24]. This correction will decrease your charges by \$1,309.65 for that time period.

**For questions or concerns**

If you have any questions regarding this issue, please contact us at **1-800-743-5000**.

Thank you for being a valued customer and for your patience as we resolve this issue.

Sincerely,  
PG&E Billing Operations

Re: 4567 Del Mar Dr  
(SA 8092905820)

Dear Maria,

During a review of your account, we discovered that the electric usage at your meter was being billed to another customer, and their usage was being billed to you. We have corrected the issue and apologize for any inconvenience this may have caused.

**What you can expect**

As a result of the meters crossing and the usage being applied incorrectly, your account was over charged. On your upcoming bill you will see the corrected charges, which covers [10/25/21] to [10/2/23]. This correction will decrease your charges by \$1,632.60 for that time period.

**For questions or concerns**

If you have any questions regarding this issue, please contact us at **1-800-743-5000**.

Thank you for being a valued customer and for your patience as we resolve this issue.

Sincerely,  
PG&E Billing Operations

My meter at 4567 Del Mar Drive. Date stamped December 2024 but was discovered in November

Meter ID# 1010195947

Since these homes were new construction we can assume they started at 0 kWh if not close to it.

My neighbors meter that I was paying. Date stamped December 2024

Meter ID 1010195929

In theory both meters started at 0 because they were both new construction homes and we are both original owners

## Rules and rates

You may be eligible for a lower rate. To learn more about optional rates or view a complete list of rules and rates, visit [www.pge.com](http://www.pge.com) or call 1-800-743-5000.

If you believe there is an error on your bill, please call 1-800-743-5000 to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/).

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

## Important definitions

**Rotating outage blocks** are subject to change without advance notice due to operational conditions.

**Tier 1/Baseline allowance:** Some residential rates are given a Tier 1/Baseline allowance - a CPUC approved percentage of average customer usage during summer and winter months. Your Tier 1/Baseline allowance provides for basic needs at an affordable price and encourages conservation. Your allowance is assigned based on the climate where you live, the season and your heat source. As you use more energy, you pay more for usage. Any usage over your baseline allowance will be charged at a higher price.

**Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

**Power Charge Indifference Adjustment (PCIA):** The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit [www.pge.com/cca](http://www.pge.com/cca).

**Wildfire Hardening Charge:** PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity. For details visit: [www.pge.com/tariffs/assets/pdf/tariffbook/ELEC\\_PRELIM\\_JF.pdf](http://www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf).

**Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. The Recovery Bond Charge (RBC) rate is currently \$0.00650 per kWh. PG&E has also contributed certain amounts to a trust fund which is used to provide a customer credit equal to \$0.00650 per kWh (Recovery Bond Credit). The right to recover the RBC has been transferred to one or more Special Purpose Entities that issued the bonds and does not belong to PG&E. PG&E is collecting that portion of the RBC on behalf of the Special Purpose Entities.

**Gas Public Purpose Program (PPP) Surcharge.** Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit [www.pge.com/billexplanation](http://www.pge.com/billexplanation) for more definitions. To view most recent bill inserts including legal or mandated notices, visit [www.pge.com/billinserts](http://www.pge.com/billinserts).

**See the table reflecting "Your Electric Charges Breakdown" on the last page**

"PG&E" refers to Pacific Gas and Electric Company, a subsidiary of PG&E Corporation. © 2024 Pacific Gas and Electric Company. All rights reserved.

Please do not mark in box. For system use only.

## Additional Messages

**Monterey Bay Community Power is now Central Coast Community Energy (3CE).**

3CE is a community-owned public agency governed by board members who represent each community served. Sourcing electricity from clean and renewable energy resources, revenue generated by 3CE stays local and helps keep electricity rates competitive for customers, while also funding innovative energy programs designed to lower greenhouse gas emissions and stimulate economic development. 3CE serves customers in communities throughout Monterey, San Benito, San Luis Obispo, Santa Barbara and Santa Cruz counties. Visit [3CEnergy.org](http://3CEnergy.org) or call (888) 909-6227 to learn more.

NOTE: Your 3CE Electric Generation Charge replaces PG&E's charge for electric generation. This change is reflected in the "Generation Credit" line item shown on the "Details of the PG&E Electric Delivery Charges" page of your bill. PG&E continues to provide all electric delivery, billing, and gas services (if applicable) for 3CE service area.

## Facturación mensual histórica de electricidad

## Mensajes importantes

**Línea base de electricidad durante la temporada de invierno:** Este periodo comenzó el 1 de octubre. El total de las cantidades relacionadas con la tarifa básica eléctrica que muestra su facturación fue calculada utilizando las cantidades de consumo de energía durante todos los días de invierno. Cualquier otro día de facturación durante el periodo anterior al 1 de octubre, fue calculado con cantidades referentes a la línea básica de verano.

## Reglas y tarifas

Podría reunir los requisitos para recibir una tarifa más baja. Si desea informarse sobre las tarifas opcionales o ver una lista completa de las reglas y tarifas, visite [www.pge.com](http://www.pge.com) o llame al 1-800-743-5000.

**Si usted cree que hay un error en su factura**, por favor llame al **1-800-743-5000** para hablar con un representante. Si no está satisfecho con nuestra respuesta, comuníquese con la Comisión de Servicios Públicos de California (CPUC, por sus siglas en inglés), Consumer Affairs Branch (División de Asuntos del Consumidor - CAB, por sus siglas en inglés), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 o 7-1-1 (8:30 AM - 4:30 PM, de lunes a viernes) o visite [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/).

Para evitar que el servicio sea suspendido o desconectado mientras espera el resultado de una queja o reclamación ante la CPUC, específicamente, con respecto a la exactitud de su factura, por favor, comuníquese con la CAB para obtener asistencia. Si su caso cumple con los criterios de elegibilidad, la CAB le dará instrucciones sobre cómo enviar un cheque o giro postal para ser confiscado o retenido hasta que se resuelva su caso. Usted debe continuar pagando los cargos actuales mientras su queja esté bajo revisión para mantener activo su servicio.

**Si no le es posible pagar su factura**, llame a PG&E para llegar a un acuerdo. Podría reunir los requisitos para recibir tarifas reducidas de conformidad con el programa CARE u otros programas especiales o agencias, cuya asistencia usted podría tener a su disposición. Usted podría cumplir los requisitos del programa Energy Savings Assistance Program de PG&E, un programa de eficiencia energética para clientes residenciales que cumplen los requisitos de ingresos.

## Definiciones importantes

Los apagones rotativos están sujetos a cambio sin previo aviso debido a condiciones operativas.

**Nivel 1/Límite de consumo (línea de base):** Algunos clientes residenciales reciben la tarifa de consumo Nivel 1/Baseline allowance (Límite base de consumo permitido) – la CPUC aprobó un porcentaje de uso promedio por cliente – durante los meses de verano e invierno. Su Nivel 1/Baseline allowance, proporciona energía para sus necesidades básicas a un precio asequible y fomenta la conservación. Su consumo se asigna en base al clima donde usted vive, la temporada y su fuente de calefacción. En la medida que use más energía, usted paga más. Cualquier consumo por encima del baseline allowance (límite base de consumo permitido) se cobrará a un precio más alto.

**Wildfire Fund Charge:** Cargo en nombre del Departamento de Recursos Hidráulicos (DWR, por sus siglas en inglés) del Estado de California para financiar el Fondo contra Incendios de California. Para ser utilizado antes del 1º de octubre de 2020, este cargo incluye los costos relacionados con la crisis energética de California en 2001, también recolectado en nombre del DWR. Estos cargos los pertenecen al DWR, no a PG&E.

"PG&E" se refiere a Pacific Gas and Electric Company, una subsidiaria de PG&E Corporation. © 2024 Pacific Gas & Electric Company. Todos los derechos reservados.

Por favor, no escriba en el casillero. Sólo para uso del sistema.

**Power Charge Indifference Adjustment (PCIA):** El PCIA es un cargo para asegurar que tanto los clientes de PG&E como aquellos que dejaron el servicio de PG&E para comprar electricidad de otros proveedores paguen los costos de mercado mencionados anteriormente para los recursos de generación eléctrica que fueron adquiridos por PG&E en su nombre. "Por encima del mercado" se refiere a la diferencia entre lo que paga la empresa de servicios públicos por la generación eléctrica y los precios actuales del mercado por la venta de esos recursos. Visite [www.pge.com/cc](http://www.pge.com/cc).

**Wildfire Hardening Charge (Cargo por Refuerzo de Incendios Forestales):** A PG&E se le ha permitido emitir bonos que le permiten recuperar más rápidamente ciertos costos relacionados con la prevención y mitigación de incendios forestales catastróficos, reduciendo al mismo tiempo el costo total para sus clientes. Su factura por el servicio eléctrico incluye un cargo fijo por recuperación, llamado: Cargo por Refuerzo de Incendios Forestales, que ha sido aprobado por la CPUC, (por sus siglas en inglés) para reembolsar esos bonos. El derecho a recaudar el Cargo por Refuerzo de Incendios Forestales ha sido transferido a una entidad separada, llamada (Entidad de Propósito Especial - SPE), que emitió los bonos y no pertenece a PG&E. PG&E recauda el Cargo por Refuerzo de Incendios Forestales en nombre de la Entidad de Propósito Especial. Para más detalles, visite: [www.pge.com/tariffs/assets/pdf/tariffbook/ELEC\\_PRELIM\\_JF.pdf](http://www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf).

**Cargo/Crédito de Bono por Recuperación (Recovery Bond Credit):** Su factura del servicio eléctrico incluye un cargo que ha sido aprobado por la CPUC para reembolsar los bonos emitidos para cubrir ciertos costos relacionados con incendios forestales catastróficos. La tarifa de Cargo de Bono por Recuperación (RBC) es actualmente de \$0.00650 por kWh. PG&E también ha contribuido con algunos aportes económicos en un fondo de fideicomiso que se utiliza para ofrecer un crédito al cliente, igual a \$0.00650 por kWh. El derecho a recolectar el RBC ha sido transferido a una o más Entidades de Propósitos Especiales (Special Purpose Entities), que emitieron los bonos y no pertenecen a PG&E. PG&E está recaudando esa parte del RBC en nombre de las Entidades de Propósitos Especiales.

## Recargo del Programa de uso público de gas (Gas Public Purpose Program [PPP]).

Utilizado para financiar programas impuestos por el Estado para dar asistencia con el gas a clientes de bajos ingresos, para programas de eficiencia energética, y para la investigación y desarrollo en el interés público.

Para ver más definiciones, visite [www.pge.com/billexplanation](http://www.pge.com/billexplanation). Para ver los folletos adjuntos a su factura más reciente, incluyendo notificaciones legales u obligatorias, visite [www.pge.com/billinserts](http://www.pge.com/billinserts).

1232

## Información adicional

Monterey Bay Community Power es ahora Central Coast Community Energy (3CE).

La 3CE es una agencia pública de propiedad comunitaria administrada por miembros de la junta que representan a cada comunidad atendida. Al abastecerse de electricidad a partir de recursos energéticos limpios y renovables, los ingresos generados por la 3CE se mantienen en la localidad y ayudan a mantener las tarifas eléctricas competitivas para los clientes, al tiempo que se financian programas energéticos innovadores diseñados para reducir las emisiones de gases de efecto invernadero y se estimula el desarrollo económico. La 3CE sirve a clientes en las comunidades de los condados de Monterey, San Benito, San Luis Obispo, Santa Bárbara y Santa Cruz. Visite [cccenergy.org](http://cccenergy.org) o llame al (888) 909-6227 para obtener más información.

NOTA: Su Carga de Generación Eléctrica de 3CE reemplaza la carga de generación eléctrica de PG&E. Este cambio se refleja en la línea de "Crédito de Generación" que aparece en la página de 'Detalles de los Cargos por Entrega/Suministro de Electricidad de PG&E' de su factura. PG&E continúa proporcionando todos los servicios de entrega/suministro de electricidad, facturación y gas (si corresponde) en el área de servicio de 3CE.

## Privacidad del Cliente

Conozca la política de privacidad de 3CE en: [www.3cEnergy.org/privacy-policy/](http://www.3cEnergy.org/privacy-policy/)
