Subject: A.25-10-008: Email Ruling Granting BAC Motion for Party Status

Julia Levin, Parties to Application (A.) 25-10-008:

This ruling grants the Bioenergy Association of California's (BAC) motion for party status filed on November 11, 2025 in A.25-10-008.

Rule 1.4 of the Commission's Rules of Practice and Procedure (Rules) require entities requesting party status disclose the persons or entities in whose behalf the request is made, the interest of such persons or entities in the proceeding, and the factual and legal contentions that the entity intends to make.

BAC states it provides the perspective of public and private sector actors converting organic waste to energy, including the project developer chosen by Southern California Gas Company for the pilot that is the subject of this proceeding. BAC members have interest and expertise in developing woody biomass to pipeline biomethane projects.

Good cause shown, BAC is granted party status in A.25-10-008.

SO RULED.

The Docket Office Shall Formally File This Ruling.
