Subject: RE: R.25-06-019: Email ruling granting, in part, Request for Extension of
Filing Deadlines for Proposed Decision (Rule 11.6)

Dear parties to R.25-06-019 (integrated resource planning rulemaking):

This email ruling grants, in part, the below request of the Coalition of California Utility Employees (CUE) and California Unions for Reliable Energy (CURE) for an extension of the filing deadline for comments on the proposed decision (PD) issued January 14, 2026. CUE and CURE request a one-week extension to the comment deadline, from February 3, 2026 to February 10, 2026, which would then make reply comments due February 17, 2026.

This email ruling grants a shorter extension of the comment deadline, to February 6, 2026, with reply comments due February 11, 2026. As parties are aware, deadlines in this proceeding are always tight, and comments are usually submitted by numerous parties. To ensure that the PD can be ready for a vote on February 26, 2026 after taking into account parties' comments and replies, and to meet the deadlines to begin the California Independent System Operator's Transmission Planning Process for 2026-2027, I will only authorize a partial extension to the comment deadline.

Therefore, IT IS RULED that:

- Interested parties may file comments in response to the proposed decision issued January 14, 2026 in this proceeding by no later than February 6, 2026.
- Interested parties may file reply comments in response to the proposed decision issued January 14, 2026 in this proceeding by no later than February 11, 2026.

The Docket Office shall formally file this email ruling.

Due the size of the service list, this email is being distributed in batches, to avoid rejection by servers.

Best regards,

Julie A. Fitch

Subject: [EXTERNAL] R.25-06-019 CUE and CURE Request for Extension of Filing Deadlines for Proposed Decision (Rule 11.6)

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Your Honors and Service List for R.25-06-019:

Pursuant to Rule 11.6 of the Commission's Rules of Practice and Procedure, the Coalition of California Utility Employees (CUE) and California Unions for Reliable Energy (CURE) request an extension of the comment deadlines for the January 14, 2026 Proposed Decision Requiring 2029-2032 Electric Resource Procurement and Transmitting Portfolios for 2026-2027 Transmission Planning Process. Specifically, we request a one-week extension for opening comments from February 3, 2026 to February 10, 2026 and a complementary extension for reply comments from February 9, 2026 to February 17, 2026 (noting the intervening holiday on February 16).

This request is warranted because additional time is needed to review and analyze supplemental data related to the proposed decision that were posted on the Commission's website on January 21, 2026, a week after the proposed decision was published. These include data related to "Modeling Assumption and Busbar Mapping Report for the 2026-2027 TPP, TBP" and "Supplemental Workbooks for PD Busbar Mapping."

Pursuant to Rule 11.6, CUE and CURE contacted parties to this proceeding on January 22, 2026 to request feedback on the proposed extension. Of the parties that responded, Golden State Clean Energy, IEP, AreM, SBUA, Jan Reid, WPTF, EDF power solutions North America, Defenders of Wildlife, ACP-California, Peninsula Clean Energy and RCEA support the request; GreenGenStorage, CalCCA, Solar Energy Industries Association, Large-scale Solar Association, The Nature Conservancy, CalWEA, California Grid Holdings, Invenergy, CRC and the Public Advocates Office do not oppose the request; SCE opposes the request; and PG&E takes no position on the request.

Due to the size of the service list, this email is being sent in batches.

Thank you,

Rachael Koss
