October 6, 2025

**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF CALIFORNIA**

In the Matter of the Application of Santa  
Barbara Airbus, Inc. d/b/a Santa Barbara  
Airbus (PSC-1262) for Authority to  
Increase Base Fares and Continue to  
Maintain a Zone of Rate Freedom.

Application No. \_\_\_\_\_

**APPLICATION OF SANTA BARBARA AIRBUS, INC. (PSC-1262)  
FOR AUTHORITY TO INCREASE BASE FARES AND  
CONTINUE TO MAINTAIN A ZONE OF RATE FREEDOM**

**I. INTRODUCTION**

Pursuant to Sections 454 and 454.2 of the California Public Utilities Code, Articles 2 and 3 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure, and the procedures for passenger stage corporations set forth in Decision (“D.”) 15-05-029, Santa Barbara Airbus, Inc. (“Applicant”) files this Application seeking Commission authorization to increase its base fares and continue to maintain a Zone of Rate Freedom (“ZORF”) around the new proposed base fares. As explained below, the proposed increases to base fares are justified as Applicant has not increased its authorized base fares in several years and even with the existing ZORF, its current fares may need to be increased to meet increasing costs of providing service. Accordingly, Applicant respectfully urges that the Commission expeditiously grant the relief requested herein.

**II. APPLICANT INFORMATION**

The exact legal name of the Applicant is Santa Barbara Airbus, Inc. Applicant’s principal place of business is 750 Technology Drive, Goleta, CA 93117. Applicant is a

California Corporation doing business as Santa Barbara Airbus. All notices, correspondence, and communications with respect to this Application should be addressed to:

Samantha Onnen, CEO  
Santa Barbara Airbus, Inc.  
750 Technology Drive  
Goleta, CA 93117

San Francisco, CA 94111  
415-398-3600  
whon@nossaman.com

Attached as **Attachment A** are the Applicant's latest available balance sheet and income statement showing financial information for the year ending December 31, 2024.

### **III. PROPOSED CATEGORIZATION AND SCHEDULE**

The categorization for this proceeding should be ratesetting. Hearings are not required for this proceeding. Assuming that this Application is not protested, Applicant requests that the Executive Director of this Commission or her designee expeditiously grant the relief requested in the Application pursuant to the delegation of authority in D.15-05-029 to adjust rates for passenger stage corporations. Issues to be addressed include (1) whether to authorize the proposed increased base fares for Applicant and (2) whether to authorize Applicant to continue to maintain a ZORF around the increased base fare.

#### **IV. BACKGROUND**

The predecessor<sup>1</sup> for the Applicant was originally authorized by the Commission in D.82-10-067 to operate as a passenger stage corporation between Isla Vista, Goleta, and Santa Barbara, on the one hand, and Los Angeles International Airport, on the other hand. The certificate of public convenience and necessity (“CPCN”) granted to Applicant (PSC-1262) was most recently amended in D.04-04-057, in which the Commission authorized the transfer of the operating authority of the former Great American Stageline, Inc. to Applicant. Accordingly, Applicant is currently authorized to operate as a passenger stage corporation for all of the routes and service areas set forth in the amended CPCN attached to D.04-04-057.

Applicant most recently sought Commission authority to increase its base fares and to continue the ZORF in April 2020 in Application 20-04-016. Based upon that application, the Commission authorized Applicant to implement the new base fares and ZORF so in D.20-06-066. On February 20, 2025, Applicant filed a revised set of tariff sheets making changes to its fares effective March 17, 2025 within the ZORF authorized in D.20-06-066. Attached as **Attachment B** is a copy of Applicant's current tariff sheets effective as of March 17, 2025.

#### **V. REQUEST TO INCREASE BASE FARE**

Applicant seeks Commission authorization pursuant to Public Utilities Code Section 454 to increase its authorized base fares, as shown in in the proposed fares included as **Attachment C**. Since Applicant last sought to change its base fares in April

---

<sup>1</sup> Applicant was originally organized as a partnership entity. Applicant's operating authority was transferred from the original partnership entity to the current Santa Barbara Airbus, Inc. corporate entity in D.86-02-026.

2020, there have been tremendous increases to many aspects of Applicant's operating cost, even beyond the increases previous accounted for in D.20-06-066. These include increased wages to retain skilled commercial drivers, costs to maintain its vehicle fleet (including automobile insurance), and operating expenses. There has also been high inflation during the last five years and major changes in the manner in which people travel and do business due to remote work following the COVID-19 pandemic.

Accordingly, Applicant anticipates that it will need to raise its fares beyond the existing ZORF range authorized (discussed below) in order to offset such costs. Applicant is also seeking to streamline its fares by removing certain discounts for multiple passengers and round-trip fares. Simplifying the fares authorized in the tariff in this manner makes it easier for customers to understand and for Applicant to implement.

Therefore, Applicant respectfully requests that the Commission expressly authorize it to amend its base fares as proposed in **Attachment C** in order to meet today's increased costs of operation and make the changes described above.

## **VI. REQUEST TO MAINTAIN ITS ZORF**

Applicant also requests Commission authorization pursuant to Public Utilities Code Section 454.2 to continue to maintain a ZORF around the proposed new base fares. In D.88-08-041, the Commission first authorized Applicant to establish a ZORF pursuant to Public Utilities Code Section 454.2 of \$2 below and \$4 above its base fares at the time. In D.94-03-061, the Commission authorized Applicant to expand its ZORF to \$23 above and below its then-current authorized fares, except where application of ZORF reduces a fare to \$0 or less such fare will be adjusted to a minimum of \$5. In

D.20-06-066, the Commission again authorized a ZORF of 15% above and below the base fares approved in that decision.

Ordering Paragraph 11 of D.15-05-029 permits the Commission to authorize ZORFs of “not more than 15 percent above and below the carrier’s initial fares” and states that the “Executive Director or his or her designee is authorized to grant such requests.” In order to facilitate an expeditious decision from the Executive Director or her designee, Applicant limits its request here to only seek authorization to maintain a ZORF of 15% above and below the initial base fares proposed above.

In approving the ZORF most recently in D.20-06-066, the Commission found that “Applicant will compete with other PSCs, taxicabs, charter limousines and sedans, public transit, and private automobiles in its operations.”<sup>2</sup> This finding is still true today. Existing competitors who offer the same or substantially similar services for travel for the routes that Santa Barbara Airbus operates include Central Coast Shuttle and Ventura County Airporter. Moreover, the proliferation of ridesharing services today further ensures that there will be sufficient competition. Therefore, Applicant respectfully urges the Commission to authorize it to continue to maintain a ZORF in order to maintain the flexibility needed to remain competitive.

## **VII. CONCLUSION**

In conclusion, Applicant respectfully requests that the Commission authorize it to increase its base fares and continue to maintain a ZORF around the increased base fares, as proposed above.

---

<sup>2</sup> D.20-06-066, p. 3, Finding of Fact 6.

**Additional Terms:**

- Prepaid fares must be purchased at least 48 hours prior to travel date and time.
- Children under 2 years old travel no charge if seat not required.
- The following baggage fees below are charged per trip. Normal size luggage is maximum 50 lbs and 62 linear inches (linear means height + length + width). Baggage over those parameters may incur a \$10 oversize fee. Loss luggage liability is \$350 per bag. Normal wear and tear of luggage and bags is not covered by this policy and Santa Barbara Airbus is not responsible for lost, stolen or damaged carry-on items of any kind. If bringing a large number of items, call for space availability.

Baggage	Way
1 bag/bag & 1 carry-on	free
Second bag	\$5 each way
Third bag	\$20 each way
Four bag	\$25 each way
Golf Clubs	\$40 each way
Surfboards, bikes, trunk, large box	\$20 each way

- You will be charged the difference in fare if your travel does not match the fare booked. Refunds require 48-hour advance cancellation. No refunds on second half of round trip. Non-refundable fares are still valid for one year and are transferable. Confirmation numbers must be retained for future use. In order to request a refund, call our office with your confirmation number.
- Customer complaints may be made to Santa Barbara Airbus at 750 Technology Drive, Goleta, CA 93117 or 1-800-884-7759, or to the California Public Utilities Commission Safety and Enforcement Division: Transportation Enforcement Section at 505 Van Ness Avenue, San Francisco, CA 94102 or 1-800-894-6444.
