**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear ALJ Clark:

I am writing to you at the suggestion of the docket office in connection with the pleading we proffered yesterday to “accept” the CPCN issued in D.25-10-043. I believe we misunderstood and mis-calendared the deadline based on an understanding that the “effective date” meant the “issuance date.” With apologies for this oversight, I am following up on the docket office’s message below to seek your authorization to late-file this acceptance.

Thank you in advance for your consideration. If you would like us to follow a different procedure to make this request, let us know, but I understand that since the proceeding is “closed” and there were no other parties to the proceeding, a request of this nature may be sufficient based on the docket office’s message.

Best regards,

Patrick
